THE FULL TEXT OF THE PROPOSED REGULATION IS PROVIDED BELOW:

FPU-8.001 Purchasing.

(1) Statement of Intent. These Purchasing regulations are supplemental to Chapter 18 of the Florida Board of Governors regulations (“Board of Governors Purchasing regulations”). It is the intent of Florida Polytechnic University (the “University”) to acquire quality goods and services within reasonable or required time frames, while promoting fair and open competition in the public procurement process. Responsible purchasing officials shall be protected from improper pressures of external political or business interests. The process shall reduce the appearance and opportunity for favoritism, ensure that contracts are awarded equitably and economically, and establish effective management oversight in the acquisition of commodities and contractual services, in order to preserve the integrity of public purchasing and contracting. The opportunity to respond to competitive solicitations and enter into contracts with the University is a privilege, not a right.

(2) Definitions.

(a) Commodity - Any of the various supplies, materials, goods, merchandise, food, equipment or other personal property, including a mobile home, trailer or other portable structure, which are purchased, leased, lease-purchased or otherwise contracted for by the University. “Commodity” also includes interest on deferred-payment contracts entered into by the University for the purchase of other commodities.

(b) Competitive Response - The response submitted to an Invitation to Bid, Invitation to Negotiate, or a Request for Proposal by a responsive and qualified bidder or offeror.

(c) Competitive Solicitation - An Invitation to Bid, Request for Proposals or Invitation to Negotiate to competitively select a contractor/vendor.

(d) Contractor/Vendor - A person or firm who sells commodities or contractual services to the University.

(e) Contractual Service - The rendering by a contractor of its time and effort rather than the furnishing of commodities. The term applies only to those services rendered by individuals and firms who are independent contractors. “Contractual service” does not include labor or materials or selection of professional services for the construction, renovation, repair or demolition of facilities.

(f) Independent Contractor - A person or firm who provides a service to the University, but does not have any employment or other relationship or connection with the University, except as permitted by Florida law.

(g) Invitation to Bid - A written solicitation for competitive bids with the title, date, and hour of the public bid opening designated and the commodity, group of commodities or services defined, for which competitive responses are sought.

(h) Invitation to Negotiate - An invitation extended to prospective contractor/vendors by the University, whether by advertisement, written solicitation, electronic media or any other form of communication, to define the specifications, terms and conditions of a contract for commodities or contractual services. Cost may or may not be a consideration in the initial stages of negotiating.

(i) President - The chief executive officer of the University or chief operating officer, responsible for its operation and administration.

(j) Public Entity Crime - A violation of any state or federal law by a person in the transaction of business with any public entity of any state or with the United States

government involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy or material misrepresentation.

(k) **Purchase** - An acquisition of commodities and/or services obtained by purchase order or contract whether by rent, lease, installment- purchase or lease-purchase, outright purchase, or license.

(l) **Renewal** - Contracting with the same contractor/vendor for an additional period of time after the initial contract term, provided the original terms of the agreement specify an option to renew.

(m) **Request for Proposal** - A written solicitation for competitive proposals for commodities or contractual services with the title, date, and hour of the public opening designated. The request for proposal may be used when the scope of work is not clearly defined.

(n) **Responsive and Qualified Bidder or Offeror** - A contractor/vendor who has submitted a competitive response that conforms in all material respects to a competitive solicitation.

(3) **Purchasing Department Duties.** The University Board of Trustees has authority to establish a system of coordinated procurement policies, procedures, and practices to be used in acquiring commodities and contractual services required by the University. The Purchasing Department/shared services provider (the “Purchasing Department”) has the duty to:

(a) **Canvass sources of supply and contracting for the purchase or lease of all commodities and contractual services for the University, in any manner, including purchase by installment- or lease-purchase contracts. Installment- or lease- purchase contracts may provide for the payment of interest on unpaid portions of the purchase price.**

(b) **Remove any contractor/vendor from the University’s competitive vendor list that fails to fulfill any of its duties specified in a contract with the University and to reinstate any such contractor/vendor when satisfied that further instances of default will not occur.**

(c) **Plan and coordinate purchases in volume and negotiate and execute agreements and contracts for commodities and contractual services under which the University may make purchases.**

(d) **Develop an Annual Certification List to serve as a waiver of the competitive solicitation requirement for commodities/services that are frequently purchased and are available from a single source.**

(e) **Evaluate and approve contracts let by any State of Florida agency or department, the Federal Government, other states, political subdivisions, not-for-profit cooperatives or consortia, or any independent college or university for the procurement of commodities and contractual services, when it is determined to be cost-effective and in the best interest of the University to make purchases under contracts let by such other entities. The Purchasing Department shall review existing consortia and cooperative contracts to identify potential savings and, if there is the potential for savings, enter into new consortia and cooperative contracts to achieve the savings, with the goal of achieving a five-percent savings on existing contract prices.**

(f) **Award contracts for commodities and contractual services to multiple suppliers, if it is determined to be in the best interest of the University. Such awards may be on a**

university, regional or State University System-wide basis and the contracts may be for multiple years.

