DRAFT MEETING MINUTES

Wednesday, September 9, 2020
10:00 AM – 10:15 AM

Florida Polytechnic University
WEBEX TELE-CONFERENCE MEETING

I. Call to Order

Committee Vice Chair Mark Bostick called the meeting to order at 10:50 a.m.

II. Roll Call

Kim Abels called the roll: Committee Chair Bob Stork, Committee Vice Chair Mark Bostick, Trustee Don Wilson, and Trustee Ala’ J. Alnaser were present (Quorum).

Other Trustees present: Board Chair Cliff Otto, Trustee Frank Martin, Trustee Gary Wendt, Trustee Earl Sasser, and Trustee Connor Coddington

Staff present: Mr. David Blanton, Mrs. Kim Abels, Ms. Gina Deiulio, Ms. Michele Rush, Mr. Rick Maxey, Mrs. Kris Wharton, President Randy Avent, Provost Terry Parker, and Mrs. Kathy Bowman

III. Public Comment

There were no requests received for public comment.

IV. Approval of the May 20, 2020 Minutes

Trustee Don Wilson made a motion to approve the Audit & Compliance Committee meeting minutes of May 20, 2020. Trustee Ala’ J. Alnaser seconded the motion; a vote was taken, and the motion passed unanimously.

V. Audit & Compliance Committee Work Plan

Mr. David Blanton, Chief Compliance Officer and Chief Audit Executive, presented the 2020-22 Audit and Compliance Committee Work Plan.

VI. Committee Charter Review and Approval

Mr. Blanton presented the Audit & Compliance Committee Charter for review and approval.

Trustee Alnaser made a motion to recommend approval of the Audit & Compliance Committee Charter to the Board of Trustees. Trustee Don Wilson seconded the motion; a vote was taken, and the motion passed unanimously.

VII. Audit & Compliance Update

Mr. Blanton provided the Committee with an update of audit and compliance activities. The
updates included the following:

a. External Audits: Currently, Florida Poly is undergoing the following audits:
   - Bright Futures – conducted by the Auditor General
   - Statewide Federal Awards Audit – conducted by the Auditor General
   - Financial Audit – conducted by the Auditor General and to begin in the fall

b. Internal Audit and Compliance Activities: Currently the University has the following projects in progress or planned:
   - CARES Act Federal Award Monitoring Review
   - Textbook Affordability Monitoring Review (Fall 2020 term)
   - Performance Based Funding Audit – to begin in fall 2020

VIII. Auditor General Operational Audit

Mr. Blanton presented the operational audit for calendar year ending December 31, 2019 conducted by the Florida Auditor General. The report included two findings (textbook affordability and background screenings) which was an improvement from the last operational audit that included nine findings.

Trustee Don Wilson made a motion to recommend approval of the Auditor General Operational Audit for calendar year ending December 31, 2019 to the Board of Trustees. Trustee Bob Stork seconded the motion; a vote was taken, and the motion passed unanimously.

IX. UAC Annual Report – FYE 6/30/2020

Mr. Blanton presented the Annual Report summarizing both University audit and compliance activities for the 2019-20 fiscal year. The Board of Governors Regulation 4.002 requires that an annual report be prepared summarizing the Activities of University Audit for the preceding year. Similarly, BOG Regulation 4.003 provides that the chief compliance officer shall report at least annually on the effectiveness of the compliance and ethics program.

Mr. Blanton reviewed key activities of his office including internal audit activity, actual progress in addressing identified areas of risk for 2019-2020, utilization of his time in both audit and compliance activities, and progress made in the 2019-2020 Compliance & Ethics Program Plan. Finally, Mr. Blanton covered general outcomes of allegations and investigations his office reviewed for the prior year.

Trustee Don Wilson made a motion to recommend approval of the UAC Annual Report for Fiscal year ending June 30, 2020 to the Board of Trustees. Trustee Bob Stork seconded the motion; a vote was taken, and the motion passed unanimously.

X. UAC Audit Plan and Risk Assessment – FYE 6/30/21

Mr. Blanton presented the annual risk assessment and activity plan outlining the proposed work to be performed by University Audit for the 2020-21 fiscal year. The goal of the Plan is to effectively use audit resources in order to provide audit coverage to areas with the greatest known risks and to dedicate sufficient time in administering the Compliance and Ethics Program.

This year, three areas were determined to present the highest risk to the University: Performance Based Funding (PBF) reporting controls, institutional scholarship awards, and follow-up on previously reported matters to determine the current status of all corrective
actions taken to date. Mr. Blanton reviewed the steps that will be taken to address these issues, as well as any additional risk assessments should resources become available within the fiscal year.

Mr. Blanton also reviewed the 2020-2021 audit plan which outlines his use of time in conducting the functions and duties of his role as Chief Audit Executive (CAE).

**Trustee Alnaser made a motion to recommend approval of the UAC Audit Plan and Risk Assessment for fiscal year ending June 30, 2021 to the Board of Trustees. Trustee Bob Stork seconded the motion; a vote was taken, and the motion passed unanimously.**

**XI. UAC Compliance and Ethics Program Plan – FYE 6/30/21**

Mr. Blanton presented the annual plan outlining the proposed work to be performed by University Compliance for the 2020-21 fiscal year. The Committee should consider whether the Proposed Plan (a) promotes an organizational culture that encourages ethical conduct and a commitment to compliance and (b) allocates University Compliance resources in an efficient and effective manner.

Mr. Blanton reviewed the seven compliance and ethics areas he will focus on this year: CARES Act interim compliance monitoring, textbook affordability compliance monitoring, statement of financial disclosures and potential conflicts of interest compliance monitoring, foreign influence/foreign gifts and contracts compliance monitoring, compliance and ethics training development of program assessment criteria, and general compliance activities.

**Trustee Don Wilson made a motion to recommend approval of the UAC Compliance and Ethics Program Plan for fiscal year ending June 30, 2021 to the Board of Trustees. Trustee Alnaser seconded the motion; a vote was taken, and the motion passed unanimously.**

**XII. Closing Remarks and Adjournment**

With no further business to discuss, the meeting adjourned at 11:21 a.m.
Audit and Compliance Committee Work Plan
2020-2022

SEPTEMBER

• Audit & Compliance Update
• Committee Charter Review and Approval
• Auditor General Operational Audit
• University Audit & Compliance (UAC) Update
• UAC Annual Report ~ prior FY
• University Audit Risk Assessment & Audit Plan ~ current FY
• University Compliance & Ethics Program Plan ~ current FY

NOVEMBER

• University Audit & Compliance (UAC) Update
• CARES Act Monitoring Report
• Textbook Affordability Monitoring Report (Fall semester)
• Bright Futures Audit (2018 & 2019 FY)
• Performance Based Funding Audit Scope

FEBRUARY

• University Audit & Compliance (UAC) Update
• Performance Based Funding Audit and Data Integrity Certification
• University Financial Audit ~ prior FY
• Foundation Financial Audit ~ prior FY

MAY

• University Compliance & Ethics Program Plan ~ following FY
Audit & Compliance Agenda

- Audit & Compliance Update
- Bright Futures Audit
- CARES Act Monitoring Review
- Textbook Adoptions Monitoring Review – Fall 2020
- PBF Data Integrity Audit Scope
Update - External Audits

- **Auditor General: Bright Futures Audit (2 year)**
  - Fieldwork completed, report released 10/20/20

- **Auditor General: Statewide Federal Audit**
  - Title IV Federal Programs (Pell/SEOG/FWS/Federal Loans/ etc.)
  - Fieldwork in progress – report to be issued by 3/31/21

- **U.S. Department of Education (USED)**
  - Program review over Title IV Programs
  - Fieldwork complete – report by mid-January

- **Auditor General: Financial Audit ~ FYE 6/30/20**
  - Fieldwork to start in Nov/Dec 2020
Update - Internal Audit/Compliance

• Completed CARES Act Monitoring Review

• Completed Textbook Adoptions Review (F20)

