# I. GENERAL INFORMATION

## 1.1 FOREWORD

The purpose of the Faculty Handbook is to provide information, as well as sources of information, which faculty find beneficial. The Handbook describes the University's history, vision and mission, and defines the University's principles of governance. In addition, the Handbook describes the role of faculty government and various sources of authority from which delegations may flow. Faculty responsibilities, academic operating policies, University-wide and employment policies and regulations, and other policies are addressed within the document. In addition to consulting this handbook, every faculty member should familiarize him/herself with the University Academic Catalog and Student Handbook.

This handbook provides general references and links throughout to the University's regulations, policies, and guidelines for your convenience. Where appropriate, this document links to original source material (e.g., law, rule, regulation, policy, etc.) to ensure accuracy. While language included in the Handbook is intended to be current and accurate, in all cases the most current University regulation, policy, guideline, or Collective Bargaining Agreement as adopted by the Board of Trustees or University and available on the University's website shall govern.

This revised Faculty Handbook is the result of the work of many people, including those appointed by the Provost and serving on the Academic Policies & Procedures Committee (APPC). The handbook is subject to revision, which will typically only occur once annually. Recommendations by faculty members for making this Handbook more useful may be submitted in writing to the Provost and/or the University Academic Policies & Procedures Committee. Corrections and additions to the Faculty Handbook may be made to the current version as needed by the Office of the General Counsel.

Substantive changes to the Faculty Handbook typically will be developed by the APPC in conjunction with the Provost and in all cases require Board of Trustees approval.

A copy of the current Faculty Handbook is available on the University website.

*This Faculty Handbook is not a contract, either expressed or implied, between any faculty member or employee and Florida Polytechnic University. The language used in the Florida Polytechnic University Faculty Handbook does not constitute legal terms and conditions of employment, and if any policy or practice described herein is inconsistent with federal law, state law, or existing Collective Bargaining Agreement, such policy or practice is superseded by the applicable law or agreement.*

## 1.2 HISTORY OF FLORIDA POLY

Florida Polytechnic University grew out of the University of South Florida (USF). In 2008, the Florida Board of Governors authorized the conversion of the University of South Florida branch campus in Lakeland, Florida, to USF Polytechnic and it was given a separate operating budget within the University of South Florida system.

In 2011, USF Polytechnic submitted a request to the Board of Governors to separate from the University of South Florida and become an independent, stand-alone university within the State University System. At its November 2011 meeting, the Board of Governors voted to grant the request and make USF Polytechnic independent, contingent upon it meeting specified criteria. The approval from the Board of Governors was subject to a three-to-five year process that required USF Polytechnic to continue as part of the University of South Florida System until certain benchmarks, designated by the Board of Governors, were achieved.

However, Senate Bill 1994 was introduced in 2012 that immediately created Florida Poly as an independent university; it was signed into law on April 20, 2012, creating the 12th university in the State University System of Florida.

The law established Florida Polytechnic University as the state's only polytechnic university and required that it develop new academic programs in the fields of science, technology, engineering and mathematics (STEM).

On April 24, 2014, Dr. Randy K. Avent was selected by the Florida Polytechnic University Board of Trustees to be the University's first President. The University President, as Chief Executive Officer, reports directly to the Board of Trustees. The Board of Trustees, which established the powers and duties of the president by Resolution 2014-01, approved his contract on May 15, 2014.

Florida Polytechnic University officially welcomed its inaugural class of 554 students on August 25, 2014 when classes began for the fall 2014 semester. The students included 394 freshmen, 134 transfer students, and 26 graduate students. Ninety-seven percent of the students were Florida residents.

The University was granted initial accreditation by the Southern Association of Colleges and Schools Commission on Colleges on June 15, 2017 to award bachelor and master level degrees.

# II. PRINCIPLES FOR UNIVERSITY GOVERNANCE

The distinctive mission of technology-rich, industry-inspired education in advanced STEM fields through interdisciplinary learning, applied research, and interactive collaboration with high-tech industry partners of Florida Polytechnic University can best be achieved through cooperation, collaboration, and consultation among the membership of the entire university community. Achievement of that mission requires an understanding and commitment to the formal and informal collaborative decision processes by which the university conducts its work, maintains its standards, and responds to external feedback.

Central to effective and efficient university governance is open consultation, communication, and participation in decisions and decision-making bodies. An understanding of the responsibilities and limitations of authority by all members of the university community is also essential. Success of the university depends on collegial relationships and mutual respect among the faculty, staff, students, administrative officers, and representatives of external entities. All members of the university community must be accountable for their designated roles and responsibilities. Adhering to policies and procedures is essential to achieving the vital mission and goals of the university.

Florida Poly recognizes the value of diverse opinions in decision making and pursues its mission in an atmosphere of shared governance and open communication. Faculty and staff are involved in policy formation; faculty hold the primary implementation role in the learning, research, and service missions of the university. Faculty and staff also recognize their shared accountability for the performance of the university in carrying out its mission. In the spirit of promoting effective governance of the university, the following principles relative to members of the university community are adopted.

## 2.1 SHARED GOVERNANCE PRINCIPLES

### AUTHORITY

Ultimate authority for governance of the university is vested by the State of Florida in the Board of Governors, the Board of Trustees, and further delegated by the board to the president. The president exercises that authority through the vice presidents / provosts, directors, and other officials of the administration in consultation, as appropriate, with units of the university and with the faculty, staff, and students.

### CONSULTATION

To facilitate open communication and effective university governance, the president and other administrative officers of the university will appropriately consult with the faculty, staff, students, and external constituents on issues affecting both the university and these stakeholders. Consultation is characterized by early discussions with the affected constituencies; jointly formulated procedures for consultation; reasonable deadlines within

the constraints of the academic calendar; access to appropriate information; adequate feedback; and, timely communication of decisions to the affected constituencies.

## **REPRESENTATION**

Effective university governance includes consultation with the faculty, staff, students, and external constituents on matters affecting the mission of the University. Appropriate representation of these groups is normally obtained through the university's committee structure. Elected and appointed representatives should, as far as possible, be selected from among the relevant constituent faculties responsible for a particular degree program or scholarly discipline. When committees are established by the president to address matters affecting the academic mission of the university, faculty membership may be composed of representatives selected by the president or provost and/or chosen by the faculty. Staff, students, and external constituencies should be represented on committees as appropriate.

## **FACULTY REPRESENTATION**

The Faculty Assembly is the representative body of the faculty and serves to provide appropriate representation on matters affecting the academic mission of the university. Consultation with the faculty is conducted through their designated representatives and/or the Faculty Assembly, as well as through normal administrative channels.

### **2.1.1 Roles and Responsibilities**

#### **ADMINISTRATION**

The president has been delegated authority to administer the university, to lead the university so that its mission and goals are achieved, and to coordinate university relations with officers of the Board of Trustees. The president exercises primary authority through members of the administration in:

- Control and allocation of the budgeted appropriation and other funds;
- Establishment of the administrative organization;
- Administration of personnel appointments;
- Administration of university programs and policies;
- Administration of student affairs and services;
- Administration of campus operations and fiscal affairs;
- Administration of facility construction and maintenance programs;
- Administration of resource development and fund-raising; and
- Accomplishment of all other assignments to the university by the Board of Trustees.

The president is required by the Board of Trustees to articulate long range university goals and to see that high standards are maintained in all university programs. The president exerts a major influence on the specific direction of change, not only through basic judgments on budgets and staff, but also in the continuous evaluation of existing university programs and in the planning of overall program direction. Such evaluation and planning necessitates the participation of faculty, staff, students, representatives of external entities, and administrative groups and is accomplished through the offices of the vice presidents.

#### **FACULTY**

The principal responsibilities of the faculty are teaching, research, and service. A significant part of these responsibilities rely upon the faculty's perspective and partaking in the generation and implementation of policies that impact the university's mission. On matters primarily affecting the academic mission of the university (curriculum, subject matter and methods of instruction, advising, degree requirements, faculty scholarship, faculty status, faculty service), the faculty appropriately play a significant role. This role includes improving the academic programs and culture, which is manifested within the principle responsibility of the faculty to work collaboratively with the administration to effectuate improvements in existing programs and

develop new programs. The administration recognizes this responsibility and is committed to supporting the faculty in carrying out this important role.

### **UNIVERSITY COMMITTEES**

University committees play important roles in the governance of the university. These committees may be composed of faculty, staff, students, administrators, and representatives of external entities. The members are selected by the appropriate bodies or are appointed by the president or provost to advise the administration in the development of institutional policy, procedure, and practice. A listing of the university's standing committees with the membership of each is updated and distributed annually.

## **III. ADMINISTRATIVE ORGANIZATION**

Florida Poly's leadership is comprised of accomplished academics and expert businessmen and women committed to strategically developing Florida Poly as the world's best research and job generating university, and a standard for a thriving STEM-based economy. Florida Poly's distinguished STEM leaders and leadership are responsible for carrying out the mission and goals of the University as envisioned by the Board of Trustees.

### **3.1 BOARD OF TRUSTEES**

#### **3.1.1 Members**

Florida Poly is led by a Board of Trustees appointed by the Governor and by the Board of Governors of the State University System of Florida. Article IX, Section 7 of the Florida Constitution establishes the composition of the Board. Six members are appointed by the Florida Governor, and five members are appointed by the Board of Governors – all of whom must be confirmed by the Florida Senate. Two members serve by virtue of their offices: the chair of the faculty senate, or equivalent; and, the president of the student government organization. The Florida Poly Board of Trustees was established in 2012 and has assembled a dynamic team to lead its university operations and implement its strategic vision of innovation and collaboration with industry.

#### **3.1.2 Role & Responsibilities**

The Board of Trustees is established as a public body corporate, with all the powers of a body corporate as provided by the Florida Constitution, state law, and by delegation of the Board of Governors. The Board has all the powers and authority to effectively govern and set policy for Florida Polytechnic University and exercises those powers and duties prescribed by law. By regulation, the Board of Governors delegated to the state universities' boards of trustees the power to administer each constituent university. The Board is a corporation primarily acting as an instrumentality of the State of Florida pursuant to Section 768.28(2), Florida Statutes, for purposes of sovereign immunity.

The specific roles and responsibilities of the Board include:

- Serves as the governing body of the university and approves the university's mission.
- Selects the president of the university for ratification by the Board of Governors.
- Evaluates the president's performance annually and holds the president responsible for the university's operation and management, performance, fiscal accountability, and compliance with federal and state laws and rules and the Board of Governors' regulations.
- Responsible for ensuring the university has adequate financial resources to provide a sound educational program.
- Responsible for policy-making, planning, and appraisal actions.

In order to effectively fulfill its obligations under the law, the Board of Trustees may adopt resolutions, regulations, rules, and policies consistent with the university mission, the law, and Board of Governors regulations.

## 3.2 PRESIDENT

### 3.2.1 Role & Responsibilities

According to the amended and restated Florida Polytechnic University Board of Trustees By-laws, the president serves as executive officer and secretary of the board. As executive officer, the president's responsibilities include the following:

- Serve as the principal liaison officer and official contact between the board and the faculty, staff, and students of the university.
- Promote, support, and protect the interests of the university.
- Manage and direct university affairs.
- Serve as the university's key spokesperson.
- Execute documents on behalf of the university and the board.

The President of the University shall have the authority to appoint and to constitute councils, committees, advisory bodies, bureaus, or other units necessary and desirable for the effective administration and operation of the University.

See [Board of Trustees Resolution: Powers and Duties of the President](#)

### 3.2.2 Administrative Leadership

Florida Poly's distinguished STEM leaders and leadership are responsible for carrying out the mission and goals of the University as envisioned by the Board of Trustees. The administrative leadership team supports and advises the president on all matters.

## 3.3 PROVOST

### 3.3.1 Role & Responsibilities

The provost reports to the president of the university and works in partnership with the vice presidents, vice provosts, faculty, staff, and others in directing and managing the academic affairs of the university. As the university's chief academic officer, the responsibilities of the provost include the following:

- Oversee all aspects of the university’s growth, including attracting new students, recruiting faculty, and working with faculty to secure research grants.
- Play a leadership role in academic development, including creating quality curriculum and expanding the degrees offered by the institution.

