IX.	2020-2021 Foundation Operating Budget *Action Required*	Larry Locke, Director Finance & Dev. Advancement

X. Memorandum of Understanding between University and Foundation Kathy Bowman, VP of Advancement and CEO XI. Approval of Foundation Board Reappointments Kathy Bowman, VP of *Action Required* Advancement and CEO XII. Closing Remarks and Adjournment Frank Martin, Chair

Florida Polytechnic University Board of Trustees

Board of Trustees Finance & Facilities Committee Meeting

DRAFT MEETING MINUTES

Tuesday, February 25, 2020 4:00 PM—5:00 PM

Florida Polytechnic University, Student Development Center 4700 Research Way, Lakeland, FL 33805

I. Call to Order

Committee Chair Frank Martin called the Finance & Facilities Committee meeting to order at 4:00 p.m.

II. Roll Call

Winnie Hall called the roll: Committee Chair Frank Martin, Vice Chair Henry McCance, Trustee Victoria Astley, Trustee Philip Dur, and Trustee Gary Wendt were present (Quorum).

Committee members not present: Trustee Bob Stork

Board Chair Don Wilson was also present.

Staff present: Mr. Terry Parker, Mr. Mark Mroczkowski, Ms. Gina Delulio, Mrs. Kathy Bowman, Mr. Ben Beachy, Mrs. Treasa McLean, Mr. John Sprenkle, Mrs. Penney Farley, Ms. Iliana Ricelli, Mr. David Brunell, Mrs. Melanie Schmiz, Mrs. DeAnn Doll, Mr. Larry Locke, Mr. David Blanton, Mr. David Calhoun, Mrs. Kris Wharton, and Mrs. Winnie Hall were present.

III. Public Comment

There were no requests received for public comment.

IV. Approval of the Minutes

Vice-Chair Henry McCance made a motion to approve the Finance and Facilities Committee meeting minutes of December 10, 2019. Trustee Gary Wendt seconded the motion; a vote was taken, and the motion passed unanimously.

V. 2018-2020 Finance and Facilities Committee Work Plan Review

Committee Chair Frank Martin asked if there were any suggested changes to the 2018-2020 Finance and

Facilities Committee Work Plan and none were offered.

VI. 2020-2021 Budget Development Process Discussion

Mr. Mark Mroczkowski presented information to the Committee detailing the University's budget development process and timeline.

Committee Chair Frank Martin asked the Committee if they felt the need for a pre-meeting prior to review the budget at the May meeting. The Committee declined to schedule an additional meeting to review the budget process prior to the May meeting.

Discussions and guestions ensued but no vote and no action were taken.

VII. <u>University Financial Review</u>

Mr. Mroczkowski provided the Committee with the University's Half-Year Financial Review for the sixmonth period which ended December 31, 2019.

Discussions and questions ensued but no action was taken.

VIII. Resolution for Signature Authority on Depository Accounts

Due to a change in staff, the University removed Mr. Derek Horton, the former University Controller, and added Mrs. Penelope Farley, the new University Controller, as authorized signatories on bank documents. The President and the CFO signatories remain unchanged.

Vice Chair Henry McCance made a motion to recommend approval to the Board of Trustees of Resolution 2020-001 to update the authorized signatories for checks, payments and transfers of funds respecting the designated depository of deposit of funds for the University pursuant to this Resolution. Trustee Philip Dur seconded the motion; a vote was taken, and the motion passed unanimously.

IX. Foundation Financial Review

Mr. Larry Locke provided the Committee with the University Foundation's Financial Review for the first and second quarters of FY19-20.

Mrs. Kathy Bowman provided the group with the 2019 Annual Fund Update on behalf of University Advancement.

Discussions and questions ensued but no action was taken.

X. Review Results of BOG Internal Control and Business Process Assessment

Mr. Mroczkowski presented the results of the Board of Governors (BOG) "Internal Management and Accounting Control and Business Process Assessment" for both the State University System of Florida collectively and Florida Polytechnic University individually.

