1. Question:

In working through Exhibit C provided in the ITN and that we are to include in our response, we found that there is a formula error in Exhibit C on the 'Summary Data' tab – row 44. Can you advise what data the University is wanting capture in this row of the file? I am confirming that we are working from the updated Exhibit C that was provided in Exhibit 2.

2. Response:

In the April Update of Exhibit C – Project Assumptions Matrix, Row 43 on the Summary Data tab contains Reference Errors connected to the Development Budget tab. Please ignore these cells or delete Row 43. This was a mistake in the creation of the Exhibit, and no additional Summary Data regarding the Development Budget is required at this time.