## **3.4 DIVISION DIRECTORS & DEPARTMENT CHAIRS**

Academic Affairs includes two Division Directors and seven Department Chairs. The Graduate Division Director is responsible for the planning and administration of the university’s graduate programs, which are delivered through the academic departments.

The Division Director of Science, Arts, and Mathematics oversees Department Chairs for Natural Sciences; Mathematics; and the Arts-Humanities-Social Sciences departments.

Department Chairs for Mechanical & Environmental Engineering, Electrical and Computer Engineering, Computer Science, and Data Science and Business Analytics oversee the faculty and delivery of programs in these departments.

The Division Directors and Department Chairs work closely with the Provost and other Academic Affairs staff to fulfill the University’s academic mission.

Division Directors and Department Chairs are normally appointed for two or three-year terms. Responsibilities include, but are not limited to, leadership that supports the curriculum; student success; faculty development; and the University.

## **3.5 FACULTY GOVERNANCE**

### **3.5.1 Authority**

Faculty governance exists and derives its power from the authority delegated to it by the Board of Trustees. These powers and duties must be exercised in accordance with the regulations and policies of the university and the laws, regulations, and constitutions of the State of Florida and of the United States.

Decisions reached by the faculty governing body regarding its concerns are forwarded to the Provost, who may act on them, as appropriate, provided the authority to do so has been delegated by the President. For areas of concern where the authority has not been delegated to the Provost, the Provost will transmit such to the president for consideration.

### **3.5.2 Role & Responsibility**

As the most durable and stable of the constituencies immediately involved with the academic operation of the institution, the faculty has direct responsibility for academic quality and integrity. Collegial governance provides faculty with mechanisms and procedures, independent of the collective bargaining process, for the development and implementation of recommendations in areas of traditional faculty concern.

The duties of the Faculty as it relates to shared governance shall include, but not be limited to, formal recommendations on academic standards, curricula, courses of study, and the policies and regulations pertaining thereto, as well as the certification of candidates for degrees and recommendation to the Board of Trustees for award of degrees.

The designated faculty governance officers and executive committee are responsible for ensuring that the members of the campus faculty are kept informed of the activities of the faculty governing body and its committees.

## 3.6 UNIVERSITY-WIDE COMMITTEES

### 3.6.1 Function

Numerous University-wide committees serve to provide a formal venue for faculty “voice” in a manner that carefully provides consultation and advice to the President and to other officials on a broad spectrum of university activities. The President and the Provost are supported by a number of committees, from which they receive recommendations on various aspects of the university’s business. In rare but necessary circumstances, the president may act without committee consultation.

The President reserves, or delegates, the authority to establish university committees as needed and, in doing so, will specify the charge of the committee and membership construct. University committees are expected to act collectively as recommending bodies and are defined in a way that ensures appropriate representation of the relevant university community interests. These committees function to implement shared governance by way of constituent representation and consultation.

University committees will meet throughout the year to consider a wide range of issues that may fall within the purview of one of the established committees. The President or Provost will review university committees annually to evaluate the need, composition, procedures, and functions.

The University-Wide Committees are listed in **APPENDIX A** along with the charge and membership composition of each.

### 3.6.2 General Rules

**COMMITTEE MEMBERSHIP.** University committee members are appointed for a one-year term, renewable, which begins on the first day of fall semester classes, unless stated otherwise. Members appointed to a committee by university title (“ex-officio members”) serve on that committee by virtue of their position or special expertise, and are appointed for so long as they hold such title. For appointments managed by the Faculty Governing Body, elections and appointments to university committees shall take place according to the Constitution and Bylaws of the Governing Body. Unless stated to the contrary, ex-officio members of university committees have both voice and vote.

**COMMITTEE MEETINGS.** Each standing committee shall determine its own agenda. Members of the administration, faculty, staff and students may propose items to be placed on a relevant committee’s agenda by submitting such request to the committee chair. It is the responsibility of each committee chair to give advance notice of committee meetings and to attempt to resolve scheduling conflicts. The president or provost designates the chair of each committee, unless stated otherwise. In the event the selection of a committee chair falls on the committee itself, the committee members shall elect one of its voting members to serve as chair, which shall be the first matter of business the committee is to address at the first meeting of the committee without a designated chair. The chair of each committee is responsible for selecting or appointing an individual to note attendance and prepare the minutes for each meeting of the committee. Each committee may consult with students, staff, faculty, administrators and other resource persons as needed.

**QUORUM.** A quorum shall consist of a majority of the committee members eligible to vote.

**PROCEDURE.** Meetings of university committees shall be conducted according to the latest edition of Robert's Rules of Order, unless otherwise specified.

**VOTING.** A majority vote of the voting members present at a committee meeting shall be required for any action taken at the meeting to constitute an official act of the committee.

**VACANCIES.** If for any reason a member of a university committee is unable to serve for a period of one or more semesters, a replacement shall be named for that period. The selection of the replacement shall take place in the same manner as the selection of the member unable to serve.

### 3.6.3 Faculty Representation

Faculty representatives on a committee are designated to be selected by the President or Provost and/or nominated by the faculty. Where faculty representatives appointed to a university committee are designated to be elected or nominated by the faculty, such election and nominating procedures shall be in accordance with those specified in the valid constitution or bylaws of the Faculty Governing Body, or a senate.

## 3.7 UNIVERSITY INSTITUTES & CENTERS

Institutes and centers are university entities established to coordinate intra- and inter-institutional research, service, and/or educational/training activities that supplement and extend existing instruction, research, and service at the universities. In some cases, institutes and centers are established to provide the infrastructure needed to coordinate support activities across the State University System. A university institute or center is established normally within a single university and is funded by appropriations for that center and/or grants or donations. It may expend funds appropriated by the Legislature to that center. Additional institutions may participate, in some instances, with one university as the host.

[Florida Board of Governors \(BOG\) Regulation 10.015](#) sets forth the criteria and guidelines for both State of Florida and state university Institutes and Centers. It requires each state university to develop and publish clearly defined guidelines consistent with BOG policies for establishing, operating, evaluating, reviewing and disbanding university institutes and centers. University centers or institutes are created under university-established procedures.

Institutes and Centers are classified as either (1) State of Florida institutes or centers or (2) university institutes or centers.

### 3.7.1 State of Florida Institutes and Centers

Characteristics of a State of Florida Institute or Center:

- Has a statewide mission.
- Includes two or more State universities.
- Must be approved by the Florida Board of Governors.
- Has a Memorandum of Understanding among the presidents or their designees from all participating universities and the Chancellor or designee that specifies the host institution and outlines operational procedures for the institute or center.
- Has an advisory board with membership as designated in the Memorandum of Understanding.
- Has a separate unit account in the host university's operating budget.
- May spend State funds appropriated to the institute or center according to Legislative and/or university decisions.
- May spend "other" funds (e.g., fees; contracts and grants—including private, federal, and State contracts and grants not appropriated through the Educational and General budget entity).

## 3.7.2 University Institutes and Centers

Characteristics of a University Institute or Center:

- May expend “other” funds (e.g., fees; contracts and grants—including private, federal, and State contracts and grants not appropriated through the Educational and General budget entity).

## 3.7.3 Annual Reporting Requirements for All Institutes and Centers

No later than September 30 of each year, each Provost or his or her designee shall review the inventory of authorized institutes and centers to determine the accuracy of information that is maintained by the Division of Colleges and Universities. Additionally, a report of actual and estimated expenditure and position data, as well as evaluation/review information, shall be submitted for all institutes and centers that are approved for all or part of a given fiscal year (July 1-June 30):

- Total funds expended during the previous fiscal year (July 1-June 30) by funding source and by entity.

Through the work of various elected and appointed officers and committees, the SGA represents the views of the student body to the trustees, the administration, and various college committees. The SGA sponsors major social activities each year and advises the Student Affairs Office concerning the initiation of additional student social activities.

The SGA is maintained by the students in accordance with law and regulation, including [Florida Statutes Section 1004.26](#) (University student governments) and [Board of Governors regulation 6.014](#) (Student Governments). The SGA develops and adopts its constitution and bylaws, and any amendments thereto, in addition to its internal procedures, all of which must be approved by the University President.

### 3.8.1 SGA Branches

The SGA is composed of executive, judicial, and legislative branches.

- The Executive Branch includes the Student Body President, Vice President, Treasurer, Secretary and an Executive Cabinet. - The Judicial Branch is the Supreme Court, comprised of a Chief Justice and six Associate Justices. The seven Justices are appointed by the Student Body President and confirmed by the Senate. The Supreme Court hears student concerns, helps conduct all SGA elections, and holds trials for officials who breach the SGA Constitution.

## 4.4 FACULTY GOVERNANCE

### 4.4.1 Role in Academic Governance

The concept of academic governance embraces the notion that governance and decision-making are shared tasks and responsibilities that can be allocated in various ways, but in legal terms, legal authority and responsibility for all decisions ultimately rests with the Board of Trustees. In the making of policy and addressing matters concerning the general academic welfare of the university, the faculty shall collaborate with the administration in developing recommendations to the provost, then president, for submission to the Board of Trustees, as appropriate pursuant to applicable processes.

It is a guiding principle of university shared governance that the faculty and the administration shall collaborate in major decisions affecting the academic welfare of the university. In every case, the faculty and the administration participate in the governance and operation of the university as provided by and in accordance with the regulations of the Board of Governors and the Board of Trustees, university policies and the laws and regulations of the State of Florida.

The general faculty shall function individually or collectively to recommend and refer to the faculty governing body those matters dealing with the academic community and welfare of the university which it would desire to have the faculty government consider. This does not deny the right of direct approach of any member of the general faculty to the president or the administration. ### 4.4.3 Form of Rule

The faculty governing body shall practice direct rule, unless the faculty collectively, by vote, decide on a form of representative rule. Should the faculty determine to adopt representative rule, faculty representatives shall be apportioned among the constituent academic departments on a basis defined in the Faculty Governing Body's Constitutions and/or Bylaws.

### 4.4.4 Constitution & Bylaws

Faculty governance associations established to represent the university faculty are required to develop a constitution and/or bylaws and operate in accordance with such, which shall be consistent with this Faculty Handbook, university rules, regulations, and policies, and the laws, regulations and constitutions of the State of Florida and of the United States. Any part of the faculty governing body constitution that is in conflict with the laws of the State of Florida or BOT/UFF agreement shall be null and void.

Upon creation of or revision to the constitution or bylaws of any faculty governing body, the validity of such will be subject to submission to the Office of the General Counsel for review and approval in regards to: (i) appropriate scope and authority; and (ii) adherence to the process for making such revisions as specified in the valid governing document.

Any faculty governance association constitution or bylaws, or amendment to such, shall go into effect upon review and necessary approval, as described above, by the Office of the General Counsel. Sections of such that require enabling revisions to university regulations or policies shall go into effect only upon approval of such revisions by the appropriate designated authority.

Upon proper adoption, such governing documents must be published and made available to university faculty.

## **4.5 FACULTY GOVERNING BODY**

### **4.5.1 Purpose**

### **4.5.2 Functions & Responsibilities**

The Faculty Governing Body is responsible for the following functions:

- The Faculty Governing Body shall take the initiative for establishing, by mutual agreement with the President and the Provost, procedures governing the form and nature of consultation that is to occur between them, the nature of the issues in which consultation is to be required, and matters as to which notice of impending action shall be given.
- Both the Faculty Governing Body and its committees and the officers of the campus administration shall be responsible for communicating with each other through appropriate channels.
- The Faculty Governing Body shall be responsible for electing or appointing its faculty representatives to the university committees, for generating nominations for faculty representation on committees, and for ensuring that the activities of the assembly and its committees are coordinated with the activities of the university administration and its committees.

### **4.5.3 Role of Committees**

Certain university committees designate faculty representatives to be selected by the Faculty Governing Body from among its members. Items deserving of faculty consideration may be brought to the attention of any university committee through the faculty representative assigned to serve on the relevant committee. Committee members representing the Faculty Governing Body are expected to vote on committee business in accordance with their concepts of the best interests of the university.

Upon election or appointment to a committee through the Faculty Governing Body, selected faculty representatives shall be timely notified of meetings of committees and shall report to the full Assembly, or any other faculty governing body, the outcomes of meetings on a regular basis.