• Completed desk review of University financial statements

• Completed other consultative work projects

• Hotline monitoring (monthly AACC reporting)

• In-progress/Upcoming projects:
  - Performance Based Funding Audit (due to BOT by Feb/BOG by 3/1/21)
  - Textbook Adoptions Monitoring Review (Spring 2021)
  - Follow-up reviews on prior audits
Audit & Compliance Agenda

- Audit & Compliance Update
- Bright Futures Audit
- CARES Act Monitoring Review
- Textbook Adoptions Monitoring Review – Fall 2020
- PBF Data Integrity Audit Scope
• **Scope:** Review of university administration of Florida BF program

• **Audit period:** 2018 and 2019 FYs

• **Frequency:** Conducted every 2 years

• **Current audit = 1 finding**

• **No repeat findings (uncorrected)**
Auditor General
Bright Futures Audit

- **Audit Finding:** The university did not comply with State law and Florida Department of Education (FDOE) policies by timely refunding to the FDOE Program funds, totaling $1,699, for courses dropped by students and courses from which students withdrew.
- 117 days late for S18 semester
- Cited for only 1 of 6 semesters examined
- **Cause:** Improper calculation of return by former staff member
- **University Response:** The University agrees with the finding and has adjusted procedures to provide for more than a single person reconciling/reviewing the amount due the State
ACTION: Recommend approval of the audit of the Bright Futures Program to the Board.
Audit & Compliance Agenda

Florida Poly awarded $1.253 M in Coronavirus Aid, Relief, and Economic Security Act funds

Funding split into 2 different purposes:
- Direct student aid ($626,652)
- Institutional funding ($626,651)

Award requires monitoring

BOG will report out in January on SUS monitoring efforts

Funds were awarded and guidance over proper use was later issued

One year to expend CARES Act funds
CARES Act Monitoring Results: Student Portion

- 15 different compliance criteria applied

- Finding: University established and implemented controls to ensure compliance except as noted below:
  - Cash Management: Funds drawn in excess of immediate needs and interest earnings on such advanced Federal funds not properly remitted to date

- Other Observation: About half of the funds awarded to students as of 9/30/20
10 different compliance criteria applied

University established and implemented controls to ensure compliance (No non-compliance noted)

All institutional funds expended by 9/30/20
ACTION: Recommend approval of the CARES Act Compliance Monitoring Review (UAC Report No. 2021-04) to the Board of Trustees.
Audit & Compliance Agenda

- Audit & Compliance Update
- Bright Futures Audit
- CARES Act Monitoring Review
- **Textbook Adoptions Monitoring Review – Fall 2020**
- PBF Data Integrity Audit Scope
Textbook Adoption Compliance Monitoring Review

- **Textbook Adoptions (Affordability Law)**
  
  **Background:**
  - Required & recommended instructional materials must be posted 45 days prior to start of classes
  - Required by Florida Statute and BOG Regulation
  - Any change past 45 day point considered an exception (i.e. changing adoption)
  - Repeat finding (3rd time) in our operational audits
  - University has contracted with a new bookstore vendor
  - Vendor responsible for posting adoptions to website
  - Continued compliance monitoring reports planned for 2020-21 FY as part of Compliance Program Plan and to facilitate AACC oversight
# Textbook Adoptions (F20) Compliance Based on Adoption Date

\(^6\) Date that the vendor posted the adoption to the website, as reflected in the vendor’s course file.
Textbook Adoptions (F20) 
Summary

- University is adopting timely (98.3%)
- Vendor’s records unable to substantiate compliance with State law and reflects a 60.9% adoption rate
- University staff working with vendor to resolve problems with vendor course file
- University may want to consider alternate method to demonstrate compliance with law
ACTION: Recommend approval of the Textbook Adoptions Compliance Monitoring Review (UAC Report No. 2021-05) to the Board of Trustees.
Audit & Compliance Agenda

- Audit & Compliance Update
- Bright Futures Audit
- CARES Act Monitoring Review
- Textbook Adoptions Monitoring Review – Fall 2020
- PBF Data Integrity Audit Scope
PBF Data Integrity Audit

- Performance Based Funding (PBF) Background:
  - Both an audit and a PBF Data Integrity Certification Due to the BOG by 3/1/21
  - This is the first year of PBF participation by Florida Poly
  - Performance measured against 10 various metrics
  - Underlying data driving the metrics subject to audit
PBF Data Integrity Audit
Proposed Scope

• Evaluate validity of representations in BOG certification
• Evaluate internal controls over data integrity
• Evaluate access controls over applicable systems
• Perform detailed tests of data for accuracy and completeness
  – Admissions file
  – Degrees awarded file
  – Hours to degree file
  – Retention file
  – Student financial aid file
  – Student instruction file
• Review data submissions for consistency with BOG guidance
• Review of resubmissions and reclassifications
PBF Data Integrity Audit Scope Approval

- To determine whether the University has established appropriate controls to ensure the completeness, accuracy, and timeliness of data submissions to the Board of Governors (BOG) which support the Performance Based Funding (PBF) Metrics of the University as of September 30, 2020.
- To provide assurance that the various data files which support the PBF metrics, as of September 30, 2020, have been subjected to audit and tested for accuracy and completeness.
- To provide reasonable assurance to the President and the Chair of the Board of Trustees that the representations included in the Performance Based Funding – Data Integrity Certification form are fairly presented.

**ACTION:** Recommend approval of the proposed scope of the PBF Data Integrity Audit to the Board.
AGENDA ITEM: VII.

Florida Polytechnic University
Audit and Compliance Committee
Board of Trustees
November 10, 2020

Subject: Bright Futures Audit

Proposed Committee Action
Recommend approval to the Board of Trustees of the Operational Audit performed by the Florida Auditor General for the Administration of the Florida Bright Futures Scholarship Program by Florida’s Public Universities and Colleges for the two-year period ending June 30, 2019.

Background Information
The Florida Legislature established the Florida Bright Futures Scholarship Program (Program) to provide lottery-funded scholarships to any Florida high school graduate who merits recognition of high academic achievement and enrolls in a degree, certificate, or applied technology program at an eligible Florida public or private postsecondary educational institution within 3 years of high school graduation.

The Florida Department of Education (FDOE) is responsible for administering the Program disbursement and reconciliation process. Each term, the FDOE provides to the institutions a list of eligible students and advances scholarship moneys for disbursement to the students enrolled at the respective institutions. The institutions are to verify that the students have enrolled in the required number of hours to receive the scholarship, calculate the amount of the disbursement based on the type of scholarship for which the student was eligible, and disburse the money to the student. Any moneys not disbursed to eligible students must be returned to the FDOE within 60 days after the end of the regular registration period. Unless the FDOE grants a student an exception, institutions must return Program funds to the FDOE within 30 days after the end of a semester for courses dropped by a student or from which a student has withdrawn after the end of the drop and add period. The institutions are also required to report disbursements, enrolled hours, earned hours, and grade point averages to the FDOE.

Florida Poly students were awarded $2.1 M and $2.7 M for the 2017-18 and 2018-19 fiscal years, respectively. The results of the Statewide audit for the two-year period were combined into a single report for all Florida public colleges and universities and is included in the backup information for this action item.

ADMINISTRATION OF THE
FLORIDA BRIGHT FUTURES SCHOLARSHIP PROGRAM
BY FLORIDA’S PUBLIC UNIVERSITIES AND COLLEGES

SUMMARY

This operational audit focused on the administration of the Florida Bright Futures Scholarship Program (Program) by Florida’s 40 public universities and colleges (institutions) for the fiscal years ended June 30, 2018, and June 30, 2019, and included a follow-up on findings noted in our report No. 2018-212. Our operational audit disclosed the following:

Finding 1: Nine of the 40 institutions did not comply with State law and Florida Department of Education (FDOE) policies by timely refunding to the FDOE Program funds, ranging from $539 to $7,860, for courses dropped by students and courses from which students withdrew. The untimely refunds were made an average of 77 days after the required time frames.