(g) Reject or cancel any or all competitive solicitations when determined to be in the best interest of the University.

(h) Bar any contractor/vendor from doing business with the University for demonstrated cause, including previous unsatisfactory performance.

(i) Prohibit University employees and University direct-support organization employees participating on a procurement selection committee for commodities or services from soliciting donations from responding contractor/vendors during the selection process, except for donations or other benefits expressly stated in the procurement document.

(4) Employee and Contractor/Vendor Standard of Conduct. It shall be a breach of ethical standards for any University employee to accept, agree to accept, or solicit a gratuity of any kind, form or type in connection with any contract for commodities or services. It shall also be a breach of ethical standards for any potential contractor/vendor to offer a University employee of the University a gratuity of any kind, form or type to influence the development of a contract or potential contract for commodities or services.

(5) Competitive Solicitations Threshold. All contracts entered into by the University for the purchase of commodities or contractual services exceeding \$75,000 shall be awarded pursuant to a competitive solicitation, unless otherwise authorized herein or in the Board of Governors Purchasing regulations.

(6) Notice of Decision or Intended Decision. A notice of decision or intended decision concerning a solicitation, contract award, or sole source purchase shall be electronically posted on the Purchasing Department website.

(7) Preferences for Florida-Based Contractors/Vendors. The University will provide preferences to Florida-based contractors/vendors for contracts for personal property and printing in accordance with Florida Board of Governors Purchasing regulations.

(8) Tie Responses. When multiple responses that are equal in all respects are received to a competitive solicitation, the University will give preference to responses that include commodities manufactured in the state, Florida businesses, businesses with a drug-free workplace program, or foreign manufacturers located in the state to determine the contract award, or, if these conditions do not exist or are the equivalent between two or more responses, will use toss of the coin.

(9) Extension Errors. In the case of extension errors in quotes or competitive responses, the unit price will prevail.

(10) Withdrawal of Competitive Response. A contractor/vendor may withdraw his or her competitive response in writing if done within seventy-two (72) hours of the competitive response/bid opening, if the competitive response is clearly erroneous, and if the competitive response is withdrawn prior to final award or the purchase order being issued, whichever comes sooner.

(11) Exceptional Purchases. The University has the following exceptional purchases:

(a) Purchase of Private Attorney Services. Written approval from the Attorney General is not required for private attorney services acquired by the University.

However, if the University decides to purchase printed materials through a competitive solicitation process, the preference provision in the Board of Governors Purchasing regulations shall apply.

(13) Types of Purchases Not Subject to the Competitive Solicitation Process. Purchasing actions that are not subject to the competitive solicitation process include those types of purchases that are enumerated in the Florida Board of Governors Purchasing regulations or Florida Statutes and commodities to be incorporated into any public work (as that term is defined in Fla. Admin. Code R. 12A-1.094) which are procured by the University in accordance with the requirements of the University's direct purchase program.

No federal funds may be used to pay any party who is listed on the federal excluded parties list system.

(16) Contractors/Vendors Excluded from Competition. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, invitations to bid and/or requests for proposals shall be excluded from competing for such procurements.

(17) University Employees Involved in the Competitive Solicitation Process. All persons taking part in the development or selection of criteria for evaluation, the evaluation process, and

(b) **Annual Appropriation.** Any contract for the purchase of services or tangible personal property for a period in excess of one fiscal year shall include the following statement: "The State of Florida's and University's performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature."

(c) **Extension.** Extension of a contract shall be for a period not to exceed 12 months, shall be in writing, shall be signed by both parties, and shall be subject to the same terms and conditions set forth in the original contract. There shall be only one extension of a contract.

(d) **Renewal.** A contract may contain provisions for renewal. If the commodity or contractual service is purchased as a result of a competitive solicitation, the cost of any contemplated renewal must be included in the solicitation response. All contract renewals are subject to sufficient annual appropriations.

(e) **Deferred Payment.** The President has the authority to enter into deferred payment agreements utilizing the State of Florida Controller's Consolidated Equipment Financing Program. When a commodity contract requires deferred payments and the payment of interest under that program, the contract will be submitted to the State of Florida Controller for the purpose of pre-audit review and approval prior to acceptance by the University. No agreement shall establish a debt of the State or shall be applied to the faith and credit of the State; nor shall any agreement be a liability or obligation of the State except from appropriated funds.

(f) **Limitation of Liability.** In order to promote cost-effective procurement of commodities and contractual services, the University may enter into contracts that limit the liability of a contractor/vendor consistent with Florida Statutes section 672.719.