## 4.5.4 Constitution

The Constitution as adopted by the Faculty Governing Body is attached as APPENDIX B and shall go into effect upon review and approval, as described above, by the Office of the General Counsel.

## 4.6 FACULTY: EVALUATION & PROMOTION

Faculty members are considered for promotion to the next higher rank based upon their accomplishments relative to defined criteria. Promotion decisions represent an evaluation on the part of the University of the faculty member's total value to the University and potential for the future as evidenced by past performance. They require not only a consideration of the candidate's fulfillment of assigned responsibilities in research, teaching, and service, but also a broad-scale evaluation of the individual's ability to effectively fulfill the responsibilities of membership in the University community.

### 4.6.1 Annual Evaluation

Faculty members are evaluated at least once annually, on the basis of their performance of assigned duties and responsibilities and their contribution to the orderly and effective functioning of the academic unit and the total University. The annual appraisal period will be February 1 through January 31. The basic purpose of the annual evaluation is faculty improvement in the functions of teaching, research, service, and other duties that may be assigned. Individuals responsible for the supervision and evaluation of a faculty member should endeavor to assist the faculty member in correcting any performance deficiencies reflected in the annual evaluation. Faculty members are also encouraged to accept and seek such assistance, if needed. The evaluation should also address progress toward promotion.

The individual responsible for the evaluation should provide the faculty member with a written copy of the evaluation. The evaluator will offer the faculty member the opportunity to discuss the evaluation prior to its being finalized. The evaluation shall be signed and dated by the evaluator, and by the employee being evaluated; the employee may attach a concise comment to the evaluation. A copy of the evaluation shall be made available to the employee. The employee may request, in writing, a meeting with the administrator at the next higher level to discuss concerns regarding the evaluation which were not resolved in previous discussions with the evaluator.

Personnel decisions, including promotional decisions, shall take the annual evaluations into account, but personnel decisions need not be based solely on written employee performance evaluations.

See [Collective Bargaining Agreement](#) Article 8, Performance Evaluations

A sabbatical recognizes prior teaching and scholarly achievements at the University and anticipates future teaching and scholarly contributions.

Sabbaticals must provide the University with professional value, and offer faculty with opportunities for professional renewal, planned travel, study, formal education, research, faculty development, certification, or other experiences.

See [Collective Bargaining Agreement](#) Article 14.2, Professional Development & Sabbatical Leave

## 4.8 FACULTY: PROFESSIONAL DEVELOPMENT

The University supports the development of its workforce as teachers, scholars, and practitioners by providing resources and programs. Such support includes but is not limited to internal research grants, financial support including travel support, orientation programs, instructional technology workshops, and speakers' series. Professional Development funds are dispersed by the Provost or his/her designee based on appropriateness of the request and budget availability.

See [Collective Bargaining Agreement Article](#) 14.1, Professional Development & Sabbatical Leave

# V. UNIVERSITY-WIDE REGULATION & POLICIES

It includes both freedom of thought and expression, and it applies to teaching, research/creative activities, and professional, public, and University service. Academic freedom is accompanied by corresponding faculty and administration responsibilities, arising from the nature of the educational process.

The University administration and faculty are fully committed to maintaining, encouraging, and protecting academic freedom. In accordance, University policy [FPU-5.0012AP Protection of Academic Freedom](#) provides the necessary procedures, which work to supplement [FPU-6.0011P Employee Grievance Procedure](#), to safeguard academic freedom and promote a prompt and equitable process to resolve alleged violations.

Florida Poly's Non-Discrimination regulation and Sexual Harassment policy affirms its commitment to ensure that each member of the University community shall be permitted to work, study, and interact with each other in a dignified learning environment free from any form of unlawful discrimination. University policy imposes

mandatory reporting of violations for certain University employees, and all faculty members are expected to comply with such requirements.

**Note:** The definition of sexual harassment excludes the use of sexual material in a classroom setting for academic purposes. If you need advice about how to present sexual material in classrooms or how to respond to student concerns about such material, contact the Provost.

## 5.3 USE OF UNIVERSITY NAME & LOGOS

Faculty are permitted to use their titles in public. However, faculty should take care to avoid the appearance that their public statements represent the official positions of the faculty of Florida Polytechnic University or the University itself. A faculty member may not use his or her title in a way that implies that the university is actually or implicitly espousing a particular view or endorsing any person, organization, product, service, or belief.

Similarly, faculty may not use the name, logos, facilities, or resources of the university for any personal, commercial, or similar purposes, or to participate in, or intervene in (including the publishing or distribution of statements) any political campaign on behalf of, or in opposition to, any candidate for political office.

### 5.3.1 General Guidelines for Use of University Trademarks (Name, logo, mascot)

- The University has an obligation to its students, faculty, staff, donors, and others to ensure that the use of its name falls, in general, within its primary mission of education and research. Some activities such as promotion of individual causes, political or otherwise, clearly fall outside its mission as a public institution.
- Use of University trademarks in connection with an activity, project, or product implies a close association with the University and is generally construed as sponsorship or endorsement. The University must ensure that this portrayal is accurate and that it has the requisite control of the activity, project, or product to ensure that the implied close association remains an accurate representation of the affiliation with the University.
- Use of University trademarks in situations having a potential to diminish or damage the University's image and reputation must be avoided.
- If there is a potential for financial, legal, or reputational risk to the University through the use of its trademarks, for example on a particular product, such use of University trademarks should be avoided.
- Florida Polytechnic University's trademarks may not be used in any way that discriminates or implies discrimination against any person or group based on race, color, national origin, marital status, sex, religion, age, disability, sexual orientation, gender identity, gender expression, or veteran status, or in any other way that would be in violation of Florida Polytechnic University's non-discrimination policies or practices.
- No one other than the Florida Polytechnic University may claim copyright or trademark rights to the University trademarks or seek to register any design that incorporates a University trademark.
- Use of any University trademarks shall follow these guidelines and additionally must adhere to the graphic standards outlined in the University's Brand Manual. Such use requires review and approval by the Director of Marketing before printing or manufacturing is permitted.
- The University's trademarks may not be used to create new trademarks and may not be integrated or combined with existing trademarks. Issues regarding co-branding must follow the guidelines above and require review and approval by the Director of Marketing and Communications and the Office of the General Counsel.
- The University Seal is used to authenticate official University documents and to communicate the significance of special occasions and events. It is generally reserved for more formal uses such as graduation programs, transcripts, diplomas, and certificates.
- The Phoenix mark represents student spirit and may only be used on the student focused materials and merchandise and requires approval from the Director of Marketing.

### 5.3.2 Internal Approval Process

Any proposed use of the University name and/or trademarks that refers to the institution as a whole, or which requires approval in advance pursuant to university policy [FPU-1.0132P Use of University Name and Logo](#), must be submitted to the Director of Marketing. The Director of Marketing will review all requests upon submission and will subsequently forward each request, with a recommendation to the Office of the General Counsel, who will make the final decision.

See [FPU-1.0132P Use of University Name and Logo](#)

See University Brand Manual

## 5.4 ANTI-HAZING

Florida Polytechnic University believes every student has the right to pursue their education in an enriching and fulfilling environment without fear of being degraded or exposed to harm. The entire University community is committed to raising awareness of the importance of hazing prevention so that all students are able to participate in campus life without concern of being hazed.

The University prohibits all forms of hazing as defined by the Student Code of Conduct, regardless of where or when the hazing occurs. In addition to facing disciplinary actions by the University, students engaging in hazing may face criminal charges under Section 1006.63, Florida Statutes.

See [FPU-3.0062P Anti-Hazing](#)

See [FPU-3.006 Student Code of Conduct](#)

See Florida Statutes, Section 1006.63

## 5.5 PUBLIC RECORDS & OPEN MEETING REQUIREMENTS

Florida's State Constitution, in conjunction with the provisions of Chapter 119, Florida Statutes, provides what is commonly known as "Florida's Public Records Law." The Public Records Law provides the structure for the State's open government by affording the public a constitutional right of access to state governmental meetings and records. Florida Poly faculty members are employees of the state and therefore are expected and required to adhere to any applicable provisions of the public record requirements.

Under Florida law, most of the University's records are considered open and subject to public inspection upon request. However, there are specific exceptions that result in certain records, or portions thereof, to be held and maintained as confidential. To ensure compliance, all faculty members should refer public records requests to their supervisors or to the Office of the General Counsel.

### 5.5.1 Open Meetings

The Sunshine Law Open Meetings Act, under Chapter 286 of the Florida Statutes, provides an open government by establishing the public's basic right of access to all meetings held by any board or commission of a public entity, at which official business is to be conducted. The law requires meetings of boards or commissions to be open to the public, the public be provided with reasonable notice of such meetings, and that the minutes of such meetings are taken.

### 5.5.2 Public Records

Public records, as determined by the Florida Supreme Court, include all materials made or received by the University in connection with official business that are used to perpetuate, communicate, or formalize knowledge. In addition to traditional written documents, public records include, but are not limited to, tapes, photographs, films, sound recordings, data processing software. Public records are subject to public inspection, upon request, unless a statutory exemption applies. Requirements pertaining to public records, including a list of specific exceptions that prevent those records from the mandatory disclosure requirements, can be found in Chapter 119 of the Florida Statutes. All University employees should review the applicable statutory provisions in order for Florida Poly to ensure compliance is continuously maintained.

The two primary exceptions that apply to the University and provide the records with confidentiality protections include: (1) faculty academic evaluative materials, and (2) student records protected under The Family Educational Rights and Privacy Act (“FERPA”).

### 5.5.3 Record Retention Requirements

The University is subject to certain recordkeeping requirements and must maintain specific records in accordance with the applicable retention period required by federal and state laws and regulations. Faculty members should be aware that the retention periods set forth in Records Schedule GS1-SL State and Local Government Agencies and GS5 Public Universities and Colleges, established by the Department of State, provides the minimum retention period required by law and that University rules, regulations, and policies may impose extended retention periods for certain records.

See [FPU-1.0123P Public Records Policy](#)

See [FPU-1.0122P Record Retention Policy](#)

## 5.6 INTELLECTUAL PROPERTY POLICY

The University is dedicated to teaching, research, and the pursuit of knowledge for the benefit and use of society. An inherent objective of the University is to encourage creative activity and nurture innovation by recognizing and rewarding individuals who engage in such endeavors. The University recognizes that the natural outgrowth of research, scholarly, and other University activities conducted by faculty, staff, students, and others may result in the development of inventions and discoveries of commercial importance. Consequently, it is incumbent upon the University to seek assurance that any intellectual property and related rights arising from research, scholarly, and other University activities are administered consistent with the public interest. Because the protection of intellectual property can often enhance the potential for investment and commercialization, the University seeks to protect the property rights of those ideas and discoveries that arise out of the activities of its faculty, staff, students, and others where it appears necessary or beneficial to do so.

### 5.6.1 Intellectual Property Ownership

As a public institution, Florida Polytechnic University is entrusted with the responsibility to see that intellectual property produced at the University is administered in the best interest of the local and national public. Pursuant to university policy, faculty own IP that is developed on their own personal, unpaid time, in the absence of any sponsored project agreement or other agreement giving rights to the University, and without significant use of University Resources. On the other hand, ownership of all other IP immediately vests with the university upon creation, conception and/or reduction to practice in the following circumstances: (i) IP is created by university faculty pursuant to a sponsored project agreement to which the university is a party; (ii) IP is created as a “work-for-hire” or pursuant to a written agreement with the University providing for the assignment of any Intellectual Property rights to the University; and (iii) IP is developed by university faculty within his/her scope of employment and with significant use of university resources.

### 5.6.2 Faculty Outside Consulting Agreements

University employees who are consulting for, visiting, or collaborating with other entities may be asked by other entities to sign documents (e.g., consulting agreements, facility access arrangements, and non-disclosure/confidentiality agreements). Such third-party agreements often contain language conferring rights to inventions arising from access to information or facilities, and the signing of such agreement may conflict with an individual’s existing obligations to the University. It is the responsibility of each individual to ensure that the terms of any consulting or other agreements with a third party do not conflict with his/her commitment to the University. A University employee should make the nature of his/her obligations to the University clear to any third party for whom he or she expects to consult or collaborate with. Specifically, the scope of the

consulting services should be distinguished from the scope of any individual's University research commitments.