Finding 2: Contrary to State law, 3 of the 40 institutions untimely remitted undisbursed Program advances totaling $51,349 to the FDOE, including $40,501 remitted by 1 institution 180 days after the regular registration 60-day time frame.

BACKGROUND

The Legislature established the Florida Bright Futures Scholarship Program (Program)\textsuperscript{1} to provide lottery-funded scholarships to any Florida high school graduate who merits recognition of high academic achievement and enrolls in a degree, certificate, or applied technology program at an eligible Florida public or private postsecondary educational institution within 3 years of high school graduation. The Program consists of three award types: the Florida Academic Scholarship (FAS), the Florida Medallion Scholarship (FMS), and the Florida Gold Seal Vocational Scholarship (Gold Seal).

For the 2017-18 fiscal year, Florida’s 12 public universities and 28 public colleges disbursed Program awards totaling $345,138,320 for 86,971 students, with the amounts disbursed by the universities and colleges totaling $330,299,431 and $14,838,889, respectively. For the 2018-19 fiscal year, Florida’s 12 public universities and 28 public colleges disbursed Program awards totaling $491,985,399 for 93,963 students, with the amounts disbursed by the universities and colleges totaling $470,323,349 and $21,662,050, respectively.\textsuperscript{2} The $147 million increase in the amount of Program awards disbursed from the 2017-18 fiscal year to the 2018-19 fiscal year is attributed, in part, to:

- An increase in students who met Program eligibility requirements.
- Increased amounts paid for FMS awards from a flat rate per credit hour to 75 percent of authorized tuition and fees.
- The Legislature authorizing FAS and FMS awards for the Summer 2019 term.

\textsuperscript{1} Section 1009.53, Florida Statutes.
\textsuperscript{2} We compiled the total Program award disbursements and number of student award recipients from the institutions’ records.
Scholarship award amounts are set in the General Appropriations Act each year. For the 2017-18 fiscal year, FAS awards covered 100 percent of tuition and fees, and FMS and Gold Seal awards were based on a fixed cost per credit hour depending upon the institution type in which the student was enrolled. For the 2018-19 fiscal year, FAS and FMS awards covered 100 percent and 75 percent of authorized tuition and fees, respectively, and Gold Seal awards were based on a fixed cost per credit hour based on the recipient educational program. In addition, for the Fall and Spring Semesters, FAS award recipients received a $300 stipend for books each semester, and those qualifying as Top Academic Scholars received an additional $44 per credit hour for the 2017-18 and 2018-19 fiscal years.

The Florida Department of Education (FDOE) determines the eligibility of students based on general criteria for Program awards and specific criteria for each scholarship type. After students qualify for an award, they must continue to meet eligibility criteria for renewal awards. Renewal awards eligibility criteria include achieving and maintaining specified grade point averages and completing at least 24 semester credit hours in the last academic year in which the student earned a scholarship if enrolled full time, or a prorated number of credit hours as determined by the FDOE if the student was enrolled less than full time for any part of the academic year.

The FDOE is responsible for administering the Program disbursement and reconciliation process. Each term, the FDOE provides to the institutions a list of eligible students and advances scholarship award moneys for eligible students enrolled at the respective institution. The institutions are to verify that the students have enrolled in the required number of hours to receive the scholarship, calculate the amount of the disbursement based on the type of scholarship for which the student was eligible, and disburse the money for the student. Any moneys not disbursed for eligible students for the Fall and Spring Semesters must be returned to the FDOE within 60 days after the end of the regular registration period. Unless the FDOE grants a student an exception, institutions must return Program funds to the FDOE within 30 days after the end of a semester for courses dropped by a student or from which a student withdrew after the end of the drop and add period. For certain award overpayments, such as overpayments because after a semester ended scholarship recipients withdrew from courses due to extenuating circumstances, the refund must be made within 60 days of the date the overpayment was discovered, unless an exception is granted by the FDOE. The institutions are also required to report disbursements, enrolled hours, earned hours, and grade point averages to the FDOE. **EXHIBIT A** to this report provides a summary of the Program award advances and disbursements reported by each institution for the 2017-18 and 2018-19 fiscal years.

**FINDINGS AND RECOMMENDATIONS**

**Finding 1: Institution Refunds**

State law requires the Florida Department of Education (FDOE) to transmit, before the registration period each semester, payment for each award to the institutions, except that the FDOE may withhold payment if the receiving institution fails to report or to make refunds to the FDOE as required. Within 30 days after the end of a semester an institution is to make a refund to the FDOE of any Program funds received for

---

3 Section 1009.53(5), Florida Statutes.
courses dropped by a student or courses from which a student has withdrawn after the end of the drop and add period, unless the FDOE has granted the student an exception. In addition, pursuant to the FDOE Policy Manual, refunds for certain award overpayments should be made within 60 days of the date the overpayment was discovered, unless an exception is granted by FDOE. The 12 public universities and 28 public colleges (institutions) refunded to the FDOE Program funds totaling approximately $10.8 million for students who dropped or withdrew from courses during the 2017-18 and 2018-19 fiscal years.

As part of our audit, we evaluated the timeliness of institution refunds to the FDOE for the Fall 2017 through Summer 2019 Semesters and found that most of the 40 institutions timely refunded amounts to the FDOE as required; however, 9 institutions did not refund Program funds, ranging from $539 to $7,860, until an average of 77 days after the required time frames. Table 1 identifies the 9 institutions and, for the semesters for which the Program funds were received, the total amount untimely refunded and the number of days the refunds were late.

In response to our inquiries, personnel at the 9 institutions indicated that the delayed refunds occurred because of system programming errors at 5 institutions and other procedural difficulties caused by staff changes at the other 4 institutions. Absent timely refunds to the FDOE, institution records do not demonstrate compliance with State law and FDOE policies, and the FDOE may withhold payment from the receiving institution for failure to make refunds as required.

---

4 The Florida Department of Education Office of Student Financial Assistance State Scholarship and Grant Programs Policy Manual.

5 Such overpayments occur, for example, when after a semester ends scholarship recipients withdraw from courses due to extenuating circumstances defined by institution policies.
Recommendation: Management at the applicable institutions should establish or enhance procedures to ensure that Program funds for dropped or withdrawn courses are timely refunded to the FDOE. Such enhancements should include appropriate training to help staff minimize the number of system programming errors and ensure that institution personnel understand that funds must be remitted within required time frames.

Finding 2: Remittance of Undisbursed Advances

State law requires an institution receiving Program funds for the Fall and Spring Semesters to remit any undisbursed advances to the FDOE within 60 days after the end of the regular registration period and, for the Summer Semester, within 30 days after the end of that semester. The institutions remitted to the FDOE undisbursed advances totaling $1.3 million for the 2017-18 fiscal year and $3.6 million for the 2018-19 fiscal year.

Our examination of institution records disclosed that, although most of the 40 institutions timely remitted undisbursed Program advances to the FDOE when required, 3 institutions did not always ensure that undisbursed advances were remitted within the required time frame. Specifically, for the Fall 2017 Semester, Florida State College at Jacksonville remitted 180 days late undisbursed advances totaling $40,501 and Northwest Florida State College remitted 48 days late undisbursed advances totaling $9,333. In addition, for the Summer 2018 Semester, Palm Beach State College remitted 19 days late undisbursed advances totaling $1,515.

In response to our inquiries, institution personnel indicated that the delayed remittances occurred because, for example, institutions experienced employee turnover and personnel misunderstood the remittance requirement. Absent timely remittances of undisbursed Program advances to the FDOE, institution records do not demonstrate compliance with State law and the FDOE may withhold payment from the receiving institution for failure to remit the advances as required. We noted a similar finding for Florida State College at Jacksonville in our report No. 2018-212.

