

Schedule Wizard

Summer Term Instructions

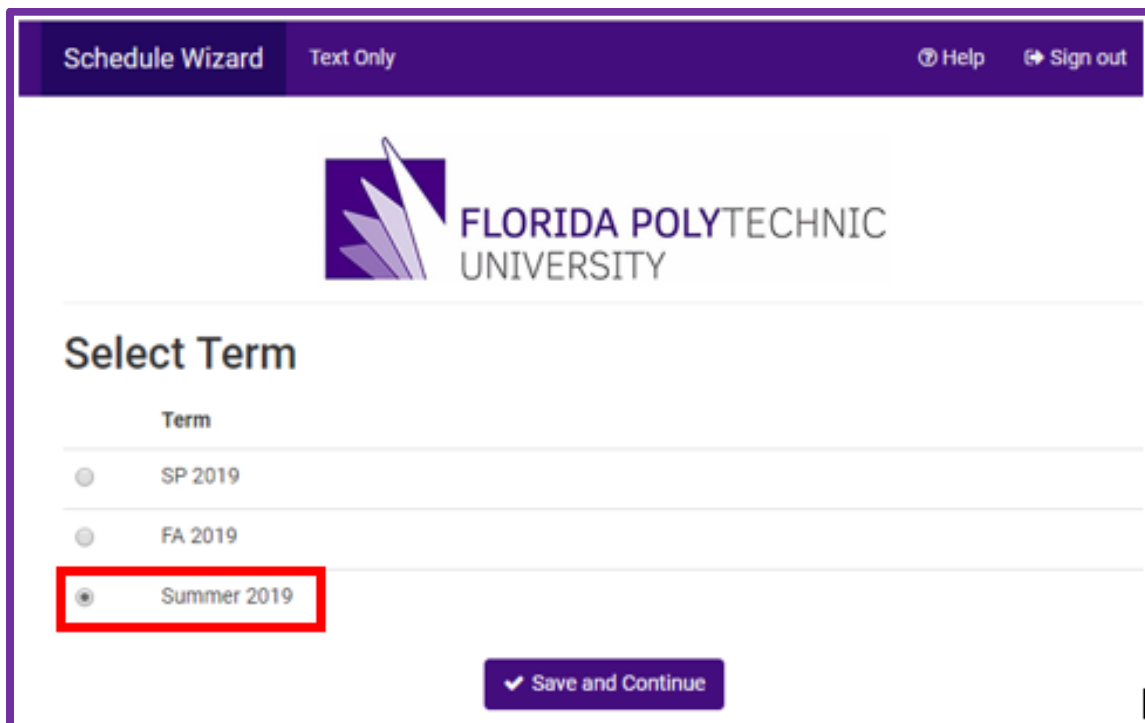

Things to know before you begin:

- The Schedule Wizard will allow students to simultaneously search for Summer courses across all 3 sessions (SUA, SUB, and SUC). This is so students can create an overall summer schedule that does not have any day/time conflicts.
- Course content during the summer is condensed and instructors may move through material quickly. It is recommend that undergraduate students take no more than 9 credit hours during the summer to ensure academic success.
- While Schedule Wizard will allow students to build a schedule across all 3 summer sessions, students will need to change their working term in [CAMS](#) to register for courses in the appropriate summer session.

Using Schedule Wizard in the Summer

1. After you login to Schedule Wizard through the [CAMS Portal](#) you will be asked to select a term. Selecting the Summer term will automatically select all Summer sessions (SUA, SUB, SUC)

2. To select a specific Summer session only, click the 'Change' button next to Sessions.

Each setting has a 'Change' button next to it. The 'Change' button for 'Sessions' is highlighted with a red box.

Below the note, there is a list of session options: 'Select All Sessions', 'SU A 2019', 'SU B 2019', and 'SU C 2019'. Each option has a checkbox. The checkboxes for 'SU A 2019' and 'SU C 2019' are checked and highlighted with red boxes. At the bottom of the dialog, there are 'Cancel' and 'Save' buttons.