The University will not negotiate any outside consulting agreements on behalf of any employee or student; however, any questions regarding a University policy or regulation may be directed to the General Counsel's Office.

According to the University's Intellectual Property Policy, the author or inventor and the university share in the proceeds of such intellectual property. Faculty members are not authorized to waive Florida Poly's intellectual property rights.

It is the responsibility of Florida Polytechnic to manage the technology transfer process for all patent, trademark and copyright matters relating to the identification, protection and commercialization of Florida Poly-owned Works and Inventions. Technology Transfer represents Florida Poly in the implementation of the Florida Poly Intellectual Property Policy with regard to governmental entities, industry and the public. Technology Transfer works to transfer all Florida Poly technologies available for licensing to industry and start-up companies.

### 5.6.3 Disclosure Process

All Florida Poly supported works and inventions created by faculty members are required by state and federal laws to be promptly disclosed. The disclosure is made using the Florida Poly Invention Disclosure form. When completed, the Disclosure should be submitted in accordance with the University's Intellectual Property Policy. These documents provide the University with the necessary information to evaluate feasibility, patentability, market demand, inventorship, and any obligations to research sponsors.

Disclosures must be kept confidential until a patent application or copyright has been filed or certain rights may be lost. Faculty should refrain from discussing the invention or sending it to others, including any sponsor, until necessary confidentiality agreements can be signed by all parties. This includes discussions, papers, posters, publications, and presentations. Research notebooks referencing the work or invention described in the Disclosure should be witnessed and kept in a safe place. The location of the notebooks should be documented in the Disclosure.

The University will evaluate all Disclosures for their commercialization potential and to determine the appropriate means for protecting and promoting the development of the technology, with the assistance and cooperation of the university faculty creator(s). The University will provide a timely response to the university creator(s), generally not to exceed sixty (60) days from the date of disclosure, and may engage outside evaluators and other consultants to review the disclosure, as well as to assist in the licensing, commercialization, and protection of the IP.

## 5.7 DEMONSTRATIONS AND CAMPUS FREE EXPRESSION

Subject to the limitations of University regulation [FPU-1.007](#), University grounds may be used for demonstrations and other exercises of free speech and assembly by the University and University-related organizations. However, demonstrations are not permitted inside University buildings. Such use must not disrupt or interfere with the normal operations of the University, any academic or other University activities, or the rights of other members of the University community. Persons engaging in protected speech on University grounds must follow all applicable University regulations and policies and shall be fully responsible for any violation of federal or state law or University regulation.

See [FPU-1.007 Campus Free Expression](#)

## 5.8 COMMERCIAL SOLICITATION ON CAMPUS

Persons or entities wishing to solicit business on University property, including advertising and other promotional marketing efforts, must first obtain written approval from the University CFO or designee. The University may assess fees and charges for commercial solicitation, advertising, or other promotional efforts conducted on University property.

Students and student groups wishing to conduct commercial solicitations on University property must first obtain written approval from the Vice Provost of Student Affairs to do so and must comply with the applicable University policies and procedures.

See [FPU-1.009 Commercial Solicitation on University Property](#)

## 5.9 EVENTS ON CAMPUS

University facilities are scheduled on a priority basis to serve university needs and, when available, to accommodate non-university groups and the general public. University regulation provides set priorities for facility use, scheduling procedures and fees.

In order to conduct an event on campus the individual, organization or sponsor (the “Organizer”) must request approval through the official University Event Management System and receive approval from the Director of Auxiliary Services or his/her designee

## 5.12 CAMPUS LAKES

The University does not permit boating, swimming, diving, or wading in the campus waterways without prior written approval by the President or designee for safety reasons.

### 5.12.1 Alligators and Snakes

Alligators can be found in virtually every body of water on campus and are normally shy creatures. But when fed by people, they lose that fear and associate people with food. An alligator that has lost its fear of humans can be extremely dangerous and can approach you looking for food. There are numerous cases in Florida where alligators have attacked people or pets because they have lost the fear of humans.

Be aware of the possibility of alligator attacks when in or near fresh or brackish water bodies. Attacks may occur when people do not pay close enough attention to their surroundings when working or recreating near water.

- Do not swim in any of the ponds or lakes on or near the campus as the waters might be inhabited by alligators.
- Alligators are most active between dusk and dawn.
- Leave alligators alone: State law prohibits killing, harassing or possessing alligators.
- Never feed or entice alligators: it is dangerous and illegal. When fed, alligators overcome their natural wariness and learn to associate people with food.

Report nuisance alligators to Florida Fish and Wildlife Conservation Commission (FFWCC) by calling 1-866-FWC-GATOR.

Of the many species of native snakes in Florida, not all are venomous. Still, we strongly suggest that you give all snakes plenty of room.

### 5.12.2 Fishing

Catch-and-release, leave-no-trace fishing is allowed only in southernmost pond of the J.D. Alexander Campus (by the Flag Park).

See [FPU-1.0031P Campus Water Bodies](#)

## 5.13 USE OF UNIVERSITY INFORMATION TECHNOLOGY RESOURCES

The use of University IT resources is a privilege and imposes certain responsibilities and obligations on Users whose use of University IT Resources is subject to state and federal law, as well as University regulations and policies (collectively referred to as “rules”). These rules apply when the User is accessing the Internet using University IT Resources and when using University mobile devices inside or outside the University premises.

## VI. EMPLOYMENT REGULATIONS & POLICIES

### 6.1 PROFESSIONAL ETHICS & UNIVERSITY COMMUNITY

The University acknowledges a concern for values and ethics that are important to the educational experience and process. Faculty members are expected to show an awareness that membership in the academic profession carries with it special responsibilities. The following responsibilities of faculty members are taken from the *American Association of University Professors (AAUP) Statement on Professional Ethics*, with slight modifications.

The professor, guided by a deep conviction of the worth and dignity of the advancement of knowledge, recognizes the special responsibilities of the profession. The professor's primary responsibility to his or her subject is to seek and to state the truth as he or she sees it. To this end, the professor devotes energies to developing and improving scholarly competence. The professor accepts the obligation to exercise critical self-discipline and judgment in using, extending, and transmitting knowledge. The professor must never seriously hamper or compromise freedom of inquiry.

As an instructor, the professor encourages the free pursuit of learning in students. The professor holds before him/her the best scholarly standards of his or her discipline. The professor demonstrates respect for the student as an individual and adheres to the proper role of intellectual guide and counselor. The professor makes every reasonable effort to foster honest academic conduct and to assure that the evaluation of students reflects their true merit. The professor respects the confidential nature of the relationship between professor and student. The professor avoids any exploitation of students for private advantage and acknowledges significant assistance from them. The professor protects academic freedom.

As a colleague, the professor has obligations that derive from common membership in the community of scholars. The professor respects and defends the free inquiry of associates. During the exchange of criticism and ideas, the professor must show due respect for others' opinions. The professor acknowledges academic debts and strives to be objective in the professional judgment of colleagues. The professor accepts his or her share of faculty responsibilities for the governance of the institution.

As a member of an institution, the professor seeks above all to be an effective teacher and scholar. Although the professor observes the stated regulations of the institution, provided they do not contravene academic freedom, the professor maintains the right to criticize and seek revision. The professor determines the amount and character of his or her work performed outside the institution (the amount of work is governed by the University policy), with due regard to his or her paramount institutional responsibilities. When

considering the interruption or termination of employment, the professor recognizes the effect of this decision upon the program of the institution and gives due notice of his or her intentions.

As a member of the community, the professor has the rights and obligations of any citizen. The professor measures the urgency of these obligations in light of responsibilities to his or her subject, to students, to the profession, and to the institution. The professor, when speaking or acting as a private person, should avoid creating the impression that he or she speaks or acts for the college or University. As a citizen engaged in a profession that depends upon freedom for its health and integrity, the professor has a particular obligation to promote conditions of free inquiry and to further public understanding of academic freedom.

Faculty, as intellectual leaders of the institution, are expected to demonstrate the highest level of ethics when it comes to teaching, research and scholarship, and service. This includes appropriate representation of source material and presentation of oneself as an intellectual and a professional. Absence of representation, misrepresentation, or false representation of oneself or one's work or the actions or work of others is grounds for disciplinary action.

See [Collective Bargaining Agreement](#), Article 9. Discipline.

## 6.2 EMPLOYEE CODE OF CONDUCT AND ETHICS

The Florida Polytechnic University's Board of Trustees and the University's administration value high ethical standards. Thus, it is expected that all of the University's businesses, operations, and interactions with those within and outside the University community will be executed in a manner exhibiting the highest degree of ethical standards and conduct. To provide the University faculty, staff, and representatives guidance and notice of their obligations, this Code of Conduct and Ethics describes general expectations for achieving and maintaining an organizational culture that affirms the University's responsibility to protect its resources, its employees, its students, and its reputation.

The University, through its personnel, is entrusted by the public with financial resources and social responsibilities. All University personnel play a key role in assuring that high standards of ethical practice are utilized regarding the custody and use of these resources. To accomplish this, it is expected that University personnel observe and be faithful to the values embodied in this Code of Conduct and Ethics so that all in the University community will enjoy a professional and supportive work environment.

This Code is not intended to stand alone. Rather, it complements and serves as a link with state and federal laws and other rules and regulations that govern the University's operations and its personnel's ethical conduct. Further, this Code is described in a general manner and is not intended to address every circumstance of expected ethical behavior. As such, any member of the University community who may be confronted with an ethical dilemma should first contact his or her immediate supervisor or others in their supervisory chain to seek guidance in addressing issues that are not directly covered by this Code.

All University personnel are required to observe and comply with all state and federal laws applicable to the University. Any questions regarding the application of law to situations, or the compliance requirements of the law, should be referred by University personnel to their immediate supervisor or any other individual in his or her supervisory chain. Should anyone in the supervisory chain require assistance in interpreting the legal requirements of compliance efforts, they may contact the Office of the General Counsel.

See [FPU-6.002 Personnel Code of Conduct and Ethics](#)

See [Collective Bargaining Agreement](#), Article 8, Performance Evaluations

## 6.2.1 Discrimination, Harassment, and Mistreatment

The University is committed to providing and maintaining an environment that is free of discrimination, harassment, or mistreatment based on one's membership in a protected class. The University does not tolerate any form of prohibited discriminatory or harassing behavior directed toward another member of the University community.

See [FPU-1.004 Non-Discrimination and Equal Opportunity](#)

See [FPU-1.005 Discrimination and Harassment Complaint Policy and Procedures](#)

See [FPU-1.005P Sexual Harassment](#)

## 6.2.2 Use of University Resources

The University's resources and facilities are for official and authorized use only and in furtherance of the University's mission and organizational culture. Thus, University personnel should not misuse the University's resources and/or facilities and should not permit others to inappropriately use these resources and/or facilities. The University understands the occasional use of certain resources (e.g. computer and telephone) for personal reasons; however, such personal use by University personnel should not result in expense to the University or interfere with the performance of required duties or the University's mission. Moreover, it is expected that University personnel will not use any of the University's resources and facilities for any illegal or unauthorized commercial activities, or in any manner which is inconsistent with the University's mission. University personnel shall not allow or assist others in illegal or unauthorized commercial use of these resources.

See [FPU-1.011 Political Activity on Campus](#)

See [FPU-1.0039P Use of University Vehicles and Other Vehicles for University Business](#)

## 6.2.3 Outside Employment & Activities

All University employees have certain ethical and professional responsibilities as public employees, which include the requirements of the Code of Ethics for Public Officers and Employees, located in Chapter 112, Part III, Florida Statutes. Full-time personnel who wish to engage in outside employment or activities must report to their supervisor, in writing, the details of such proposed employment or outside activity and must obtain written approval prior to engaging in the employment/activity.