Recommendation: Management at the applicable institutions should establish or enhance procedures to ensure that undisbursed Program advances are timely remitted to the FDOE. Such enhancements should include appropriate training to ensure that institution personnel understand the requirements to timely remit the funds within the statutory time frames.

PRIOR AUDIT FOLLOW-UP

The public universities and colleges had taken corrective actions for the finding included in previous audit report of the institutions’ administration of the Florida Bright Futures Scholarship Program, except as noted in Finding 2 that Florida State College at Jacksonville was also noted in a similar finding in our report No. 2018-212.

6 Section 1009.53(5)(b), Florida Statutes.
OBJECTIVES, SCOPE, AND METHODOLOGY

The Auditor General conducts operational audits of governmental entities to provide the Legislature, Florida’s citizens, public entity management, and other stakeholders unbiased, timely, and relevant information for use in promoting government accountability and stewardship and improving government operations. Pursuant to Section 1009.53(5)(c), Florida Statutes, in connection with our financial audits conducted pursuant to Section 11.45(2)(c), Florida Statutes, we conducted an operational audit of the administration of the Bright Futures Scholarship Program (Program) by the State’s 12 universities and 28 colleges for the fiscal years ended June 30, 2018, and June 30, 2019.

We conducted this operational audit from June 2019 through July 2020 in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

The objectives of this operational audit were to:

- Determine the extent to which the institutions administered Program funds in accordance with applicable laws, rules, and other guidelines relating to the Program; properly accounted for funds received and distributed through the Program; maintained and prepared reliable financial records and reports; and safeguarded Program assets.

- Determine whether management had taken corrective actions for findings included in our report No. 2018-212.

- Identify statutory and fiscal changes that may be recommended to the Legislature pursuant to Section 11.45(7)(h), Florida Statutes.

This audit was designed to identify, for the activities or functions of the Program included within the scope of our audit, weaknesses in management’s internal controls; instances of noncompliance with applicable laws, rules, regulations, and other guidelines; and instances of inefficient or ineffective operational policies, procedures, or practices. The focus of this audit was to identify problems so that they may be corrected in such a way as to improve government accountability and efficiency and the stewardship of management. Professional judgment has been used in determining significance and audit risk and in selecting the particular transactions, legal compliance matters, records, and controls considered.

As described in more detail below, for the activities and functions of the Program included within the scope of our audit, our audit work included, but was not limited to, communicating to management and those charged with governance the scope, objectives, timing, overall methodology, and reporting of our audit; obtaining an understanding of the Program, exercising professional judgment in considering significance and audit risk in the design and execution of the research, interviews, tests, analyses, and other procedures included in the audit methodology; obtaining reasonable assurance of the overall sufficiency and appropriateness of the evidence gathered in support of our audit findings and conclusions; and reporting on the results of the audit as required by governing laws and auditing standards.

Our audit included transactions, as well as events and conditions, occurring during the audit period of July 2017 through June 2019, and selected institution actions taken subsequent thereto. Unless
otherwise indicated in this report, these records and transactions were not selected with the intent of statistically projecting the results, although we have presented for perspective, where practicable, information concerning relevant population value or size and quantifications relative to the items selected for examination.

An audit by its nature does not include a review of all records and actions of agency management, staff, and vendors and, as a consequence, cannot be relied upon to identify all instances of noncompliance, fraud, waste, abuse, or inefficiency.

In conducting our audit, we:

- From the population of students who received $837,123,719 in Program funds during the 2017-18 and 2018-19 fiscal years, examined documentation supporting awards made for a total of 485 students7 selected from the 40 institutions to:
  - Determine whether the students were properly classified as to residency; had earned high school diplomas; and were enrolled in a minimum of 6 credit hours and no more than 45 credit hours.
  - Determine whether the students were awarded the proper amount for the scholarship earned.
  - Verify the accuracy of credit hours earned and the cumulative grade point averages shown on the grade and hour reports submitted to the FDOE.
  - Determine whether each institution timely filed its grade and hour reports with the FDOE.
- Examined institution records for the 2017-18 and 2018-19 fiscal years to determine whether each institution filed Disbursement Eligibility Reports with the FDOE within 30 days of the last day of the drop and add period for each term.
- Examined institution records for the 2017-18 and 2018-19 fiscal years to determine whether the institutions refunded to the FDOE, within 30 days after the end of each semester, funds received for courses a student had dropped or withdrawn.
- Examined institution records for the 2017-18 and 2018-19 fiscal years to determine whether, after determining an award overpayment, the institutions refunded the FDOE within 60 days in accordance with the FDOE Office of Student Financial Assistance State Scholarship and Grant Programs Policy Manual.
- Examined institution records for the 2017-18 and 2018-19 fiscal years to determine whether each institution returned undisbursed Program funds to the FDOE within 60 days of the last day of the drop and add period for the Fall and Spring Semesters, and within 30 days after the end of the Summer Semester for undisbursed Program funds and refunds for withdrawn and dropped courses for Summer courses.
- Communicated on an interim basis with applicable officials to ensure the timely resolution of issues involving controls and noncompliance.
- Performed various other auditing procedures, including analytical procedures, as necessary, to accomplish the objectives of the audit.
- Prepared and submitted for management response the findings and recommendations that are included in this report and which describe the matters requiring corrective actions. Management’s response is included in this report under the heading MANAGEMENT’S RESPONSE.

---

7 We initially selected for testing awards made to 10 students at each of the 40 institutions. The number of awards selected for testing was subsequently expanded at 9 institutions.
AUTHORITY

Section 1009.53(5)(c), Florida Statutes, requires a periodic audit of the administration of, and accounting of the moneys for, the Florida Bright Futures Scholarship Program by Florida’s public universities and colleges. Pursuant to the provisions of Section 11.45, Florida Statutes, I have directed that this operational audit report be prepared to present the results of that audit.

Sherrill F. Norman, CPA
Auditor General

Re: Operational Audit of the Florida Gulf Coast (FGCU) Administration of the Florida Bright Futures Scholarship Program; FGCU Management Response and Corrective Action Plan for Audit Finding

Dear Ms. Norman:

Thank you for the opportunity to respond to the preliminary and tentative finding with regard to the FGCU Operational Audit of the Administration of the Florida Bright Futures Scholarship Program performed by the Auditor General’s Office for the Fiscal Years ending June 30, 2018 and June 30, 2019. Enclosed is the management response from FGCU for the audit finding. Contained within the management response is a written statement of explanation, including our actual or proposed corrective action.

If you have any questions or need additional information, please feel free to contact my office or William Foster, FGCU Director of Internal Audit, at your convenience.

Sincerely,

Michael V. Martin, Ph.D.
President
Florida Gulf Coast University

Enclosure

   Ramon Bover, CPA, Audit Supervisor, Auditor General’s Office
FGCU’S RESPONSE TO THE OPERATIONAL AUDIT OF THE ADMINISTRATION OF THE FLORIDA BRIGHT FUTURES SCHOLARSHIP PROGRAM FOR THE FISCAL YEARS ENDED JUNE 30, 2018 AND JUNE 30, 2019 PRELIMINARY AND TENTATIVE FINDING

FINDING 1: INSTITUTION REFUNDS: Nine of the 40 institutions did not comply with State law and Florida Department of Education (FDOE) policies by timely refunding to the FDOE Program funds, ranging from $539 to $7,860, for courses dropped by students and courses from which students withdrew. The untimely refunds were made an average of 77 days after the required time frames.

RECOMMENDATION: Management at the applicable institutions should establish or enhance procedures to ensure that Program funds for dropped or withdrawn courses are timely refunded to the FDOE. Such enhancements should include appropriate training to help staff minimize the number of system programming errors and ensure that institution personnel understand that funds must be remitted within required time frames.