Discussions and guestions ensued but no action was taken.

XI. Applied Research Center (ARC) Update

Mr. David Calhoun provided the Committee with an update on the design, schedule, construction, and budget for the Applied Research Center.

Discussion and questions ensued but no action was taken.

XII. Approval of Contracts over \$500,000

The Committee received an update on the Skanska USA Building Inc. (Skanska) Guaranteed Maximum Price Phase II ("GMP 02") for the Applied Research Center construction contract.

Trustee Gary Wendt made a motion to recommend approval to the Board of Trustees of the Guaranteed Maximum Price Phase II ("GMP 02") in the amount of \$17.7M, for the Applied Research Center construction. Trustee Philip Dur seconded the motion; a vote was taken, and the motion passed unanimously.

Discussion and questions ensued but no further action was taken.

XIII. Review of Contracts over \$200,000

Mr. Mroczkowski presented the committee with an update of all existing contracts in excess of \$200,000. No new contracts over \$200,000 were presented.

XIV. Closing Remarks and Adjournment

With no further business to discuss, the meeting adjourned at 5:33 p.m.

Florida Polytechnic University Finance and Facilities Committee Board of Trustees May 20, 2020

Subject: Revised FPU-4.001 Tuition and Related Fees Schedule

Proposed Committee Action

Recommend approval of the revised FPU-4.001 Tuition and Related Fees Schedule to the Board of Trustees.

Background Information

This regulation **FPU-4.001 Tuition and Related Fees Schedule** is being revised primarily to update the information related to the excess hour fee to make it consistent with the revised Board of Governor's regulation 7.003 Fees, Fines and Penalties. The changes provide the excess hour fee to be charged to FTIC students entering in the 2019 summer term or thereafter when they exceed 120 percent of the credit hours required for the degree and indicate when a refund of the excess hour fees paid is warranted.

The notice of amendment for this regulation was posted on the University's website on April 20, 2020. No comments were received during the review and comment period.

Supporting Documentation:

- Draft FPU-4.001 Tuition and Related Fees Schedule
- BOG Regulation 7.003 Fees, Fines and Penalties [(21) in pertinent part]

Prepared by: Mark Mroczkowski, Vice President and CFO

Board of Governors Regulation 7.003 Fees, Fines and Penalties. (in pertinent part):

- (21) Excess Hour Fee –This fee shall be budgeted in the Student and Other Fee Trust Fund.
 - (a) State universities shall require a student to pay an excess hour surcharge for each credit hour in excess of the number of credit hours required to complete the baccalaureate degree program in which the student is enrolled. Each university must calculate an excess hour threshold for each student based on the number of credit hours required for the degree. For any student who changes degree programs, the excess hour threshold must be adjusted only if the number of credit hours required to complete the new degree program exceeds that of the original degree program.
 - (b) All state university undergraduate students who entered a postsecondary undergraduate program at any Florida public institution of higher education as a first-time-in-college student in fall 2009 or thereafter and prior to fall 2011 shall pay an excess hour fee equal to 50 percent of the undergraduate tuition identified in Regulation 7.001(3) for each credit hour in excess of 120 percent of the number of credit hours required to complete the baccalaureate degree program in which the student is enrolled.
 - (c) All state university undergraduate students who entered a postsecondary undergraduate program at any Florida public institution of higher education as a first-time-in-college student in fall 2011 and prior to fall 2012 shall pay an excess hour fee equal to 100 percent of the undergraduate tuition identified in Regulation 7.001(3) for each credit hour in excess of 115 percent of the number of credit hours required to complete the baccalaureate degree program in which the student is enrolled.
 - (d) All state university undergraduate students who entered a postsecondary undergraduate program at any Florida public institution of higher education as a first-time-in-college student in fall 2012 through the 2019 spring term shall pay an excess hour fee equal to 100 percent of the undergraduate tuition identified in Regulation 7.001(3) for each credit hour in excess of 110 percent of the number of credit hours required to complete the baccalaureate degree program in which the student is enrolled. For the 2019 summer term and thereafter, an excess hour surcharge equal to 100 percent of the tuition rate for each credit hour in excess of 120 percent shall be paid. Effective July 1, 2018 each university shall refund the excess hour surcharge assessed for up to 12 credit hours to any first-time-in-college student who completes a baccalaureate degree program within four years after their initial enrollment in a university.
 - (e) Each university shall implement a process for notifying students of this fee upon a student's initial enrollment. A second notice must be provided to the student when the student has attempted the number of credit hours needed to complete the baccalaureate degree program in which the student is enrolled. The second notice must include a recommendation that each student who intends to earn credit hours at the university in excess of the credit hours required for the baccalaureate degree program in which the student is enrolled meet with the student's academic advisor. The excess hours' determination shall be based on the baccalaureate degree program in which the student is enrolled. If a student changes degree programs, the excess hours' threshold shall be adjusted to the new program's required hours. Pursuant to Regulation 7.002(1), the university shall establish regulation procedures for the implementation of this section.
 - (f) All credit hours for courses taken at the university from which the student is seeking a baccalaureate degree shall be included when calculating the number of hours taken by a student, including:
 - 1. Failed courses.
 - 2. Courses dropped or withdrawn from after the university's advertised last day of the drop and add period, except as provided for in subparagraph (21)(f).