See [FPU-6.008 Outside Employment / Outside Activity](#)

See [Florida Board of Governors Regulation 1.006](#)

See [Florida Statutes, Chapter 112, Part III](#)

## 6.2.4 Protection of Confidential Information

Florida Polytechnic University is subject to Florida's "Government-in-the-Sunshine" law meaning that most University-related documents, in any form including e-mail, are subject to request and inspection by the public. However, certain personal and official information regarding students, faculty, staff and donors are confidential and cannot be disclosed to others pursuant to federal and/or state laws, including but not limited to the Family Educational Rights and Privacy Act (FERPA), the Americans with Disabilities Act (ADA) and state law regarding limited access to faculty evaluative information. As such, the University expects confidential information about its students, faculty, staff, and donors to be protected in accordance with the provisions of these and other pertinent laws. Any questions regarding what constitutes "confidential" information and laws applicable to specific situations should be referred by University personnel to their immediate supervisor or any other individual in his or her supervisory chain. Similarly, should anyone in the supervisory chain require assistance regarding "confidential" information, questions should be directed to the Office of the General Counsel.

**Student Information.** The Federal Family Educational Rights and Privacy Act (FERPA), commonly known as the Buckley Amendment, along with its State counterpart located in Section 1002.22 of the Florida Statutes, protect the privacy of student records and allow individual students access to their education records. The only information within a student's record that may be subject to disclosure, without the student's written permission, is information deemed by the University to be public directory information. However, a student may submit a written request to the University to keep his or her directory information confidential if the student does not want such information to be disclosed.

University regulation requires faculty members to maintain and protect the privacy and confidentiality of student education records. If an individual, including a parent, guardian, spouse or other interested party, inquires about academic information or any other matter regarding a student, the faculty member should not divulge information as it may be privileged. In these circumstances, the faculty member shall take the following action:

1. Refer the party to the Provost/designee for a determination as to whether the student has waived their privilege;
2. Advise the individual that under the Family Educational Rights and Privacy Act, a federal law covering Florida Polytechnic University, the requested information cannot be divulged absent a waiver or authorization from the student.

See [FPU-3.001 Confidentiality of Student Records and Applicant Records](#)

See 6C13-6.008 Personnel and Limited Access Records

See [Florida Statutes, Section 1002.22](#)

See FERPA

## 6.2.5 Using Organizational Status to Influence Business Decisions

The university expects that its personnel who hold purchasing or other decision-making positions will not attempt to use their University status to influence business transactions which may result in their experiencing any personal, financial, or material gain on behalf of themselves or others.

See [FPU-8.001 Procurement](#)

## 6.2.6 Nepotism / Reporting Structure

University personnel should avoid situations where they may influence the decision to hire a family member at the University. A conflict of interest would exist, for example, if personnel serve on a selection committee or in a decision-making chain where a family member has applied for employment. In such a scenario, University personnel should disclose their familial status to the chair of the selection committee or Human Resources prior to the candidate's interview. Further, employees are not permitted to supervise family members as a conflict of interest would exist if a supervisor had to conduct a performance appraisal on a family member.

See [FPU-6.009 Employment of Relatives](#)

## 6.2.7 Purchase of Property from Board of Trustees

No University personnel should enter into a personal agreement or a contract to purchase goods or services, except those available to the general public, from a member of the University's Board of Trustees or the Trustee's firm without first discussing the transaction with the University's Office of the General Counsel. Transactions of this type may have the appearance of impropriety and result in a conflict of interest that at the very least may reflect poorly on the individual, the Trustee, and/or the University.

## 6.2.8 Gifts and Honoraria

In accordance with Florida law, certain University personnel are prohibited from giving, soliciting, or accepting certain gifts from vendors doing business with the University and must comply with the reporting requirements of the statute.

## 6.2.9 Use of University Intellectual Property, Copyrights, Patents, and Trademarks

The University observes all intellectual property, patent, and copyright laws and expects all University personnel to comply with the laws regarding the use of such property. For example, the University's trademark, seal, and letterhead must only be used in relation to University-related activities and University business matters. Any other use of the University's intellectual property is strictly prohibited. Should University personnel have any questions regarding whether their intended use of the University's intellectual property may be in contradiction to "University-related activities and University business matters" the individual should consult their immediate supervisor or any other individual in his or her supervisory chain. Should anyone in the supervisory chain require assistance in interpreting whether the intended use of patents, copyrights, or trademarks falls within accepted University activities or business matters, the supervisor should contact the Office of the General Counsel to seek guidance regarding any question that they may have regarding the intended use of the intellectual property.

See [FPU-1.0132P Use of University Name and Logo](#)

See [FPU-1.0061P Intellectual Property](#)

## 6.2.10 Professional Ethics

All University personnel who are members of professional associations external to the University are expected to abide by their association's code of ethics and other membership guidelines. If University personnel are found to have violated an external association's code of ethics or membership guidelines and such violation may negatively impact the University or the individual's employment at the University, such personnel must report the alleged violation to their supervisor, or other in his or her supervisory chain so that the impact of the alleged violation may be evaluated by the appropriate University representatives.

## 6.3 FACULTY CREDENTIALING

See [FPU-5.0002AP Faculty Credentialing Policy](#)

## 6.4 FACULTY ASSIGNMENT OF RESPONSIBILITIES

The assignment of responsibilities to faculty members is one of the mechanisms by which the University establishes its priorities, carries out its mission, and creates opportunities to increase the quality and integrity of its academic programs. The University approaches faculty assignments in the spirit of equity and fairness. Teaching, research, and service are integral parts of a faculty member's assignment. Ideally, interaction between teaching, research, and service will occur and each will enhance and complement the other.

The University recognizes that there are legitimate differences in faculty development needs within the academic community, in interests and areas of expertise among faculty members, in conventions among academic disciplines, and in academic program needs. A prescriptive, rigid and uniform formula that inflexibly dictates annual workloads for individual faculty is not conducive to responding to these differences. This policy is intended to provide assignment flexibility, allowing for shifts in the emphasis placed on teaching, research, and service throughout a faculty member's career.

Faculty members receive their assignments of duties and responsibilities, in writing, from the University prior to the beginning of each new semester. Assignments generally include instruction, research, and service activities; however, research and service may be assigned on a more flexible basis.

See [FPU-6.01222AP Faculty Assignment of Responsibilities](#)

See [Collective Bargaining Agreement](#) Article 7, sections 1 and 2, Assignment of Responsibilities

### 6.4.1 Considerations in Assignments for Faculty

In accordance with Section 1012.945, Florida Statutes, full-time teaching faculty members who are paid wholly by state funds shall teach a minimum of twelve (12) classroom contact hours per week. The University and UFF recognize that the Legislature has described the minimum full academic assignment as twelve (12) contact hours of instruction or equivalent research/scholarship/creative activity and service. The University and UFF also recognize that professional obligations undertaken by a faculty member will often be broader than that minimum. The University also recognizes that, to ensure quality of instruction and provide opportunities for appropriate professional development, faculty should be assigned more than twelve (12) credit hours of work in a fall or spring semester only in unusual circumstances.

- a) Any assignment of responsibilities that exceeds fifteen (15) credit hours in a fall or spring semester will be considered an overload.
- b) Any assignment that exceeds twelve (12) credit hours in teaching (classroom instruction and teaching buyouts) for a fall or spring semester will be considered an overload.
- c) When making assignments, the Chair should consider a credit hour of independent research or service as roughly equivalent to three (3) to four (4) hours of work per week over a fall or spring semester.
- d) Subject to the provisions of this Agreement, the University has the right to determine the type of duties and responsibilities that comprise the professional obligation and to determine the relative proportion of effort a faculty member may be required to expend on the various components.
- e) Faculty will be provided an opportunity to express their preference for courses that they would like to teach and preferred schedules for delivery that adhere to University established course scheduling standards. The Chair, or in the absence of Chair, the Director or Provost will consider these requests

in addition to other considerations such as workload assignment fairness, providing an appropriate learning environment for students, upholding appropriate academic standards, and facilitating student success when assigning courses and other responsibilities.

- f) The Chair shall inform the faculty member of their course and service assignments and shall offer the faculty member the opportunity to discuss their overall course and service assignments.

To the extent feasible, each faculty member will be given assignments that provide equitable opportunities in relation to other faculty members, to meet required criteria for annual evaluations, reappointment and promotion.

See Section [1012.945, Florida Statutes](#)

See [Collective Bargaining Agreement](#) Article 7, Assignment of Responsibilities

## 6.4.2 University FARE Form

The Florida Polytechnic University Faculty Assignment of Responsibilities and Effort Report (FARE Form) was developed in order to comply with the Standard Practice for the Instructional and Research Data File and 12 Hour Law. The FARE Form is the University's official record of a faculty member's activities for each term (form maintained by the Office of Academic Affairs).

As the official record, the University uses these reports in a number of different ways. The University submits this data to the State as documentation of faculty productivity in the areas of teaching, research, and service. Additionally, the FARE Form also serves as record of faculty effort devoted to externally funded contracts and grants. Each FARE Form must be signed by the faculty member and the Provost or designee and shall be maintained in the Office of Academic Affairs in the faculty members' official personnel files.

FARE Forms shall be completed and submitted to Academic Affairs no later than two (2) weeks after the start of each semester. In addition, each FARE Form shall be updated and certified by the faculty member at the end of each academic term to include the individual faculty member's actual activities for the term.

See FARE Form

See Chancellor's Memo - Standard Practice for the Instructional and Research Data File

## 6.5 DISABILITY ACCOMMODATIONS

### 6.5.1 Employee Reasonable Accommodations

Upon request, the University provides reasonable accommodations to persons with disabilities. Under the employment provisions (Title I) of the Americans with Disabilities Act or ADA (PL 101-336), employers are required to provide "reasonable accommodation" as a means of overcoming unnecessary barriers that prevent or restrict employment opportunities for otherwise qualified individuals with disabilities.

The ADA defines a qualified individual with a disability as a person who "satisfies the requisite skill, experience, education, and other job-related requirements of the employment position such individual holds or desires and who, with or without reasonable accommodation, can perform the essential functions of such position." The term "reasonable accommodation" means a modification or adjustment to the job, the work environment, or the way things usually are done that enables a qualified individual with a disability to enjoy an equal employment opportunity. Essential functions are, by definition, those that the individual who holds the job would have to perform, with or without reasonable accommodation, in order to be considered qualified for the position.

It is the intent of Florida Poly to extend reasonable accommodation to the known limitations of qualified persons with disabilities who are employees or applicants for employment, in order that these individuals may perform the essential functions of a position and/or participate in the employment application process. In general, it is the responsibility of the applicant or employee with a disability to inform the University that an accommodation is needed in order for him or her to participate in the application process, to perform the essential job functions, or to receive benefits and privileges of employment.

All requests for accommodations will be evaluated on an individual basis to determine the appropriateness of the request. Moreover, employment opportunities will not be denied because of the need to make reasonable accommodations to an individual's disability. To request a reasonable accommodation, contact Human Resources if you are an applicant, or your immediate supervisor if you are an employee, and make your request known.

#### *Notification of Special Needs for an Emergency Situation*

Individuals are encouraged to report any special needs to their supervisor and the Human Resources Department to ensure that the required needs are satisfied in an emergency situation. The employee should make arrangements with his or her department if the employee will need assistance in exiting a building during an emergency.

## 6.5.2 Faculty Role in Accommodations for Students

The University, through the Office of Disability Services (ODS), facilitates reasonable accommodations for students with disabilities so that such students can participate and enjoy the benefits and privileges of University programs, services and activities. Reasonable accommodations may include academic adjustments, auxiliary aids, and reasonable modifications as long as such modifications do not fundamentally alter the nature of a service, course, program or activity or would result in undue financial or administrative burdens.

If a student wishes to receive an accommodation, the student must self-identify, register with the ODS as the first point of contact, and follow the procedures for an accommodation request and assessment. It is the student's responsibility to submit the Accommodation Request Form to ODS or to request a specific service from ODS in a timely manner. Registration with ODS is only required once but students must request accommodations each semester during which they want to use them.

For assistance with understanding and administering accommodations, faculty are encouraged to reach out to the Office of Disability Services.

See also [FPU-3.0041AP Student Requests for Disability Services](#)

## 6.6 GENERAL EMPLOYMENT INFORMATION

### 6.6.1 Compensation

**Paydays.** University employees are paid on a semi-monthly pay cycle. Pay dates fall on the 15th and last day of the month. If either the 15th or the last date of day of the month falls on a weekend day, then the preceding Friday will be the pay date.

**Paychecks.** The University strongly encourages direct deposit. Your pay will be deposited directly into the account you create in Workday during your onboarding process. No paper copies of pay slips will be provided, as they can be printed directly from Workday.