FGCU RESPONSE: The delayed refunds occurred because of procedural difficulties from withdrawals with extenuating circumstances. The University has reviewed and enhanced its procedures and communication protocol between the Office of Financial Aid, the Office of the Registrar and the Extenuating Circumstance Committee in order to timely report withdrawals with extenuating circumstances. In addition, staff from the Office of Financial Aid and Office of the Registrar have been cross-trained in matters regarding Title IV withdrawals, drops, and extenuating circumstances. Financial Aid staff have been appointed to the Withdrawal with Extenuating Circumstances Committee in order to ensure compliance with statutory time frames.

Implementation Date: October 2020
September 30, 2020

State of Florida
Management's Corrective Action Plan –
Florida International University –
Bright Futures Scholarship Program
For Fiscal Years Ended June 30, 2018 and June 30, 2019

Planned Corrective Action: Untimely refunds of program funds for 2017-2018 & 2018-2019 were due to approved student petitions. Moving forward, the Office of the Registrar will identify the petition as a Bright Futures student and complete the enrollment adjustment. Then the Bright Futures coordinator will complete the adjustments to Bright Futures and an email will be sent to the state to update their website. Once the state has confirmed the adjustment has been made on their end, the Bright Futures coordinator will request a check in order to return the funds to the state.

Anticipated Completion Date: 09/25/2020

Tallahassee, FL 32399-1450

Dear Ms. Norman,

This letter is in response to the preliminary and tentative audit findings related to the Florida Bright Futures Scholarship audit for fiscal years 2018 and 2019.

Finding 1. Institution Refunds

Recommendation. Management at the applicable institutions should establish or enhance procedures to ensure that Program funds for dropped or withdrawn courses are timely refunded to the FDOE. Such enhancements should include appropriate training to help staff minimize the number of system programming errors and ensure that institution personnel understand that funds must be remitted within required time frames.

Response. Florida Polytechnic University concurs with the finding. $1699 was refunded 117 days late in Spring 2018. The refund responsibility fell only under our former Director of Financial Aid at that time. Under new leadership, we have adjusted our procedures since 17-18 to have more than one person reconciling. Currently, the Assistant Director reconciles and the Director completes a second look prior to Payment Summary and D04/Withdrawn student reconciliation. The Financial Aid team also keeps a shared calendar with D04 refund and reconciliation reminders. The calendar reminds the Financial Aid team 15-20 days after the end of the term to ensure we meet the 30-day required deadline to refund.

Should you have any questions or concerns, please contact me at 863-874-8752 or emann@floridapoly.edu.

Tallahassee, Florida 32399-1450

Dear Ms. Norman:

Let me express our sincere appreciation for the professional manner in which your staff conducted the audit. Following are the College’s responses to the preliminary and tentative findings to be included in the operational audit report of the Administration of the Florida Bright Futures Scholarship Program for the fiscal years ended June 30, 2018 and June 30, 2019.

Finding 1: Institution Refunds
Recommendation: Management at the applicable institutions should establish or enhance procedures to ensure that Program funds for dropped or withdrawn courses are timely refunded to the FDOE. Such enhancements should include appropriate training to help staff minimize the number of system programming errors and ensure that institution personnel understand that funds must be remitted within required time frames.

Response: The institution has implemented a procedure to review the payment summary information within the OSFA website, bi-weekly, to ensure timely refunds are made.

Finding 2: Remittance of Undisbursed Advances
Recommendation: Management at the applicable institutions should establish or enhance procedures to ensure that undisbursed Program advances are timely remitted to the FDOE. Such enhancements should include appropriate training to ensure that institution personnel understand the requirements to timely remit the funds within the statutory time frames.

Response: The institution has established procedures for the timely remittance undisbursed Program advances back to the FDOE. Immediately following the initial disbursement for the term, any undisbursed balance is being returned to the FDOE. Should a student’s disbursement occur after the undisbursed aid has been returned, we will request those additional funds from the State.

Should you have any questions or concerns, please feel free to call me.

Sincerely,

Albert P. Little
Vice President, Business Services

Auditor General
Claude Denson Pepper Building, G74
111 West Madison Street
Tallahassee, Florida 32399-1450

Dear Ms. Norman:

The following is Indian River State College’s response to the preliminary and tentative audit finding on the Florida Bright Futures Scholarship Audit of Colleges for Fiscal Years Ended June 30, 2018 and June 30, 2019.

**Finding 1 Institution Refunds:**
Management at the applicable institutions should establish or enhance procedures to ensure that Program funds for dropped or withdrawn courses are timely refunded to the FDOE. Such enhancements should include appropriate training to help staff minimize the number of system programming errors and ensure that institution personnel understand that funds must be remitted within required time frames.

**Indian River State College Response:**
IRSC acknowledges and accepts the Auditor General’s recommendation. The College will continue to abide by the requirements to ensure that State Program funds for dropped or withdrawn courses are refunded to the State on a timely manner. The College will enhance its procedures to correct these errors. The College has implemented an internal report that is run and reviewed on a monthly basis to identify any students who may have withdrawn or dropped and to determine any funds that need to be remitted back to the FDOE within the required timeframe. Additionally, the College will have dedicated staff to coordinate the State programs and to monitor and run the internal processes to ensure the timeliness of refunds to the State.

Sincerely,

Timothy E. Moore, Ph.D.
President

Tallahassee, Florida 32399-1450

Dear Ms. Norman:

Please find our response to the preliminary and tentative audit findings and recommendations related to
the College’s administration of the Florida Bright Futures Scholarship Program for fiscal years ended
June 30, 2018 and June 30, 2019.

Finding 1: Untimely Refund of Program Funds

Recommendation: Management should establish or enhance procedures to ensure that Program funds
for dropped or withdrawn courses are timely refunded to the FDOE. Such enhancements should
include appropriate training to help staff minimize the number of system programming errors and
ensure that institution personnel understand that funds must be remitted within required time frames.

Response: The College concurs with the finding. The three students were placed in no show status
instead of a withdrawal status which were not captured on the withdrawal report. The reporting error
was found later and corrected. The college has enhanced procedures to ensure the funds are returned
within the required timeframe of sixty (60) days.

If you have any questions, please contact Brian Horn, Senior Vice President and Chief Financial Officer
at 727-816-3458.

Sincerely,

Dr. Timothy L. Beard, Ph.D.

Claude Denson Pepper Building, Suite G74
111 West Madison Street
Tallahassee, Florida 32399-1450

Dear Ms. Norman:

We are providing this letter in response to the audit findings and recommendations on our operational audit of the Administration of the Florida Bright Futures Scholarship Program by Florida’s Public Universities and Colleges for the Fiscal Years Ended June 30, 2018 and June 30, 2019.

In response to Audit Finding 1: Institution Refunds –

Seminole State College created a separate State Reporting and Refund Calendar that is now monitored by a minimum of two staff members to ensure that the return of funds occurs prior to the established deadlines. Additional training has been provided to staff to ensure ongoing compliance.

Due to our 12 week and 8 session add/drop dates being much later into the term, our final disbursements for a term occur after the deadline to return funds. The College has changed its procedure to return funds in compliance with the deadline, regardless of when it occurs relative to the final disbursements for 12 week or 8 term schedule.

We implemented these revised processes in Fall 2017 (not Fall 2016 as previously reported) during the prior Bright Futures Audit that was issued in June 2018 as Report number 2018-212. No late returns in subsequent semesters were noted by the Auditor after this revised process was implemented.

Please do not hesitate to contact me at (407) 708-2001 or Ms. Judith Cooper, Associate Vice President of Financial Services, by email at cooperja@seminolesate.edu or by phone at (407) 708-2138 if you require any additional information.

Sincerely,

F. Joseph Mazur III, MS-CIS, CPA

Re: Florida Bright Futures Scholarship Program Operational Audit

Dear Ms. Norman:

In response to your letter dated September 16, 2020, regarding the preliminary and tentative audit findings and recommendations for the Florida Bright Futures Scholarship Program, following is the College’s response and Corrective Action Plan.

