Rick Maxey noted the term “Intercollegiate Athletics” should be changed to read “Athletic Fee”.

B. ERP Implementation Update

Jackye Maxey reported the University is planning to migrate from the UF Shared Services Agreement and implement its own ERP System. The anticipated “Go Live” date is July 2016.

In February, 2014, staff met with ERP providers, IBM and Workday, Inc., to begin discussions regarding the proposed implementation. After these meetings, a recommendation was made to use Workday, Inc. based on the following:

1. Cloud-based application
2. Intuitive user interface (simple functionality)
3. True multi-tenancy (updates are done automatically twice a year so all Workday users are on the same version of the software)
4. Functional (owners take the lead in configuring the applications which frees our IT department from costly customizations)
5. Workday’s experience in implementing systems at other Florida public higher education institutions

Trustee Featherman inquired if the individuals being hired are for ERP implementation purposes only or will they remain. It was noted new hires will remain to fulfill functions currently being handled by UF Shared Services.