Federal income and Social Security taxes are deducted each pay period. You may request other deductions from your pay such as payments for insurance plans, tax sheltered annuities, parking and voluntary contributions to the Florida Poly Scholarship Fund.

Once you receive your first pay, please verify that all the information is accurate; particularly your benefit deductions (if applicable). Contact the Payroll Department immediately if you have any concerns about the information on your pay slip.

Support employees and non-exempt employees' pay is based on an hourly rate times the number of hours submitted in a workweek. Florida Poly's standard workweek is Friday to Thursday. If an employee physically works over 40 hours in a workweek, those hours over 40 will be calculated as overtime at one and a half times the hourly rate. Support employees and non-exempt employees must obtain approval from their supervisor prior to working overtime.

Exempt employees' pay is based on an annual rate. Semi-monthly rates are calculated by dividing the annual rate by 24 (the number of semi-monthly pay cycles in a calendar year).

Please note: Prompt completion of your new hire paperwork and the Workday onboarding process will ensure prompt payment of your wages. It's critical that your personal information in Workday is verified and any changes be made by you in a timely manner.

**Visa Status.** An employee's visa status affects appointment eligibility as well as withholding for federal, Social Security and Medicare (FICA) taxes. Employees who fail to provide their departments with copies of their past or current visa documents are responsible for paying their respective tax liability.

The Foreign National Tax Information Form and the I-9 must be completed and sent to the Human Resources Department if there is an extension or change of status for the employee. An employee will not be put on payroll without the report from the Human Resources Department. Employees are encouraged to consult with their own tax advisers concerning their visa and tax status.

## 6.6.2 Florida Poly ID Cards

The Florida Poly ID card is the official picture ID card of Florida Polytechnic University. All students and employees are required to have a Florida Poly ID Card. In addition to the card being your official identification card, this card is also your "key" to accessing many of the buildings and rooms on campus. Please store this card in a safe place at all times. Should you lose your ID card, please contact Business & Auxiliary Services as soon as possible to obtain a replacement. You will be charged \$15 for a replacement card.

Please Note: Business & Auxiliary Services is not able to produce an employee ID card prior to receiving the appropriate authorization from Human Resources. Accordingly, please wait until you have been contacted by a member of Business & Auxiliary Services to have your photo taken for the ID card.

## 6.6.3 Parking on Campus

Permission to park is granted equally and regulated by rule adopted by the Florida Polytechnic University Board of Trustees. All parking fees are set by the Board.

For more information on parking on campus and to purchase a parking permit, please visit the University's website.

See [6C13-1.003 Parking on University Property](#)

## 6.6.4 Benefits Enrollment

All benefit-eligible employees have the opportunity to enroll in state benefit plans. (See the “University Benefits” section below for details.) Please note that new employees must complete the enrollment process themselves by going online to the People First web site within 60 days of becoming employed in the benefit-eligible position or will otherwise have to wait until the next open enrollment period occurs. See section 6.8 below for more information.

For more information on benefit enrollment, please contact Human Resources.

See [Collective Bargaining Agreement](#), Article 13, Benefits

## 6.6.5 Cell Phone Allowance

Employees who are required to maintain and carry a cell phone for work may be eligible to receive a cell phone allowance. Your supervisor is responsible for determining which employees are required to maintain and carry a cell phone to perform their University duties, and are therefore eligible for a cell phone allowance to assist with the cost.

For more information regarding cell phone allowances, please contact your immediate supervisor or Human Resources.

See [FPU-6.0005P Cell Phone Allowance](#)

## 6.6.6 Employee Dress Code

All employees are expected to dress professionally and in a manner consistent with the University environment. It may be appropriate for certain University departments to develop their own dress code in accordance with the University’s public interests. Any dress code established by an individual department will be enforced consistently within that department. It is recommended that you talk with your supervisor about what type of dress is considered appropriate for your work area.

See [FPU-6.006P Florida Polytechnic University Dress Code Policy](#)

## 6.6.7 Official University Travel

Employees who intend on traveling for official University business must have approval from the Provost or Provost’s designee and complete a travel authorization in Workday prior to their departure and before accruing any nonrefundable fees or expenses related to the request. With the granting of approval by the designated supervisor, employees may be reimbursed, within limits, for certain costs of travel on official University business. Such costs must be submitted through a Spend Authorization in Workday. An approved Spend Authorization is necessary in order for an employee to be eligible for coverage under Worker's Compensation while traveling on business.

Employees who are traveling on official University business are subject to the applicable requirements and restrictions governing travel by state employees, as provided in Florida Statutes, Sections 112.061, 1004.22, 1011.90 and 1012.06 and with export control requirements. Employees are responsible for ensuring compliance with these provisions while traveling on official University business.

If an employee uses his/her personal car for approved travel, the employee will be reimbursed at the current official mileage rate. The designated departure and return times are used for calculating per diem.

**Hours Worked while Traveling on Official University Business.** Travel to and from an employee’s home to the employee’s regularly assigned work location cannot be counted as hours worked. If a non- exempt

employee is required to work outside his or her scheduled hours of work for the day, the employee will be credited with the additional actual time worked. The additional actual time worked will include the travel time from the employee's home to the assigned work location, the time spent working at the location, and travel time from the assigned work location back to the employee's home or a minimum of two additional hours of work—whichever is greater.

An employee may be required to attend a meeting or conference or otherwise work at an out-of-town location as part of their employment with the University. During such times, the official travel time that occurs either during or outside of the employee's normal work schedule is considered time worked. If official travel time results in a non-exempt employee exceeding 40 hours in the work week, the employee must be compensated for overtime according to standard overtime policies.

Please direct questions about University travel to the Human Resources department.

**International Travel.** International travel for official University business requires specific approval by the Vice President of the employee's department or designee prior to the commencement of the travel. International travel requests should be prepared well in advance to allow time for processing and must comply with any export control requirements.

See [Collective Bargaining Agreement](#) Article 19, Travel

## 6.6.8 Attendance

When you are hired at Florida Poly, you accept the responsibility to work each day as scheduled. As a general guideline, you will be considered excessively absent if your absences are impacting the efficient operation of your department. Excessive absenteeism may lead to disciplinary action, up to and including termination.

If you are unavoidably absent from your job ( absent for reasons other than for the preapproved use of annual or sick leave ), it is your responsibility to let your supervisor know of the circumstances of your absence as soon as possible on the first day of your absence and when you expect to return to work. If your anticipated return date changes, you must keep your supervisor informed.

Please note: An employee who is absent without authorization for three or more consecutive workdays may be considered to have abandoned his or her position and to have voluntarily resigned from the University.

## 6.6.9 Breaks for Nursing Mothers

See [FPU-6.0131P Break Time for Nursing Mothers](#)

## 6.6.10 Work Hours

As faculty are central to the University's academic mission, their presence on campus is strongly encouraged, not only for fulfilling their teaching obligations, but to meet the University or departmental standards for office hours and be broadly available to assist students, the department, and participate actively in service roles.

A work week for academic professionals will consist of a minimum of forty (40) hours. The University recognizes that professional obligations undertaken by academic professionals will often require more than that minimum.

- a) The University has the right to determine the type of duties and responsibilities that comprise the professional obligation of an academic professional.

- b) In making assignments, or adjustments to assignments, the University shall consider the needs of the unit and such non-teaching academic professionals' preferences, qualifications and experiences, and professional development interests.

See [Collective Bargaining Agreement](#), Article 7. Assignment of Responsibilities, point 2.

### 6.6.13 Certifying Time Worked

Faculty must certify their time worked in Workday every two weeks. Faculty are not required to certify time worked over the summer unless they have a summer assignment.

Please direct questions about overtime compensation to Human Resources.

### 6.6.15 University Holidays

The following holidays are observed by the University. All offices in which functions can be discontinued temporarily are closed on these days:

New Year's Day	Veteran's Day
Martin Luther King Day	Thanksgiving Day
Memorial Day	Friday after Thanksgiving
Independence Day	Christmas Day
Labor Day	Winter Break

When a holiday falls on Saturday, the preceding Friday will be observed as a holiday; when a holiday falls on a Sunday, the following Monday is observed as the holiday.

See [FPU-1.008 University Holidays](#)

See [FPU-1.0081P Compensation Related to University Holidays](#)

### 6.7.1 Annual Leave

Annual leave is not earned by faculty on a 9-month contract.

For all others, annual leave is earned on the last day of each pay period in proportion to the amount of time in paid status. There is no waiting period for using annual leave. Once annual leave is posted to the balance, employees may request to use it. However, requests for annual leave should be submitted to the supervisor in advance and taken only after the supervisor's approval has been received. Annual leave may be used only up to the regular FTE, not to exceed the 40-hour workweek.

Hours Accrued During Pay Period:

	SEMI- MONTHLY	YEAR-END MAXIMUM	MAXIMUM PAYOUT
FACULTY	7.3125	352	352
ADMINISTRATIVE	7.3125	352	352
EXECUTIVE SERVICE	9.75	480	480
SUPPORT (Months of service)			
0-6	4.3334	240	240
6-120	5.4167	240	240
Over 120	6.5000	240	240

Employees may accrue annual leave throughout the year. However, any accrued hours in excess of 240 hours for Support employees, 352 for Faculty and Administrative employees, and 480 hours for Executive Service employees will convert to sick leave hours at the end of the pay period in which December 31 falls.

Annual leave transfers with the employee if he or she moves to other benefits-eligible positions within Florida Poly.

See [FPU-6.004 Annual Leave](#)

## 6.7.2 Sick Leave

Sick leave is earned on the last day of each pay period in proportion to the amount of time in paid status. There is no waiting period for using sick leave. Once sick leave is posted to the balance, employees may request to use it. Earned sick leave may be approved for time off from work because of exposure to a contagious disease that may endanger others, personal visits to doctors or dentists and for personal illness. Sick leave may be used only up to the regular FTE, not to exceed the 40-hour workweek.

Sick leave transfers with the employee if he or she moves to other benefits-eligible positions within the University.

### *Sick Leave and Classes*

Faculty should make every effort to ensure that in the event they must take sick leave instructional time is covered. As circumstances are often unforeseen, this requires pre-planning and departmental effort to ensure that appropriate protocols are in place. Faculty are responsible for following these protocols to the best of their ability relative to the conditions for which they are taking leave. Only as a last resort should a class meeting be canceled due to sickness.

See [FPU-6.005 Sick Leave](#)

## 6.7.3 Sick Leave Pool

The University's Sick Leave Pool is a way for employees to contribute a portion of their individually accrued sick leave for collective use of the members. Leave-accruing employees who have at least 64 hours of sick leave on balance may apply to join the Sick Leave Pool during the Open Enrollment period in October/November. Membership is approved if the criteria are met. Once membership is approved, full-time employees contribute 8 hours of sick leave automatically to the Sick Leave Pool. All figures associated with the sick leave pool are figured on a prorated basis for part-time employees.

Members of the Sick Leave Pool who have exhausted all their accrued leave (sick, annual, etc.) may apply for hours from the pool in the event of a personal catastrophic illness or injury. Catastrophic injury or illness is defined as "a severe condition or combination of conditions affecting the mental or physical health of the employee that has resulted in a life-threatening condition and/or has had a major impact on life functions."

See [FPU-6.006 Sick Leave Pool](#)

## 6.7.4 Administrative Leave

Administrative leave is leave with pay that is not charged against individually accrued leave balances. It is designed to keep employees in full pay status under certain circumstances and typically can be granted only in the amount necessary to the regular FTE, not to exceed the 40-hour workweek.

University employees may be granted administrative leave in specific enumerated circumstances such as jury duty or Florida disaster volunteer leave.

See [FPU-6.007 Other Types of Leave](#)

## 6.7.5 Family and Medical Leave Act (FMLA)

Covered employees may take up to twelve weeks of unpaid leave under the Family and Medical Leave Act of 1993. This leave is permitted for either a serious health condition of the employee, the birth or adoption of a child by the employee, to care for a spouse, child or parent of the employee who has a serious health problem, or to care for a member of the military.

Whenever possible, employees must provide at least thirty (30) days' notice of their intent to take this leave. If thirty days' notice is not practicable, then the employee must provide as much notice as possible.

Please consult Human Resources for specific terms and conditions of this leave, or if you think you may be in need of this type of leave.

See [FPU-6.0071P Family and Medical Leave of Absence](#)

## 6.7.6 Other Types of Leave

Other types of leave may include:

- Bereavement Leave
- Compulsory Leave
- Military Leave
- Workers Compensation Leave
- Domestic Violence Leave
- Personal Holiday (for support employees only)

See [FPU-6.007 Other Types of Leave](#)

See [Collective Bargaining Agreement Article 10, Leaves](#)

# 6.8 UNIVERSITY BENEFITS

Your benefits can represent a significant portion of your overall compensation, based on the elections you've made. As your employer, Florida Poly picks up a large percentage of the overall cost of some types of insurance, particularly health and basic life, resulting in your paying lower premiums. A variety of other supplemental plans, which are strictly employee-paid, are also available.

## 6.8.1 Benefits Enrollment

### State/People First Plans

Within a few weeks of your employment, a People First ID (PFID) will be mailed to your home address along with password information. The PFID is assigned by the state.

Your PFID is your permanent identifier that will allow you to:

- Enroll in your selected benefits
- View benefits during the year
- Make qualified status changes
- Make other adjustments to your benefits during the annual Open Enrollment periods

Your premiums and deductions for benefits will be established based upon your enrollment decisions.

New employees and those experiencing a qualifying status event must complete enrollments through the People First portal or by calling the People First service center at 1-866-663-4735.

### **Eligibility**

All active, permanent, full or part-time Florida Poly employees qualify for coverage under the State of Florida Insurance Programs. Employees who work less than .75 FTE (full-time equivalency) pay a prorated share of the cost for the health and basic life plans. Typically, .75 FTE equates to 9 credit hours.

Certain variable hour and OPS employees qualify for the State's Insurance Program. OPS employees who regularly work 30 hours/week or more may enroll in the state's plans upon hire. OPS employees are eligible to participate in a majority of the state plans with the exception of Optional Term Life, Medical Reimbursement and Limited Purpose Reimbursement Accounts. Employees will be notified of their eligibility for state plans by the state.

All eligible employees should review the Marketplace Notice included in the appendix section of the Description Employee Benefits Package administered to new employees upon hiring. The Marketplace Notice is required under the Affordable Care Act and provides employees additional information about affordable health plan options that are available through the Marketplace or Health Care Exchanges.

### **Coverage for Dependents**

Dependents eligible for State of Florida sponsored plans include:

- Employee's spouse
- Employee's children through age 30\* (natural, adopted, step, foster, and those for whom the employee has legal guardianship)
- Employee's disabled children beyond age limits; incapable of self-sustained employment; dependent for financial support
- Employee's eligible dependent's newborn child for 18 months after birth, or until eligible dependent who is the infant's parent no longer qualifies as a dependent, whichever comes first

\*Eligibility of dependent children ages 19 through 30 include:

- Family Coverage Tier: Children age 19 through the end of the calendar year in which they turn 26, are covered under the regular "family plan"
- Optional Over-Age Coverage: For health insurance only—coverage for children age 26 through the end of the calendar year they turn 30 may be purchased at an additional premium if they:
  - A, are not married,
    - have no dependents (i.e., children, domestic partner),
    - are dependent for financial support,
    - are not provided or otherwise have available health insurance,

And

- B. Either live in Florida or are a student in another state.

The eligibility requirements listed above apply to the State of Florida-sponsored plans.

### **Spouse Program**

An eligible employee whose spouse works in a benefits-eligible position for a State of Florida government agency may enroll in the health insurance Spouse Program. This program combines the state's matching portion of each member's insurance premium, providing health insurance at a minimal cost provided that both employees are in full-time, benefits eligible positions. Should one spouse terminate employment with the State

of Florida—or in the event of a divorce, change in FTE, or leave of absence—the employee must notify People First of the event within 60 days of the event.

### **Open Enrollment**

Open Enrollment is a period of time when employees have an opportunity to make additions, changes or deletions to their elected benefit options. During this time, Open Enrollment communications provide information to employees regarding critical dates, new plan options, or other important changes for the upcoming plan year. After the Open Enrollment period begins, employees may access the People First enrollment system 24 hours a day to make necessary changes. Benefit elections can be made throughout the Open Enrollment period, however once the Open Enrollment period ends, all of the employee's elections in the system are final and coverage for the elections will begin on the following January 1. The Open Enrollment period generally varies from year to year and usually occurs around mid-October to November. For specific dates, check with the Human Resources Department each fall.

### **Qualifying Events for Changing Coverage**

Under certain circumstances, you may be allowed to make changes to your benefit elections during the plan year. Within 60 calendar days of the qualified event date, you must make these changes through the People First portal or by calling the People First service center at 1-866-663-4735.

Qualifying status changes/events include:

- Employee gives birth to, adopts, or becomes the legal guardian of a child (employee must add each child even if the employee already has family coverage)
- Employee gets married or divorced
- Employee's spouse or dependent dies
- Employee's employment is changed from full-time to part-time or from part-time to full-time
- A change in employee's spouse's employment status (resulting in a gain or loss of other coverage)
- A change in dependent's eligibility for benefits
- Termination of employee's employment

The employee may be required to submit documentation for certain events and such documents must be consistent with the requested benefit change. Outside of the 60-day qualifying status change window, changes to an employee's plans are limited to the annual Open Enrollment period.

## **6.8.2 Health Benefits**

Benefit Eligible employees may choose from several health insurance plan options.

Current available state health plans include:

- Preferred Provider Organization (PPO) Plans
- Health Maintenance Organizations (HMO) Plans
- Health Investor (High Deductible) PPO or HMO Plans
- Health Savings Accounts
- State Prescription Drug Program
- Flexible Health Spending Accounts

No matter which plan you choose, health insurance premiums are deducted on a pre-tax basis unless you request post-tax deductions through a state pre-tax waiver. Please note that coverage is NOT effective until AFTER you receive your insurance cards from the companies.

The State of Florida makes a variety of other health insurance and benefit programs available to eligible employees. For more information, please visit: <http://www.myflorida.com/MyBenefits/Health/Health.html>.

## 6.10 EMPLOYEE PERFORMANCE & CONDUCT

### 6.10.1 Disciplinary Action

Employees are subject to disciplinary action, up to and including discharge, for just cause, including but not limited to, for violating University procedures, policies, rules, and regulations, contract provisions, personnel directives, and/or general orders. Due process shall be provided prior to any final decisions regarding disciplinary actions (excluding oral reprimands). Employees shall be provided notice and a written statement of any disciplinary action taken (excluding oral reprimands).

**Just Cause.** Discipline of bargaining unit employees shall be for just cause. Just cause is defined as:

- (a) incompetence; or
- (b) misconduct

**Progressive Discipline.** Disciplinary actions shall be progressive. Certain actions by their nature may be severe enough, however, to justify deviating from progressive disciplinary principles, and result in immediate discharge of employment or other disciplinary action. Forms of discipline may include, but are not limited to:

- (a) oral counseling;
- (b) written reprimand;

- (c) suspension without pay; and
- (d) discharge of employment.

**Review of Personnel Files.** Employees shall have the right to review their official personnel file upon request. The employee shall have the opportunity to submit a written statement responding to any written reprimand issues. The employees' responding statement will be entered in the personnel file included with the written reprimand.

**Investigations.** When an employee is questioned by management, and the employee reasonably believes that the questioning may lead to disciplinary action, the employee has the right to request that a union representative be present at the meeting. When an employee requests union representation pursuant to this section, and no union representative is immediately available, the University shall postpone the meeting until a representative is available, cancel the meeting, or at the employee's option, continue the meeting without a representative.

**UFF Representation.** UFF determines representation per its governing documents. The UFF does not represent bargaining unit employees who are not members in good standing at the time of an alleged incident.

For additional information about disciplinary issues, please consult Human Resources.

See [Collective Bargaining Agreement](#) Article 9, Discipline

## 6.10.2 Employee Grievance Process

Florida Poly encourages informal resolution of grievances and complaints whenever possible. Your immediate supervisor is available to help you resolve any work-related concerns or misunderstandings. Should this type of informal resolution be unsuccessful, you may choose to initiate a formal grievance or complaint. Please contact the Human Resources department for assistance.

See [FPU-6.0011P Employee Grievance Procedure](#)

See [Collective Bargaining Agreement](#) Article 11, Grievance and Arbitration Procedure

## 6.11 EMPLOYEE SAFETY

### 6.11.1 Background Checks

See [FPU-6.011 Employee Criminal Background Checks](#)

### 6.11.2 Drug-Free Workplace

See [FPU- 1.0036P Drug-Free Environment](#)

### 6.11.3 Workers' Compensation

Florida Poly is committed to providing a safe and healthy environment in which faculty, staff and students may work and study. In order to help uphold this commitment, the Department of Facilities and Safety Services is responsible for informing the Florida Poly community of the general safety training that is required of employees.

As a University employee, you will want to practice good safety habits and observe appropriate precautions at all times for the protection of yourself and others. Even then, accidents and injuries on the job can happen. If

you sustain a work-related injury, your medical expenses and a portion of your earnings may be covered under the Florida Poly Workers' Compensation program.

### **What to Do If You Are Injured While Performing Your Job**

1. Notify your supervisor immediately. You/your supervisor must then contact the Human Resources department. An incident report will need to be completed.
2. If you require medical attention, contact Human Resources prior to going to a medical care provider. Human Resources will assist you getting the medical attention that you may need.
3. To obtain authorization for Workers' Compensation claims, employees need to contact AmeriSys at 1-800-752-0886. They will be asked a series of questions about their work-related injury and then will be instructed on which medical facility to go to for services.
4. When you arrive at an authorized medical care provider's facility, be prepared to show proof of identification.
5. Provide both your supervisor and HR with medical documentation of your initial work status and any subsequent changes to it. Your authorized medical care provider must support, in writing, all injury-related time away from work.
6. Contact your supervisor daily, or according to a schedule established by your supervisor, in order to keep him/her informed about your current work status, ongoing treatment and prognosis for recovery.
7. Attend all of your scheduled medical appointments.
8. When an authorized medical care provider releases you to return to work (regardless of your assigned limitations or restrictions), you must be willing and able to return to the workplace.

**For more information regarding Workers' Compensation, please contact the Human Resources department.**

## **6.12 WORKPLACE VIOLENCE**

See [FPU-6.0024P Workplace Violence](#)

# **VII. ACADEMIC POLICIES & PROCEDURES**

## **7.1 ACADEMIC INTEGRITY**

Florida Poly is committed to a policy of honesty in academic affairs. Academic dishonesty is considered a serious breach of ethical standards in the academic environment and because it interferes with the University's mission to provide a high quality education in which no student enjoys an unfair advantage over any other. Dishonesty is also destructive of the University community, which is grounded in a system of mutual trust and places high value on personal integrity and individual responsibility. All of us in the Florida Poly community are responsible for discouraging academic dishonesty by taking preventative measures and by insuring that appropriate action is taken when irregularities are discovered.

Florida Poly students are expected to maintain the highest ethical standards in order to prevent academic irregularities, which frustrate the efforts of both the faculty and serious students to meet university goals. Since faculty, students, and staff have a stake in these goals, all must be responsible for discouraging academic irregularities by taking preventative measures and by insuring that appropriate action is taken when such irregularities are discovered. Thus, Florida Poly Regulation [FPU-5.005 Academic Integrity](#) that requires a faculty

member, student, or staff member to notify an instructor when there is reason to believe an academic irregularity is occurring or has occurred in a course. The faculty's duty is to properly investigate any reasonable allegation and to take the necessary action where it is deemed appropriate, in accordance with the University's regulations and policies.

Faculty are expected to lead by example and demonstrate the highest regard for academic integrity. See above, 6.2.10 Professional Ethics

See [FPU-5.005 Academic Integrity](#)

## 7.2 ACADEMIC CALENDAR

The Florida Poly Academic Calendar defines each semester's and summer session's beginning and ending dates, as well as any important dates or deadlines. Classes must be scheduled and held in conformity with the academic calendar in order to assure that each class meets for the minimum amount of time required by the state. Any deviation from the calendar, such as starting a course later or concluding it sooner than the date indicated in the calendar, requires prior, written approval from the Provost/designee. Instructors are required to provide all students enrolled in a course with sufficient notice of any deviations from the course schedule provided in the academic calendar.

See [Academic Calendar](#)

## 7.3 TEXTBOOK ADOPTION

Course textbooks and instructional materials must be adopted in compliance with the requirements provided by both federal and state law. These requirements regarding textbook adoption and affordability have been imposed with the intended goal of reducing the expense of instructional materials to students by providing them with the necessary information on required purchases with sufficient time to shop for the best prices.

Faculty members may require students in their classes to buy course manuals, study guides, and other materials prepared by the faculty member so long as the faculty member complies with all applicable copyright laws. Such materials may be produced and sold by the copy center or bookstore on campus. The fee charged to students for such materials shall not exceed the cost of producing and distributing the material and must be approved by the Provost or Provost's designee.

Textbooks and course pack information required for use in a course will be posted in a single online location for students no later than forty-five (45) days prior to the first day of class for each term.

Textbook orders are to be placed through departmental offices no later than the provided deadline, which is approximately twelve (7) weeks prior to the start of the term. Only in rare circumstances are changes to textbooks allowed after this date subject to Provost approval.

The Bookstore will order all required texts and shall make them available for purchase by students for the upcoming term. Although all required textbooks and course pack information may be obtained at the university bookstore, students may choose to purchase their instructional materials from any vendor.

### 7.3.1 Use of Faculty-Authored Textbooks

Since University faculty members are expected to be experts in their disciplines, the best textbook for use in a class may be one written by the course faculty member. A faculty member may select a textbook he or she has written for use in the course provided that the textbook has been published by a nationally recognized,

commercial book company. Any faculty member who is instructing a course and wishes to use a text that he or she has authored is required to obtain prior written approval from the Provost.

### 7.3.2 Textbook Adoption Procedure

Per Florida Statute and Board of Governors' regulations on textbook affordability, textbooks must be posted 45 days prior to the start of the term. To the fullest extent possible, faculty must plan ahead, coordinate with their department chairs and administrative assistants to ensure that this deadline is met. The Office of the Provost works with departmental administrative assistants to facilitate the timely ordering of textbooks. Faculty may submit their order directly to their administrative assistant or by entering their textbook information into the bookstore's FacultyEnlight System.

For the most part, faculty have wide latitude to select textbooks and instructional materials they deem appropriate to effectively deliver the course content. Where possible, faculty are encouraged to collaborate on choices that impact core courses in a curriculum and have implications for pre-requisites. Textbook choice may also be informed by a department's course assessment and evaluation process.

In situations where there are multiple sections of the same course, department faculty have the responsibility to select a uniform text book as a group. In the event the department faculty are unable to do so, or desire to utilize differing textbooks, prior authorization from the Provost or designee is required. Special topics classes are excluded from this requirement.

Textbook orders are to be placed through departmental offices no later than the provided deadline, which is approximately twelve (7) weeks prior to the start of the term. Only in rare circumstances are changes to textbooks allowed after this date subject to Provost approval.

See [FPU-5.003 Textbook Adoption and Affordability](#)

See Section [1004.085, Florida Statutes](#)

See [Collective Bargaining Agreement Article 5](#), Section 2(a)2, Academic Freedom & Responsibility

## 7.4 ACADEMIC CREDIT

Florida Poly's academic schedule consists of two semesters (fall and spring), and the summer term. University regulation and federal law states that the amount of academic credit that counts toward a student's accrual of credit hours toward graduation is stated in terms of academic "credit hours." A credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than:

1. One hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately fifteen weeks for one semester or the equivalent amount of work over a different amount of time; or
2. At least an equivalent amount of work as required in paragraph (1) of this definition for academic activities as established by the institution including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.

See [FPU-5.0003AP Credit Hour Policy](#)

## 7.4.1 Noncredit Coursework Equivalent

Florida Poly does not typically award credit or credit equivalencies for course work taken on a noncredit basis. Transfer credit awarded on a non-credit basis from another institution will not be accepted by Florida Poly unless approved according to BOG Regulation.

See [FPU-5.0082AP Transfer of Credits Policy – Undergraduate](#)

See [FPU-5.0083AP Transfer of Credits Policy – Graduate](#)

See [BOG Regulation 6.020](#)

## 7.5 ACADEMIC STANDING

The University has established minimum academic standards to which all students must adhere. Academic standing defines academic progress as it is indicated on student records, and how the status will affect a student's academic standing is denoted on his/her student record. The University Registrar will notify students of a change in academic standing via email.

See [FPU-5.0074AP Academic Standing \(Undergraduate\)](#)

See [FPU-5.00744AP Graduate Academic Standing, Academic Dismissal, and Readmission](#)

## 7.6 DROP/ADD

Students may drop and add courses up to the end of the drop/add period, which is notated on the Academic Calendar for each semester. Students are responsible for all fees for courses remaining on their schedule after the drop/add period.

Faculty may not administratively withdraw students from their classes.

See [FPU-5.0101AP Course Drop / Add](#)

## 7.7 CLASSROOM POLICIES

Faculty members may not cancel classes at their own discretion. In the event that extraordinary circumstances require a faculty member to miss a scheduled class meeting, he or she must notify the Department's Administrative Assistant (whenever possible, prior to the scheduled class meeting) and arrangements must be made to make up for the lost class time. In the event of a hurricane or other emergency, classes will be cancelled only if the University is officially closed.

In most cases, classes must meet during the scheduled Final Exam period. Courses may not end prior to the scheduled end of the term except in exceptional circumstances, and then only with prior, written approval from the Provost/designee.

## **7.8 CLASSROOM REQUESTS**

Classrooms for academic courses are assigned each semester when class schedules are submitted by departments. Instructors may indicate preferences for a particular location or a specific classroom for consideration.

Instructors wishing to change their classroom assignment for the term should contact their Department Chair to make arrangements with scheduling. Because a room change will affect the online schedule, the request for a change in classroom assignment may only come from the Department Chair to the Registrar. Instructors must ensure that all students enrolled in the course are sufficiently notified of any changes to the assigned classroom.

## **7.9 THE USE OF TECHNOLOGY TO ENHANCE STUDENT LEARNING**

Florida Poly is committed to enhancing instructional technology resources and to preparing its students to thrive in a technology-rich work environment. To that end, the University employs information technology in creative, experimental, and practical ways for the delivery of instruction, for administrative and information management, and for student access and support. This commitment includes engaging faculty and students in the strategic planning and decision-making process for instructional technology acquisition and implementation.

## **7.10 FEES FOR COURSE MATERIALS AND SUPPLIES**

Proposed material fees for consumable course materials and supplies must be based on the actual costs of the materials. Such fees must be preapproved by the President and are required to be publicized in the course schedule.

## **7.11 GRADING POLICY**

The individual responsible for the assignment of grades is the instructor of the course. The grade assigned must be appropriate for the student's academic performance in the course and in accordance with grade designations outlined in policy. When a student registers for a course but fails to complete the course requirements without timely dropping the course, the student will normally receive a grade of "F" from the course instructor.

A student who is passing a course but has not completed all of the required work due to exceptional circumstances may, with the approval of the instructor, temporarily receive a grade of "Incomplete" (I). An incomplete must be changed to a grade within a specified time defined by policy. Students cannot graduate with an incomplete grade on their record.

In circumstances where an instructor fails to submit a grade for a student in a particular course by the deadline, the Registrar will enter an "NR" (No Grade Reported) on the transcript. When the instructor subsequently submits a grade to the Registrar, it will replace the NR designation. It is expected that the instructor shall submit grades prior to the deadline for submission of grades for the semester in which the course was taken.

The University specifies the scope of content that must be included in all course syllabi. Faculty syllabi are subject to review and must be submitted to the Department Chair or designee no less than five days prior to the first day of class of each semester.

See [FPU-5.0065AP Course Syllabi](#)

## 7.13 OFFICE HOURS

All faculty members are required to post office hours during which time they will be available for consultation with students. In establishing the office hour schedule, faculty should carefully consider the availability of his or her students during the scheduled times. All full-time faculty members must schedule his or her office hours so that he or she is available to meet with students on at least three (3) weekdays. Faculty members with special advising responsibilities may have additional office hours assigned. Faculty are expected to be in their office and available during these hours. Individual departments may establish a requirement beyond these minimum University requirements.

See [FPU-6.01222AP Faculty Assignment of Responsibilities](#)

## 7.14 STUDENT ATTENDANCE

Students are expected to attend all of their scheduled University classes and to satisfy all academic objectives as defined by the instructor. The effect of unexcused absences upon a student's grade is to be determined by the instructor, however, the University reserves the right to deal, at any time, with individual cases of non-attendance.

Students are responsible for arranging to make up work missed due to a valid, excused class absence, such as illness, family emergencies, military obligation, court-imposed legal obligations, or participation in University-approved activities. Examples of University approved reasons for absences include participating on an athletic or scholastic team, musical and theatrical performances, and debate activities. It is the student's responsibility to give the instructor notice prior to any anticipated absence, and within a reasonable period of time after an unanticipated absence, ordinarily by the next scheduled class meeting.

Reasonable accommodations shall be made for religious observance, practice, and belief of individual students in regard to class attendance, the scheduling of examinations, and work assignments.

Instructors must allow each student the opportunity to make up work missed, due to a validly excused absence, without any reduction in the student's final course grade because of the absence alone.

## 7.15 STUDENT WITHDRAWAL

See [FPU-5.01034AP Student Withdrawal from a Course](#)

## 7.16 READING DAYS

In order to provide students with additional examination preparation time before the commencement of final exam week, the University has sanctioned Reading Days, which are incorporated into the Academic Calendar.

See [FPU-5.0018AP Reading Days](#)

## 7.17 FINAL EXAMS

The procedure for handling student examinations varies not only among academic units, but among the faculty within those units. Faculty are expected to handle final examinations in accordance with departmental procedures for multi-course sections where a course coordinator is present. If a final exam is not a course requirement, the final exam time period should be used for other activities related to the course.

When scheduling examinations and assignment due dates, faculty members should keep in mind that undergraduate students need to have some indication of their progress prior to the deadline to withdraw from a course. Major tests or other major class events should not be scheduled on days that will be observed as holy days by a significant number of students.

Comprehensive final examinations are to be given only at the time published by the University Registrar.

### *Student Review of Exams*

While the University has no specific policy regarding student examinations, it supports a practice that every student has a right of access to review examinations. Most faculty members are willing to let the students review the test along with their answer sheets in a faculty member's office. In other cases, the faculty may choose to post a copy of the examination along with the answers.

See [FPU-5.0073AP Final Exams](#)

## 7.18 GRADE APPEALS

Florida Poly states that Faculty exercise professional judgment in determining how to assess student performance based on departmental standards and on their own student achievement expectations. A student may request a review of the final course grade only when the student believes that one or more of the following conditions apply:

- Computational or recording error in grading occurred
- Non-academic criteria applied in the grading process
- Gross violation of the instructor's own grading statement

The student is responsible for monitoring his/her grades and student email account and availing himself/herself of this process in a timely manner if the student wishes to appeal a grade. If the student fails to submit the forms and information to the designated official on or before the stated deadline, the student's appeal or further access to the grade appeal process will be denied.

See [FPU-5.00714AP Student Grade Appeals](#)

See [FPU-5.00715AP Grade Change](#)

## 7.19 COURSE EVALUATION

University regulations require that a survey be conducted in all sections of all courses with enrollments of five or more students. The survey is administered during the last three weeks of the course, except in summer when it is conducted during the last week.

## 7.20 STUDENT ACCOMMODATION REQUESTS

Florida Poly provides students with disabilities the services and accommodations needed in order to ensure that each student has the opportunity to attain the same quality of education without compromising academic integrity or altering specific course or program requirements.

## 7.23 REVIEW & ASSESSMENT

Assessment is the ongoing process of establishing clear, measurable expectations of student learning; systematically gathering, analyzing, and interpreting evidence of learning; comparing outcomes to expectations; and, using results to understand and improve student learning throughout the University.

Florida Poly is committed to assessment that is meaningful, manageable, efficient, and useful for making decisions at the department, division, and University levels. Although assessment processes are required by state regulation and regional and discipline accrediting agencies, assessment works best when guided by the curiosity and intellectual dialogue that characterize the culture of higher education.