Response to Finding 1: Institution Refunds
The Fall 2018 withdrawn amount returned eight (8) days late was due to an unforeseen family emergency issue with the staff member responsible for handling the processing of the returns. The funds were returned as soon as the staff member returned to work in January 2019.

The Spring 2019 withdrawn amount returned 122 days late is due to a combination of items.
1. Departmental turnover of the advisors (five in total over a two-year timespan) in charge of Bright Futures.
2. Lack of full and complete lifecycle training for each new advisor who took over the Bright Futures responsibilities, also due to high turnover.
3. Reconciliation between the Business Office and the Financial Aid Office was based on looking at all terms, or total award year, rather than reconciling on a term by term basis.

Proposed Corrective Action Plan:
The responsibility of awarding, reconciling, withdrawing, and reporting of all Bright Futures has been assigned to a Financial Aid Coordinator with years of experience. The Financial Aid Office’s policy and procedure has been updated to perform reconciliation every month, to the current term, to prior terms, award year, and, if needed, prior years. After final grades are posted for Part of Term A, withdrawals/drops are reported to OSFA and funds returned promptly rather than waiting until the end of the full term. At the end of the full term and after final grades are posted, the withdrawal/drops process is done once more within thirty (30) days to report and return any remaining funds as required by OSFA.

Sincerely,

Joe H. Pickens, J.D.
President
October 16th, 2020

Sherrill F. Norman, CPA
Auditor General
7282 Plantation Road, Suite 401
Pensacola, Florida 32504

Dear Ms. Norman:

Please find our response to the preliminary and tentative findings related to the audit of Florida Bright Futures Scholarship for the 2018 and 2019 aid years.

Finding 2: Remittance of Undisbursed Advances

State law requires an institution receiving Program Funds to remit to the FDOE any undisbursed advances within 60 days after the end of the registration period. Northwest Florida State College was found to have returned $9,333 for the Fall 2017 semester 46 days late.

Response:

Northwest Florida State College had one instance of state funds not being returned within the set deadline. The delay was identified to be a result of personnel changes and lack of procedure. The College implemented enhanced procedures during the Fall 2017 term to ensure routine and systematic returns of state funds. Procedures include a shared yearly calendar with all College, Federal, and State Financial Aid deadlines.

Sincerely,

[Signature]
Devon Stephenson

Dear Ms. Norman,

On September 19, 2020, Palm Beach State Collage received the preliminary and tentative audit findings and recommendations related to Palm Beach State administration of the Bright Future Scholarship Program for fiscal year ended June 30, 2018 and June 30, 2019.

In response to Finding No. 1: Remittance of Undisbursed Advances, please accept the following:

- Management established procedures to ensure that undisbursed Program funds are timely remitted to FDOE and
- The College has taken corrective action and improved its procedures to ensure that school personnel understand the statutory requirement to timely remit the funds within 60 days after the end of the regular registration period.

Please feel free to let us know if you have any questions regarding this corrective action.

Sincerely,

Eddie Viera

Mr. Eddie Viera
Executive Director, Financial Aid
Palm Beach State College
Subject: CARES Act Monitoring Review

Proposed Committee Action
Recommend approval of the CARES Act Compliance Monitoring Review, performed by University Compliance, to the Board of Trustees.

Background Information
University Compliance conducted an interim monitoring review of the Coronavirus Aid, Relief, and Economic Security (CARES) Act Higher Education and Emergency Relief Funds (HEERF). The total amount of CARES funds awarded to Florida Poly totaled $1,253,303. CARES funds are required to be divided into two separate and distinct funds for (1) direct student aid and (2) institutional aid. CARES transactions through September 30, 2020 for both direct student aid and institutional expenses were included within the scope of this monitoring review.

Acceptance of CARES funds is conditioned on appropriate monitoring procedures by each recipient. Additionally, the Florida Board of Governors, in May 2020, encouraged such monitoring efforts by each SUS institution with the issuance of a compliance self-monitoring tool.

In conducting this interim monitoring review, University Compliance included tests of transaction details, review of available documentation, record inspections, and inquiries to arrive at the conclusions reached and summarized in the monitoring review report.

University Audit and Compliance (UAC) is employed by the University. UAC’s mission is to serve the University by recommending actions to assist in achieving its strategic and operational objectives. This assistance includes evaluating and providing assurance of activities designed and implemented by management to strengthen internal controls, reduce risk to and waste of resources, and improve operations to enhance the performance and reputation of the University. Accordingly, this report is intended solely for the use of University management and its various oversight authorities and is not intended for any other purpose. This restriction is not intended to limit the distribution of this report, which is a matter of public record.
I. Background and Monitoring Approach

Pursuant to the Audit Work Plan\(^1\) approved by the Audit & Compliance Committee, University Audit and Compliance (UAC) conducted an interim monitoring review of the Coronavirus Aid, Relief, and Economic Security (CARES) Act Higher Education and Emergency Relief Funds (HEERF). The total amount of CARES funds awarded to Florida Poly totaled $1,253,303. CARES funds are required to be divided into two separate and distinct funds that are restricted for the following purposes:

- **Student Aid HEERF**: At least 50 percent of the funds received by the university must be used for emergency student financial aid for expenses related to the disruption of campus operations due to coronavirus. These funds can only be used to provide direct grant assistance to students. (CFDA No. 84.425E: $626,652)
- **Institutional Funding**: The remaining award allocation is made available, with reasonable discretion by the university, on how the funds are used as long as the university can demonstrate a valid connection between the eligible expense and “significant changes to the delivery of instruction due to the coronavirus”. (CFDA No. 84.425F: $626,651)

The U.S. Department of Education has issued several guidelines and other information stipulating the various restrictions on both the student relief funds and institutional funding, as listed in **Section VI** of this report. This information was used in this monitoring review to determine applicable compliance requirements. The Office of Management and Budget’s (OMB) compliance supplement for this Federal program was not published at the time of this monitoring review; however, an addendum is expected to be released by OMB in the fall of 2020. **Section III** of this report summarizes the various compliance matters included within the scope of this interim monitoring review and provides for an overview of monitoring results.

Audits and monitoring reviews are typically conducted on funds expensed; however, as noted from **Table 2** below, the university has only expended only a portion of the student relief award as of the date of this monitoring review. Accordingly, this interim monitoring effort was conducted prior to the expense of a significant portion of the funding primarily to support university staff in their compliance efforts and to fulfill monitoring requirements for CARES Act Funds.

Procedures performed by UAC in conducting this interim monitoring review included tests of transaction details, review of available documentation, record inspections, and inquiries to arrive at the conclusions reached in Section III of this report. This interim monitoring review and the related report was not conducted pursuant to Institute of Internal Auditing Standards or Government Auditing Standards, and consequently does not provide assurances equivalent to such audits.

It is likely that the State of Florida will include this program as a major Federal program within the scope of their Federal Single Audit once a significant portion of the funding is expensed at the statewide level. UAC will reevaluate risk with respect to expenses charged to this funding after such external audits have been performed to determine whether additional audit and or compliance efforts would be beneficial.

II. Entrance/Exit Conference

Entrance Conference: At the inception of the monitoring review, UAC met with university finance and financial aid staff to explain the purpose and the scope of the monitoring review and to establish a timeline for completion.

Exit Conference: At the conclusion of the monitoring review, UAC met with university finance and financial aid staff to discuss the results of the review. A summary of the findings/observations was provided and corrective action was discussed.

III. Monitoring Results

UAC performed monitoring procedures of CARES funds based on the guidelines and information outlined in Section VI. The tables below outline various compliance requirements and provides for an indication as to whether appropriate controls have been designed and implemented to ensure compliance for each requirement. Detailed findings or observations for any noncompliance disclosed in the tables below can be found in the Findings and Instances of Non-compliance section of this report.

