

INTERNATIONAL BACCALAUREATE (IB) PROGRAM

The International Baccalaureate program is a challenging curriculum offered in high schools around the world designed to prepare students for advanced work in many countries' postsecondary systems. More information about the IB program is available at <http://www.ibo.org>. Many subjects have both Standard Level (SL) and Higher Level (HL) versions, which are taught over two academic years and typically require additional specialized research or independent work. More information about the IB program is available at <http://www.ibo.org>. Per section 1007.27(7), Florida Statutes, students may be awarded a maximum of 30 semester credit hours for these exams.

Note: Not all exams meet Florida Poly degree program of study requirements; credit will be awarded as applicable to major. Major-specific Credit-By-Exams are identified below the course. Any course credit that has already been earned (e.g. dual enrollment, transfer credit) will not be awarded.