- 3. Repeated courses, except repeated courses for which the student has paid the full cost of instruction as provided in Regulation 7.001(11).
- 4. All credit hours earned at another institution and accepted for transfer by the university and applied toward the student's baccalaureate degree program.
- (g) All credit hours earned under the following circumstances shall not be calculated as hours required to earn a baccalaureate degree:
 - 1. College credits earned through an articulated accelerated mechanism.
 - 2. Credit hours earned through internship programs.
 - 3. Credit hours required for certification, recertification, or certificate programs.
 - 4. Credit hours in courses from which a student must withdraw due to reasons of medical or personal hardship.
 - 5. Credit hours taken by active-duty military personnel.
 - 6. Credit hours required to achieve a dual major taken while pursuing a baccalaureate degree.
 - 7. Remedial and English as a Second Language credit hours.
 - 8. Credit hours earned in military science courses that are part of the Reserve Officers' Training Corps program.

THE FLORIDA POLYTECHNIC UNIVERSITY BOARD OF TRUSTEES

FPU- 4.001 Tuition and Related Fees Schedule.

- (1) Tuition is defined as the basic fee charged to a student for enrollment in credit courses provided by the Florida Polytechnic University and the out-of-state fee assessed to non-residents. Tuition and associated fees consists—of the following:
 - (a) Tuition (basic fee);
 - (b) Student Financial Aid Fee;
 - (c) Capital Improvement Trust Fund Fee;
 - (d) Health Fee;
 - (e) Athletic Fee;
 - (f) Activity and Service Fee;
 - (g) Technology Fee.

In addition to the fees set forth above, a student who is not classified as a Florida resident, as defined by the Florida Board of Governors, will be charged the Out-of-State Fee and the Non-Resident Student Financial Aid Fee.

- (2) Registration is defined as consisting of three components:
 - (a) Formal selection of one or more credit courses approved and scheduled by the University; and
 - (b) Payment of tuition and associated fees, partial or otherwise, or other appropriate arrangements for payment of tuition and associated fees (installment payment, deferment, or third- party billing), for the courses in which the student is enrolled as of the end of the drop/add period; and
 - (c) Provision of background information, where appropriate.
- (3) A student is liable for tuition and associated fees for all courses for which the student is registered at the end of the drop/add period. The fee payment deadline shall be as determined by the University.
- (4) The following tuition and associated fees shall be levied and collected on a per credit hour basis, for each student regularly enrolled, unless provided otherwise by law, or Board of Governors or University regulation.

