VI. University Accountability Plan FY25

Trustee Dorian Abbot asked Provost Brad Thiessen to address the public comment that was made at the beginning of the meeting. Thiessen explained both the “accountability” and the “plan” parts of the document, stating that it serves a dual purpose. The accountability plan is measured against the metrics of the Performance-Based Funding system as well as reviewed and approved by the Board of Governors. The plan forecasts goals for the next five years and is informed by data as it comes in. If the data are higher or lower than projected, then the goals are updated. Making these adjustments helps the BOG know what to expect at the system level. Thiessen also pointed out that the latest data informing this plan are from September of 2024.

**Chair Kigel brought forward the University Accountability Plan FY25 for trustee approval.**

**As this item comes before the Board with unanimous approval from the Academic and Student Affairs Committee, there is no need for a second. A vote was taken, and the motion passed unanimously.**

VII. Closing Remarks and Adjournment

Chair Kigel shared comments from the BOG in support of Florida Poly’s strategic plan. She also recognized the number of trustees who participated in advocacy this spring.

With no further business to discuss the meeting adjourned at 4:05 p.m.
