

Spring 2022 Final Exam Schedule

Yellow highlighted areas reflect that a change has been made from the originally published schedule.

All exams listed below will be held in the IST room noted. Students must check with their instructor for room assignments when more than one room is assigned for an exam. If you do not see your course listed contact your instructor for more information.

If a student has a time conflict in the final exam schedule or more than two exams on the same day, the student must inform their instructors. The instructor of the highest numbered course is required to provide a make-up exam during the final exam week that does not create further conflicts.