	Undergra	iduate	Graduate		
Fee	Resident	Non-	Resident	Non-	
		Resident		Resident	
Tuition	105.07	105.07	385.00	385.00	
Out-of-State Fee		510.00		608.00	
Financial Aid Fee	5.25	5.25	19.25	19.25	
Non-Resident Financial Aid Fee		25.50		30.40	
Capital Improvement Trust Fund Fee	4.76	4.76	4.76	4.76	
Transportation Access Fee	3.00	3.00	3.00	3.00	
Activity and Service Fee	17.62	17.62	17.62	17.62	
Athletic Fee	14.12	14.12	14.12	14.12	

Health Fee	9.58	9.58	9.58	9.58
Technology Fee	5.25	5.25	19.25	19.25

- (5) **Graduate Assistant**. During any semester in which a graduate nonresident student has been appointed as a Graduate Assistant for at least 0.25 FTE, the Out-of-State fee for the student shall be \$0.00 per credit hour.
- (6) **Graduate Fellowship**. During any semester in which a graduate nonresident is receiving a full fellowship, the Out-of-State fee for the student shall be \$0.00 per credit hour.
- (7) **Third Time Repeat**. Effective the Fall Semester 2009, each student enrolled in the same undergraduate course more than twice shall be assessed an additional sum to cover 100 percent of the full cost of instruction as established by the Board of Governors for each such course in addition to the tuition and associated fees set forth above.

(8) Excess Hour Fee.

- (a) For students who enter a postsecondary undergraduate program for the first time in the 2009-2010 academic year and thereafter, the University shall require the student to pay an excess hour surcharge equal to 50 percent of the tuition rate for each credit hour in excess of 120 percent of the number of credit hours required to complete the baccalaureate degree program in which the student is enrolled.
- (b) For students who enter a postsecondary undergraduate program for the first time in the 2011-2012 academic year and thereafter, the University shall require the student to pay an excess hour surcharge equal to 100 percent of the tuition rate for each credit hour in excess of 115 percent of the number of credit hours required to complete the baccalaureate degree program in which the student is enrolled.
- (c) For students who enter a postsecondary undergraduate program at any Florida public institution of higher education for the first time as a first-time-in-college student in fall 2012 or thereafter through the 2019 spring term shall pay an excess hour fee equal to 100 percent of the undergraduate tuition identified in Florida Board of Governors Regulation 7.001(3) for each credit hour in excess of 110 percent of the number of credit hours required to complete the baccalaureate degree program in which the student is enrolled. For the 2019 summer term and thereafter, an excess hour surcharge equal to 100 percent of the tuition rate for each credit hour in excess of 120 percent shall be paid. Effective July 1, 2018 the university shall refund the excess hour surcharge assessed for up to 12 credit hours to any first-time-in-college student who completes a baccalaureate degree program within four years after their initial enrollment in a university.
- (9) **Registration of Zero Hours**. Registration for zero hours provides for a student's examinations, co-ops, internships, graduations, use of facilities, etc., when deemed appropriate by the University. The student is assessed resident tuition and the associated fees (see (4) above) for one credit hour. The Zero Hour Fee shall be distributed in the same manner as tuition.
- (10) **Audit Registration Fees**. Audit registration assures a course space for the student; however, the student is not awarded a grade for the course. The charge for the Audit Registration Fee is the same as the resident tuition and associated fees (see (4) above), as applicable, that would be charged to a resident student taking the course for a grade.

(11) **Optional Fees**.

Tuition Installment Service Charge \$ 15.00
Late Registration fee \$100.00
Late Payment fee \$100.00
Off-Campus Fee cost
Distance Learning Course Fee cost
Materials and Supplies fee cost

(12) Throughout the Florida Polytechnic University Regulations where the University is charging a fee or charging for a service based on cost, the University President / Designee has the authority to approve the amount of the charge.

Authority: Florida Board of Governors Regulations 1.001, 7.001, and 7.003 and the 2014

General Appropriations Act History- New 7.14.14; revised

Florida Polytechnic University Finance and Facilities Committee Board of Trustees May 20, 2020

Subject: 2021-2022 Capital Improvement Plan, Carry Forward and Change Order Approval

Proposed Committee Action

- 1. Recommend approval of the 2021-2022 Capital Improvement Plan (CIP) to the Board of Trustees.
- 2. Recommend approval to the Board of Trustees to grant Dr. Avent authority to sign a change order up to \$2.4 million to Skanska to continue construction of the Applied Research Center until additional funding is received from the State of Florida.
- 3. Recommend approval to the Board of Trustees to use Carry Forward to fund up to \$2.4 million of construction costs for the Applied Research Center pursuant to the change order described above.

Background Information

The 2021-2022 Capital Improvement Plan ("CIP") requires Board of Trustees approval and submission to the Board of Governors by July 1, 2020. The CIP can be further amended and submitted to the Board of Governors on August 14, 2020.

The 2021-2022 Capital Improvement Plan request captures the funds committed to capital projects and proposed for future development. All capital improvements are defined in the Campus Master Plan and have been further reviewed by the Board of Governors. In accordance with Campus Master Plan, the Applied Research Center is the current priority, is justified by the Educational Plan Survey, and partially funded. 2021-2022 CIP for the Applied Research Center details funds expended to date and those funds required to complete construction.

AGENDA ITEM: VII.

Florida Polytechnic University Finance and Facilities Committee Board of Trustees May 20, 2020

Subject: 2021-2022 Operating Legislative Budget Request

Proposed Committee Action

Recommend approval of the 2021-2022 Operating Legislative Budget Request (LBR).

Background Information

Issue: \$3 Million Increase in Operating Funds

In just its sixth year of enrolling students Florida Polytechnic University has become an important component of the health of Florida's economy. Top technology and engineering companies along with some of the best and brightest students choose the University when seeking employees or seeking a top tier institution from which to obtain their degrees. Though much progress has been made there are five major areas that we must continue to address as we seek even greater success for our state. It is important that we continue focusing on (1) admissions, (2) student progression, (3) student user experience, (4) graduate programs, and (5) faculty development. These areas of focus are reflected in the University's strategic and operational plans, created with input from local and statewide stakeholders.

Florida Polytechnic University has embarked on an ambitious plan to accomplish its mission and has set 3, 5, and 10-year milestones listed in the following table. Accomplishing these milestones is dependent on our success in addressing the five areas of focus previously stated.

Key Future Milestones in Florida Polytechnic University's Growth									
3-year Plan 5-year Plan 10-y									
¹ National Ranking	Top 25	15	10						
Student Enrollment	1700	2000	2800						
Academic Progress Rate	80%	85%	90%						
4-year Graduation Rate	41%	43%	55%						
Doctoral Program	None	None	Begin talks						

Need to develop a campus growth plan that addresses all elements of growth to meet milestones

The requested \$3 million in funding is needed to successfully address these critical areas of focus and meet the milestones in the 3-year, 5-year and 10-year plans. The University will succeed using a combination of personnel, infrastructure, process improvement, equipment, and a focused first year program that leads to higher retention and graduation rates.

The University's focus on quality is exemplified by the rise in the academic profile of incoming students with respect to test scores, high school GPA and commitment to pursuing technology and engineering

¹US News & World Report (USNWR) Engineering Colleges without Doctoral Programs

careers. The quality of Florida Poly's programs is also reflected in the \$60,000 average starting annual salaries earned by our graduates.

The University's industry partners hire our students as employees and interns because those companies recognize that the students are among the best prepared in the nation. Students at Florida Poly receive an outstanding education in the theory of their chosen fields and must demonstrate their ability to apply those theories to real world problems.

In addition, Florida Poly faculty and staff are recognized as thought leaders in the fields of Autonomous Vehicle Research, Advanced Manufacturing, Health Systems Engineering, Data Science and Entrepreneurship. They are engaged in collaborative opportunities with industry partners who are at the cutting edge of technology and engineering.

Florida Poly faculty have been asked to lead an international group of scientists to develop groundbreaking research on key issues in vehicle autonomy and have established a collaboration with the Jacksonville Transportation Authority. They have also won National Science Foundation (NSF) grants in Health Systems Engineering and for the development of a large-scale simulation facility for connected and autonomous vehicles.

A collaboration agreement was also signed with Tallinn University of Technology in Estonia which joined forces with Florida Poly to advance the research and application of autonomous vehicle technology in Florida and Europe.

The University's president, Dr. Randy K. Avent, was invited to testify at a Senate hearing on autonomous vehicles hosted by the Committee on Commerce, Science and Transportation entitled "Driving Automotive Innovation and Federal Policies". Joining him on the Senate panel were three other CEOs from leading international companies in autonomous vehicle research and development.

Our faculty delivered the keynote speech at the 8th Institute of Electrical and Electronics Engineers Annual Ubiquitous Computing, Electronics and Mobile Communication Conference. A Florida Polytechnic University professor was one of two first ever in Florida to be selected for the prominent and competitive Executive Leadership in Academic Technology, Engineering, and Science program.

Florida Polytechnic University's entrepreneurship program was recognized internationally with its selection as a finalist by the Global Consortium of Entrepreneurship Centers along with Harvard University, Penn State University and Florida State University.

These are but a few examples that explain why technology and engineering firms are seeking to relocate to Florida to be geographically near the Florida Polytechnic University campus and why students who are among the best and brightest in their high schools choose Florida Poly.

This is just the beginning. Florida Poly was created to catalyze economic development in the state and therefore we cannot rest on what we have achieved to this point.

The \$3 million being requested is necessary to continue the advance of Florida's 100% STEM university to the top level of excellence for the benefit all Floridians. We have demonstrated that investing in Florida Polytechnic University is a worthwhile investment in Florida's future.

Florida Polytechnic University Board of Trustees Finance and Facilities Committee May 20, 2020

Subject: 2020-2021 University Operating Budget

Proposed Committee Action

Recommend approval of the University Operating Budget for the 2020-2021 fiscal year to the Board of Trustees.

Background Information

The Board of Governors requires that the University's operating budget be approved by the Board of Trustees and provided to the Board of Governors who will be reviewing and approving each budget during its September 9, 2020 Board meeting. The President and the CFO in accordance with their fiduciary responsibility to the University must certify that the budget is true and materially correct to the best of their knowledge. The President and the CFO must further certify that the budget has been reviewed and approved by the Board of Trustees at its meeting held on May 20, 2020, and that funds will only be expended in accordance with the approved budget as well as all applicable statutes, Board of Governors regulations, and University regulations.

Florida Polytechnic University Finance and Facilities Committee Board of Trustees May 20, 2020

Subject: Memorandum of Understanding between the University and the Foundation

Proposed Committee Action

Informational only – no action required.

Background Information

Board of Governors regulation, Board of Trustees regulation, and Florida Statutes provide that the university boards of trustees may certify direct support organizations (DSO) to use university property, facilities and services. The University and its DSO, Florida Polytechnic University Foundation, Inc., have agreed to a high-level understanding of the relationship between the entities that outlines the nature and scope of the services each provides to the other. Furthermore, the document memorializes the relationship in a way that documents the rationale for circumstances when University personnel and resources are used not to benefit the University directly, but the Foundation.

Supporting Documentation: Memorandum of Understanding between the University and the Florida Polytechnic University Foundation, Inc.

Prepared by: David J. Brunell, Assistant General Counsel

Florida Polytechnic University Foundation, Inc. and Florida Polytechnic University Memorandum of Understanding

May 8, 2020

Preamble

This Memorandum of Understanding (MOU) is created between Florida Polytechnic University Foundation, Inc. (Foundation), a 501(c)(3) not-for-profit direct-support organization of Florida Polytechnic University, and the Florida Polytechnic University Board of Trustees (University), a public body corporate.