9. University complied with reporting requirements for the institutional portion. | ✓ -
10. Federal funds drawn for eligible expenses limited to immediate needs for the institutional portion. (cash management) | ✓ -

LEGEND:

✓ Appropriate controls in place to provide for compliance for this requirement.
✓Processes needed to be enhanced to ensure compliance for this requirement.
IV. Findings/Instances of Non-compliance

Overall, University Compliance was able to conclude that the University had established controls to ensure material compliance with the guidelines and restrictions promulgated by the U.S. Department of Education in the administration of CARES funds except as noted below:

Finding 1: Cash Management (Student Relief Fund Portion)

Initially, cash management principles did not appear to be applicable to the “advanced” student fund portion per the Recipient’s Funding Certification and Agreement. However, subsequent guidance provided clarification that grantees must seek to minimize the time between drawing down funds from the G5 system and applying those funds to support a grant award’s activities. Consistent with this requirement, grantees must maintain grant funds in interest-bearing accounts, and any interest earned on grant funds above $500 per year must be remitted to the Federal government. Therefore, the Department encourages grantees to establish a distribution plan prior to an initial draw down of grant funds. In addition, the guidance urges grantees to only draw down the minimum amount of grant funds necessary, and where the grant funds are able to be applied promptly to each HEERF grant’s purposes.

Based on the circumstances described above, an institution should refund any portion of the HEERF award that it does not have an immediate ability to expend on emergency financial grants to students, until the institution has a plan for the orderly distribution of the remainder of the funds. It can then be re-drawn from the institution’s account in G5.

As noted in Table 2 above, the university has drawn the entire grant award of $626 thousand but has only had limited need in actually awarding such funds. To date, the University has not remitted interest earnings to the Federal government or returned excess funds through the G5 system. Accordingly, the university’s cash management principles do not appear to be in compliance with Federal requirements. University staff has indicated that they will calculate interest earned and remit such amounts back to the Federal government, as required.

V. Other Observations

UAC is very appreciative of the cooperation, professionalism and responsiveness of both the financial aid staff and finance staff who were involved in this monitoring review.

Additionally, all staff involved in the administration of CARES Act funds should be commended given the urgency required in administering such funds to address the COVID-19 pandemic and the precipitous nature of Federal guidance issued over the proper use of these relief funds.

---

4 CARES Act HEERF Round 3 FAQs, question 9 (issued October 2, 2020)
VI. References and Technical Assistance

Listed below are the applicable guidelines and other information related to CARES Act funds that were used by UAC to identify compliance criteria and set the scope of this monitoring review:

- CARES Act HEERF Compliance Guide issued by the Office of Inspector General and Director of Compliance for the Florida Board of Governors (issued May 15, 2020)
Subject: Textbook Adoption Monitoring Review – Fall 2020

Proposed Committee Action
Recommend approval of the Textbook Adoptions Compliance Monitoring Review (Fall 2020), performed by University Compliance, to the Board of Trustees.

Background Information
University Compliance conducted a monitoring review over textbook adoptions, to determine compliance with State law. State law requires each university to post prominently in the course registration system and on its website, as early as feasible, but at least 45 days before the first day of class for each term, a hyperlink to lists of required and recommended textbooks and instructional materials for at least 95 percent of all courses and course selections offered at the university during the upcoming term.

The university contracts with a bookstore vendor (vendor) to manage and operate the bookstore. The university notifies the vendor of adoptions and the vendor is responsible for subsequently posting the adopted textbooks and instructional materials on the vendor website. At the request of the university, the vendor provided a course file report evidencing the dates that (1) university staff communicated the adoption and (2) the subsequent posting of such information by the vendor to their website.

In conducting this interim monitoring review, University Compliance included a review of the vendor course file, university records, analytical review procedures, and inquiries to arrive at the conclusions reached and summarized in the monitoring review report. This monitoring report assists the Committee in their oversight responsibility and consideration of this matter which has been cited as audit findings in several recent operational audits.

University Audit and Compliance (UAC) is employed by the University. UAC's mission is to serve the University by recommending actions to assist in achieving its strategic and operational objectives. This assistance includes evaluating and providing assurance of activities designed and implemented by management to strengthen internal controls, reduce risk to and waste of resources, and improve operations to enhance the performance and reputation of the University. Accordingly, this report is intended solely for the use of University management and its various oversight authorities and is not intended for any other purpose. This restriction is not intended to limit the distribution of this report, which is a matter of public record.
I. Background and Monitoring Approach

Pursuant to the Audit Work Plan\(^1\) approved by the Audit & Compliance Committee, University Audit and Compliance (UAC) conducted a monitoring review over compliance with textbook affordability laws\(^2\) for the Fall 2020 semester. This monitoring review was performed as a result of the risk assessment prepared by UAC for the 2020-21 fiscal year and as a result of recurring findings in the State Auditor General’s last several operational audits\(^3\).

State law\(^2\) requires each university to post prominently in the course registration system and on its website, as early as feasible, but at least 45 days before the first day of class for each term, a hyperlink to lists of required and recommended textbooks and instructional materials for at least 95 percent of all courses and course selections offered at the university during the upcoming term.

The university contracts with a bookstore vendor (vendor) to manage and operate the bookstore. The university notifies the vendor of adoptions and the vendor is responsible for subsequently posting the adopted textbooks and instructional materials on the vendor website. At the request of the university, the vendor provided a course file report evidencing the dates that (1) university staff communicated the adoption and (2) the subsequent posting of such information by the vendor to their website.

Procedures performed by UAC in conducting this interim monitoring review included review of the vendor course file, university records, analytical review procedures, and inquiries to arrive at the conclusions reached in Section III of this report. This monitoring review and the related report was not conducted pursuant to Institute of Internal Auditing Standards.

II. Entrance/Exit Conference

**Entrance Conference:** At the inception of the monitoring review, UAC met with university academic and institutional research staff to explain the purpose and the scope of the monitoring review and to establish a timeline for completion.

**Exit Conference:** At the conclusion of the monitoring review, UAC met with university academic and institutional research staff to discuss the results of the review. A summary of the findings/observations was provided and corrective action was discussed.

\(^2\) Section 1004.085(5), Florida Statutes

\(^3\) Auditor General operational audit report Nos. 2016-067, 2018-214, and 2021-008.
III. Monitoring Results

UAC performed monitoring procedures over textbook adoptions and compliance with applicable laws for the fall 2020 semester. UAC found that the bookstore vendor’s course file failed to provide sufficient documentation necessary to demonstrate compliance with textbook affordability laws requiring that required and recommended course materials are posted and available to students at least 45 days prior to the first day of class. This lack of sufficient documentation occurred primarily because the vendor’s system used to capture and report posting dates overrode actual adoption dates with a date of last activity. Consequently, the University is unable to support compliance with textbook affordability laws for the fall 2020 semester.

Table 1 below outlines various compliance requirements applicable to this review and provides an indication as to whether appropriate controls have been designed and implemented to ensure compliance for each requirement. Detailed findings or observations for any noncompliance referenced in the tables below are included in Section IV of this report.

☒ Processes need to be enhanced to ensure compliance for this requirement.
IV. Findings/Instances of Non-compliance

Overall, University Compliance was able to conclude that the University had established controls to ensure material compliance with the textbook affordability laws except as noted below:

**Finding 1: Lack of Sufficient Documentation to Support Compliance with Textbook Affordability Laws**

**Finding:** As noted in Table 2 below, the University timely communicated textbook adoptions to the bookstore vendor for 98.3 percent of the course sections; however, as noted in Table 3 below, the vendor’s course file reflected that postings of these adoptions were not timely for 39.1 percent. Consequently, the university was not able to demonstrate compliance with State law requiring at least 95 percent of required and recommended instructional materials are to be posted 45 days prior to the first day of class.

