

COLLEGE-LEVEL EXAMINATION PROGRAM (CLEP)

The CLEP Program is designed to test students' knowledge on a variety of college-level subjects, regardless of where they may have learned the material. CLEP exams are developed by committees of college faculty who design questions based on what is typically covered in lower-level college courses and who set passing standards for the exams. More CLEP information, including recent test information guides, can be found online at <http://www.collegeboard.com/student/testing/clep/about.html>. Per section 1007.27(8), Florida Statutes, students may be awarded a maximum of 30 semester credit hours for these examinations.

Note: Not all exams meet Florida Poly degree program of study requirements; credit will be awarded as applicable to major. Major-specific Credit-By-Exams are identified below the course. Any course credit that has already been earned (e.g. dual enrollment, transfer credit) will not be awarded.