The Foundation was organized and incorporated in October 2012, exclusively to receive, hold, invest, and administer property and to make expenditures to or for the benefit the University by encouraging alumni and friends to provide private funds and other resources for the University's benefit, to manage those assets, to provide volunteer leadership in support of the University's objectives and to perform all business matters to accomplish these purposes, and to exercise rights in intellectual property for the benefit of the University.

The Foundation is dedicated to assisting the University's academic mission and other priorities of the University through financial support. The University is dedicated to supporting the Foundation in its day-to-day operations through services used by the University in support of the Foundation.

Terms

I. University Services

A. The University agrees that it will permit reasonable use of University equipment and personnel as needed to coordinate the activities of Foundation with its educational operations. Further, University officers and employees may reasonably assist from time to time in development programs as may be needed or helpful in coordinating those Foundation activities with the operations of the University. More specifically, University will provide the following services to the Foundation:

1. Academic Affairs

- i. Access to appropriate personnel to schedule meetings with donors and potential donors as needed
- ii. Operational and administrative support at Foundation-sponsored events

2. Division of the President

- i. University Audit and Compliance
 - Internal audit services and support for required and requested audits

ii. University Relations

- a. Social media services, support, and advice
- b. Press release services, support and advice
- c. Content creation for social, print and other media

3. Finance and Administration

- i. Finance and Accounting services
 - a. Accounts payable processing for all disbursements drawn on University's bank (currently Wells Fargo) until the Foundation migrates to another financial institution
 - b. General accounting as needed

ii. Technology support

- a. Where Foundation aligns hardware or software with University systems, service will be "full service" comparable to any University department; otherwise, services will be rendered as may be accommodated.
- b. Provide reporting assistance with non-Foundation systems when data is required by the Foundation to report on donor contributions, endowed funds, gifts, and investments unless and until the Foundation migrates from the University-supported software

iii. Procurement support

- a. Provide comparable services for Foundation-procured goods and services including cost savings and initial contract review and feedback
- b. If supplier will not agree to Procurement-led terms, Procurement will issue a recommendation which Foundation will consider and may elect to proceed. In *this* circumstance, Procurement will note in requisition "Procurement is processing for purposes of payment only" if requisition is processed through University's ERP system, currently Workday.

iv. Enterprise Systems

- a. Provide assistance in the use or operation of University's enterprise resource system (currently Workday), with its Donor-Customer Relationship Management System (e.g. Salesforce and/or Blackbaud), and its Donation-Giving System (e.g. Q-Giv) until the Foundation migrates to software not supported by the University
- Provide reporting assistance (reports, dashboards) used by the Foundation to view/extract data to track donor contributions, endowed funds, gifts, and investments until the Foundation migrates to software not supported by the University

4. General Counsel

- i. Legal support regarding contract review, gift development, governance, and otherwise as needed
- B. The University will provide services upon request of the Foundation or may volunteer to do so; generally, services provided to Foundation will be on par with services rendered to other University departments. However, the University or its personnel may opt not to provide services where a conflict may be created between the Foundation and the University or in their duties to the University whether fiduciary or otherwise (e.g. Chief Audit Executive, General Counsel). The University will not charge Foundation for services under this MOU except as it would internally charge its departments for the same or similar services or unless as otherwise agreed by the parties in writing.

II. The Foundation Services

- A. The Foundation agrees that it will provide the University:
 - 1. Partial funding for salary and benefits to (some) University employees, fundraising, and lobbying services
 - 2. Information to Institutional Research and Effectiveness about alumni from Foundation's surveys
 - 3. Fundraising initiatives to support scholarships and student support, facilities, research, programs and unrestricted funding to support University initiatives including entertainment expenses and travel not covered by the University
- B. For any obligations under this MOU in which Foundation agrees to provide fundraising support, such obligation will be construed only to make best efforts to raise funds and is not a commitment to any particular amount. Foundation, in consultation with the University President or the President's designee, will determine fundraising priorities to the extent Foundation cannot meet requests of individual University departments.