---

4 Date that university staff communicated the textbook adoption to the vendor, as reflected in vendor’s course file.
5 Excludes the following classes that were included in the vendor’s course file as a late posting: Cancelled classes, ghost classes, classes added after the 45-day deadline (July 6, 2020), classes that had a change in a data field (e.g. course section number change) but were otherwise adopted timely.
6 Date that the vendor posted the adoption to the website, as reflected in the vendor’s course file.
As noted in Table 4 above, a significant number of textbook posting dates were past the statutory deadline (7/6/20), as reflected in the vendor’s course file. Further, the vendor’s course file reflected that 54 postings were past the first day of class (8/20/20). In response to university staff’s request to the vendor regarding these late posting dates, the vendor advised that they were aware that they had an issue with the course file for the fall term and were reviewing the matter. The vendor further indicated that they had to adjust a number of course section numbers and were processing adjustments up to the fall term start.

Based on UAC’s review and analysis of late adoption dates reflected in the vendor course file and comparisons with other university records, it was determined that the vendor’s course file may not always accurately reflect the actual date of adoption or posting. For instance, the vendor’s system used to report the adoption date appears to record the date of last activity (such as a change in the course section number) as the adoption date. This “last activity date” appears to override the “actual posting date”. Consequently, the vendor’s course file is not providing sufficiently reliable information necessary to demonstrate compliance with textbook adoption laws.

**Recommendation:** University staff should continue their efforts in working with the bookstore vendor to resolve the unreliable reporting. Alternately, the University may want to consider independently posting such information to their website in order to demonstrate compliance.

### V. Other Observations

There were no other significant observations noted by UAC during this monitoring review.

UAC would like to extend gratitude to Zaira Medina for her assistance with these monitoring efforts.
VI. References and Technical Assistance

Listed below are the applicable guidelines and other information related to textbook adoption compliance that were used by UAC to set the scope of this monitoring review:

- Section 1004.085(5), Florida Statutes
- Section 1004.085(7), Florida Statutes
- Board of Governors Regulation BOG 8.003, Textbook and Instructional Materials Affordability
Subject: PBF Data Integrity Audit Scope

Proposed Committee Action

Recommend approval of the PBF audit scope, performed by University Audit, to the Board of Trustees.

Background Information

Board of Governors Regulation (BOG) 5.001, Performance Based Funding (PBF) provides that chief audit executives shall conduct or cause to have conducted an annual data integrity audit to verify the data submitted for implementing the Performance-based Funding Model complies with the data definitions established by the BOG. The audit report shall be presented to the university’s board of trustees for its review, acceptance, and use in completing the data integrity certification. The audit report and data integrity certification are due to the BOG’s Office of Inspector General by March 1 each year.

The following representation is included on the BOG-developed data integrity certification which must be signed by the Board Chair and President of the University:

- I certify that I agreed to the scope of work for the performance-based funding data integrity audit conducted by my chief audit executive (CAE).

Therefore, the university’s CAE will present the planned scope of work for the required PBF audit to the Committee for review and approval.

Power Point Presentation on PBF Scope
Memo from Chair Kitson on PBF Audits and Certifications
Data Integrity Certification Form

Prepared by: David A. Blanton, CAE/CCO
MEMORANDUM

TO: Chairs, University Boards of Trustees
   University Presidents

FROM: Sydney Kitson, Chair

DATE: June 25, 2020

RE: Data Integrity Audits and Certifications for Performance-based Funding and Preeminence Metrics

Since the Board of Governors’ January 2014 approval of the Performance-based Funding Model, the model has incentivized universities and their boards of trustees to achieve excellence and performance improvements in key areas aligned to the State University System of Florida Strategic Plan goals. The Performance-based Funding state investment demonstrates continued support for the System and is a testament to the value of the state university system to the educational and economic growth of our state. These investments have allowed the System to keep tuition stable for our students.

As we prepare for the 2020-2021 fiscal year, the economic impact of the coronavirus pandemic on our state is still being determined. Given the success of Performance-based Funding and return on investment for the additional state funds to the state’s university system, we trust that the Legislature will view continued investment into Performance-based Funding positively.

Through Performance-based Funding, universities have demonstrated the ability to achieve excellence and improvements in the 10 key metrics, including graduation and retention rates. The U.S. News & World Report ranked Florida as the best state for higher education for three consecutive years, based on graduation rates, class size, student-faculty ratio, and the number of students on Pell Grants.

Key to the model’s success is the ability of the Board of Governors to rely on the information you provide for performance-based funding decision-making. As now
required by Florida Statutes,\(^1\) university boards of trustees shall direct the university chief audit executive to perform, or cause to have performed by an independent audit firm, an audit of the university’s processes that ensure the completeness, accuracy, and timeliness of data submissions. Additionally, I ask that these audits include testing of data that supports performance funding metrics, as well as preeminence or emerging preeminence metrics for those universities so designated, as testing is essential in determining that processes are in place and working as intended. This audit may be included with or separate from the Performance-based Funding Data Integrity Audit.

The scope and objectives of the audit(s) should be set jointly between the chair of the university board of trustees and the university chief audit executive. The audit(s) shall be performed in accordance with the current *International Standards for the Professional Practice of Internal Auditing* as published by the Institute of Internal Auditors, Inc.

Using the results from the data integrity audit(s), each university president should complete the attached Data Integrity Certification. When completing this certification, evaluate each of the 13 prepared representations. If you are able to affirm a representation as prepared, do so. If you are unable to affirm a representation as prepared, explain the modification in the space provided. It is important that representations be modified to reflect significant or material audit findings. The certification document shall be signed by the university president and board of trustees’ chair after being approved by the board of trustees.

The audit results and corrective action plans as needed shall be provided to the Board of Governors after being accepted by the university’s board of trustees. The audit results shall support the certification and include any noted audit findings. The completed Data Integrity Certification and audit report(s) shall be submitted to the Office of Inspector General and Director of Compliance no later than **March 1, 2021**.

I ask that you consider the March 1\(^{st}\) deadline when establishing dates for your 2021 board of trustees’ meetings as we will need these audits and certifications in sufficient time to be included in our March Board of Governors’ meeting materials.

I commend you, your data administrators, and the many university staff responsible for ensuring reliable, accurate, and complete information is timely submitted to the Board of Governors. I would also like to thank your chief audit executives for focusing a portion of their office’s resources to auditing your university’s data-related controls, processes, processes, processes, processes, processes, processes.

\(^1\) Florida Statutes, sections 1001.7065, *Preeminent State Research Universities Program*, and 1001.92, *State University System Performance-based Incentive*
and submissions. Collectively, these efforts allow you to confidently certify the accuracy of data submissions to the Board of Governors and enhance public trust and confidence in this process. We appreciate your cooperation and assistance in ensuring the integrity of the performance funding and preeminence processes.

If you have questions regarding these requirements, please do not hesitate to contact the Board of Governors Inspector General at BOGInspectorGeneral@flbog.edu or 850-245-0466.

### Data Integrity Certification Representations, Signatures

I certify that all information provided as part of the Board of Governors Data Integrity Certification for Performance-based Funding and Preeminence or Emerging-preeminence status (if applicable) is true and correct to the best of my knowledge; and I understand that any unsubstantiated, false, misleading, or withheld information relating to these statements render this certification void. My signature below acknowledges that I have read and understand these statements. I certify that this information will be reported to the board of trustees and the Board of Governors.

Certification: _____________________________ Date _____________________________
President

I certify that this Board of Governors Data Integrity Certification for Performance-based Funding and Preeminence or Emerging-preeminence status (if applicable) has been approved by the university board of trustees and is true and correct to the best of my knowledge.

Certification: _____________________________ Date _____________________________
Board of Trustees Chair
Overall Objectives:

- To determine whether the University has established appropriate controls to ensure the completeness, accuracy, and timeliness of data submissions to the Board of Governors (BOG) which support the Performance Based Funding (PBF) Metrics of the University as of September 30, 2020.
- To provide assurance that the various data files which support the PBF metrics, as of September 30, 2020, have been subjected to audit and tested for accuracy and completeness.
- To provide reasonable assurance to the President and the Chair of the Board of Trustees that the representations included in the Performance Based Funding – Data Integrity Certification form are fairly presented.

Audit Scope and Methodology:
