# Message from the President

---

*President Randy K. Avent holds a Ph.D. in biomedical mathematics and engineering from the University of North Carolina, Chapel Hill. He has two master's degrees, one in electrical engineering from North Carolina State University and the other in biomedical mathematics and engineering from the University of North Carolina. His bachelor's degree is in zoology from the University of North Carolina. Avent is also a 2005 graduate of the Greater Boston Executive Program at MIT's Sloan School of Management.*

On behalf of the faculty, staff, and administration of Florida Polytechnic University, congratulations on everything you have accomplished during your time here. Today, we celebrate and honor you, the Florida Poly classes of 2020 and 2021.

Our commencement ceremony is a celebration of all your hard work and determination to earn a degree. Earning a college degree is no small feat. Much has been asked of you and it takes an extraordinary level of commitment, dedication and motivation to achieve this accomplishment. We have great expectations for you and believe strongly that you will move on from here and do great things. As you go out into the world, I hope you carry your Florida Poly experience proudly with you.

I share your pride and excitement and hope that you will continue to engage with Florida Poly as a part of our growing alumni community. No matter where your career takes you, you will always be a Phoenix.

Once again, congratulations.

Sincerely,

A handwritten signature in black ink that reads "R. Avent". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Dr. Randy K. Avent  
President

MEGAN MORANO

Megan Morano '21 graduates magna cum laude with a bachelor's degree in Business Analytics and a concentration in Logistics and Supply Chain Management. She is student associate for the Office of Advancement and was very involved in the Florida Poly student experience. Megan participated in the statewide finals of both the Florida Blue Healthcare and Florida Venture Forum competitions. She is also a Women's Conference of Florida: State Farm Essay winner. As a student leader, Megan was involved in new student orientation, ultimate Frisbee, and the Presidential Ambassadors program. She has accepted a post-graduation opportunity with FedEx.

SAIVAMSI HANUMANTHU

Saivamsi (Vamsi) Hanumanthu '20 graduated magna cum laude with a bachelor's degree in Computer Science and a concentration in Information Assurance and Cyber Security. At Florida Poly, Vamsi received the Presidential Scholarship, and was an active student teaching assistant in the Computer Science Department. As Presidential Ambassador and student intern at both Northrop Grumman and MIT Lincoln Lab, Vamsi was very involved with both campus life and the professional community. He has joined Qualcomm and currently works as an embedded software engineer.

TOM WALLACE

Tom is a 40-year veteran of technology startups, both as a founder and an investor. After multiple successful exits, most recently selling VectorLearning for \$268 million, he is now the managing partner at Florida Funders, a hybrid of a venture capital fund and an angel investor network focused on finding, funding, and building the next generation of breakout technology companies in Florida and beyond.

As an angel investor for the last 25 years, Tom has learned how rewarding investing in early-stage technology companies can be...and how challenging. The mission at Florida Funders is to provide better and broader access to tech investments for new and existing angel investors and to turn Florida from the sunshine state into the startup state.