III. Licenses

- A. Each party allows the other party a non-exclusive, royalty-free, fully paid-up license to use the other party's name, logotypes, or trademarks for non-commercial purposes. Foundation's use of anything governed by this clause for purposes of soliciting gifts will be deemed non-commercial so long as the Foundation remains a direct-support organization of the University.
- B. If the Foundation is ever decertified as a direct-support organization of the University, the license granted in this MOU will terminate.
- C. The University allows the Foundation the use of its space as governed by university regulation without the requirement of a facility use agreement; Foundation may be required to fill out any documents similar to a department or other affiliated entity.

IV. Miscellaneous

- A. This MOU and any amendments to it are governed by Florida law and any University or Board of Governors regulations.
- B. This MOU supersedes any prior written or oral agreements and is effective immediately upon execution by the parties. The MOU will remain in effect from year-to-year unless modified in writing by mutual agreement of parties.
- C. In the event of conflict between the parties, representatives of the parties will meet to discuss the conflict prior to any termination of this MOU. The MOU will automatically terminate if at any time the Foundation is decertified as a directsupport organization of the University.
- D. The Foundation recognizes that this MOU is a public record.

Florida Polytechnic University Finance and Facilities Committee Board of Trustees May 20, 2020

Subject: Approval of Re-election of Foundation Board Directors

Proposed Committee Action

In accordance with Florida Polytechnic University Foundation Bylaws, request approval from the Board of Trustees of the following nominees to a two-year term to the Florida Polytechnic University Foundation, Inc. Board of Directors:

- Loretta Sanders
- Vic Story

Background Information

The re-election of these nominees whose terms expired in March 2020 was unanimously approved by the Foundation Nomination Committee and Foundation Board of Directors during meetings held on May 1, 2020. This matter now comes before the Board of Trustees for confirmation.

Supporting Documentation:

- Loretta Sanders, Biography
- Vic Story, Biography

Prepared by: Kathy Bowman, VP of Advancement and CEO, Florida Polytechnic University Foundation

Loretta Sanders Bio

Loretta Sanders is a community volunteer and philanthropist serving various boards supporting education and human service organizations in Winter Haven and Polk County, Florida. All Saints' Academy, the Polk County Medical Association Alliance, We Care of Polk County, and United Way are all beneficiaries of her time, talent, and treasure.

Loretta earned her bachelors degree in nursing and served in the operating room, emergency room, and surgical oncology research

unit. Her interest in law and medicine led her back to the University of Detroit where she earned her JD from the University of Detroit Mercy School of Law. Loretta leveraged her background in healthcare and law at the Detroit Medical Center working on legal affairs and risk management. She even found time to serve as an adjunct professor in the medical legal ethics course at the Detroit College of Busines.

Loretta is a passionate supportor of Florida Poly students in addition to her leadership and collaboration with the Women in STEM initiatives. She served as an inaugural member of the Florida Polytechnic University Foundation Board of Directors since 2013 serving as Foundation Chair for many years. Loretta is a faithful supporter of the University.

Victor B. Story Bio

The Story Companies are comprised of various Florida land management entities. Since 1945, the family owned and operated corporations include land holdings including management, marketing and harvesting over 7,000 acres of quality Florida citrus, peaches and blueberris in Central and South Florida.

For over 70 years, the Storys have been providing Florida growers superior service with outstanding returns.

Vic currently serves as President and Chairman of the Board of the Story Companies. He oversees each of the Story holdings along with family members. He previously served as past President of Florida Citrus Mutual, President of Polk County Farm Bureau, and Vice Chairman of the Florida Citrus Commission.

Vic is the recipient of multiple awards including the 2012 Florida Grower Citrus Achievement Award, the 2015 Sunbelt Ag Expo Florida Farmer of the Year, and was inducted into the Florida Citrus Hall of Fame in 2016.

Vic has dependably served as an inaugural member of the Florida Polytechnic University Foundation Board of Directors since 2013 and is a faithful supporter of the University.
